

Letters and Summations of Hegelian philosophy relative to new book, begun 10/12/60  
ended 1/26/61

<u>Letters</u>	<u>Pages</u>	<u>Summations</u>	<u>Pages</u>
Louis	3	PHENOMENOLOGY	
HM	4	OF MIND	14
Saul	3	(incl. 4 pp of notes to..	
JB	4	Inez & Bess)	
Saul	2	SCIENCE OF LOGIC	19
HM	6		
	<u>22</u>		<u>33</u>

To these 55 pages should be added the Leeds University Lecture on Marx's Debt to Hegel  
6 pages, and original letters back in 1953 on the Absolute Idea (5/12 & 5/20  
15 pages  
76

The 1st presentation on new book, as taken off tape by Barbara, was another 16 pages,  
and I do not know how many pages the 5 lectures given now would add up to, or if they  
will be taken off tape at all -- but some one should volunteer to listen to them over  
and over again so that she or he can summarize same in about 3 pages per lecture.  
With all this as background, and constant reading, it ought to be possible to leave  
me work full time on this for 2-3 months or the whole of Spring. One thing should  
definitely not be left out is the presentation and discussion at REB on 2/4 that will  
try to summarize the philosophic letters.

Dear Louise

① Check with Bess whether  
you have all the above letters - Please  
ask her to see the copy of the letter to Ed

② The letter to Ed which I added  
a letter to Marcuse which I added  
to turn over to you.

③ Hope you as organized  
Rep thing away from personalistic & much political  
for Paul

Do please forgive the haphazard manner & constant requests; I just have no time to write. Re letter to Spence I believe I sent copy to Olga; get it from her for file.

Yours,

*Ear*

P.S. The Professor was just here & turned money for M&F & Senghor & sub to me. Am sending money to John who always thinks we fail to inform him of all the moneys that come in, but please put name on sub list & send him Senghor's pamphlet if even you should have to give him your copy when you send away for a new one: Michael William Gural, 15 Highland St., Springfield, Mass.
