# CANADA BELONGS TO THE CANADIAN PEOPLE, NOT TO THE U.S. IMPERIALISTS!

Protected by hundreds of police and secret service agents, on June 27th, 1969, Trudeau, the prince of lackeys, greeted his master, imperialist chieftan Richard Nixon, at the St.-Lambert Locks on the St.-Lawrence Seaway. They then flew together to Man and His World to greet a so-called "new era of friendship between Canada and the United States", meaning a new era of slavishness and sell-out of Canada to U.S. monopolies by the regime of the compradors. Unable to come before the people and defend their ideas or justify their crimes, they were kept well protected and out of sight from the people. 34 illegal "preventative detentions" by the Montreal anti-subversive squad and the RCMP could not suppress the opposition to U.S. imperialism becoming known. Just as Nixon began speaking a revolutionary youth sitting among the bourgeoisie present jumped to his feet, ran forward, shouted, "NIXON ASSASSIN!", "TRUDEAU TRAITOR!" and shoved a large silk portrait of Chairman Mao in Nixon's face. Stunned by this denunciation, the whole ceremony was cut short and the two fascists quickly left in their helicopters.

## On Trudeau's Policies Of National Betrayal

### MARCH 3rd "VISIT" IS A PROVOCATION!

On Wednesday, March 3rd, Pierre Trudeau, a servile lackey of United States imperialism, is to "visit" Toronto to continue the feverish preparations of the Canadian comprador bourgeoisie to unleash a reactionary civil war against the people of Quebec.

The national liberation struggle in Quebec is at a very high level. The fascist War Measures Act - Public Order Act and the wholesale persecution of patriotic workers, students, professional people and national minorities have left the Anglo-Canadian colonialists totally divorced from the people behind a shield of police, troops and guns. Among the Quebec people it has become crystal clear that anarchism and individual acts of desperation will not light the path to national liberation. Patriotic young people are rallying to the revolutionary banner of mobilizing the masses for a protracted people's war for national salvation and genuine independence. The ruling class has been forced into passivity and is desperately making preparations to mobilize the Canadian working class and people against the Quebec national liberation struggle. This is what Trudeau will be up to, publicly in the \$50.00-a-plate "dinner" and behind the scenes in closed door conferences with local big bourgeoisie.

These last-ditch plans have already failed. The facts eloquently show that the Canadian people will rise up to support the just struggle of the Quebec people by concretely organizing against our common enemy, U.S. imperialism and the Canadian compradors here in Canada. One nation that oppresses and subjugates another can never be free. Thus, various sections of the Canadian people are now on the move. They are brewing a mighty revolutionary storm which will attack the U.S. imperialists and their lackies right in their lair. Anti-imperialism is the main trend in Canada today. This trend is so strong and deep that the Canadian compradors are resorting to widespread arrests of revolutionary anti-imperialists and communists in Canada and they openly admit they are re-organizing the repressive state apparatus to deal with the "new situation" in Canada. This "new situation" is not the quisling songs of national betrayal but the developing revolution of the Canadian working class and people against Yankee imperialist economic, political and cultural subjugation of our nation. We hail this "new situation". The progressive sections of Toronto are awaiting the "visit" of this traitor, Trudeau.

UNPRECEDENTED SELL-OUT OF CANADIAN LAND AND LABOUR TO UNITED STATES MONOPOLIES ESCALATES IN 1968 - FURTHER OPPRESSION OF THE CANADIAN PEOPLE AND FURTHER RISE OF ANTI-IMPERIALIST SENTIMENT

Since the 1968 "election" there has been on the part of the Canadian comprador ruling class 1) an unprecedented escalation of the sell-out of Canadian land and labour to United States monopoly capital and the intensification of the exploitation of the Canadian and Quebec people, 2) an unprecedented increase in fascist laws against the working class, the immigrants and national minority workers and the Canadian Indian people, and outright fascist aggression has been engineered against the national liberation struggle of the Quebec people.

To date there has been over \$50 billion invested in Canada by foreign corporations, over \$40 billion of this is United States monopoly capital. The take over of Canada and Quebec by U.S. imperialism has sharply escalated since 1968:

--Takeover of Canadian firms by foreign (i.e. U.S.) corporations--

1963 - 55	1966 - 74	1969 - 102
1964 - 87	1967 - 79	
1965 - 74	1968 - 155	

This U.S. imperialist control of Canada's economics, politics and culture; the plunder of Canadian natural resources, causes extreme hardship and oppression for the Canadian people. AN UPSURGE AGAINST U.S. IMPERIALISM AND ALL ITS FIFTH COLUMN IS RAPIDLY DEVELOPING THROUGHOUT CANADA. All the collaboration of the Canadian compradors with their U.S. masters is being attacked and all their schemes are becoming the targets of justified condemnation by many sections of the Canadian people.

Direct assistance to U.S. monopoly plunder takes many forms. In 1969, Ford Motor Company, under the cover of the "auto pact", was given a \$93 million tax subsidy. Out-right grants and low-interest, long-term subsidies to foreign monopolies from the lackey state machine in Ottawa was \$180 million between 1965 and 1969 opposed to \$178 million to Canadian monopolies. In 1970, when the Canadian dollar was "re-valued" to assist U.S. monopoly capital, imports became cheaper and exports more expensive. This is now throwing tens of thousands of Canadians out of work and American subsidiaries such as General Electric are shifting production back to the United States, causing higher unemployment and ruining many small businesses. Under the hoax of "protecting Canadian sovereignty" there are some "304 million acres in the Canada north leased out for foreign oil and gas exploration companies - 69.1% - an in-

credible give away" (Professor L. Johnson in New Canada). (97.9% of petroleum and coal products is controlled by U.S. monopoly capital. The U.S. Dept. of Commerce also has recently admitted that 94% of U.S. "foreign investment" in Canada is financed from the blood and sweat of the Canadian and Quebec working class.)

As demand in the U.S. grows, greater and greater amounts of goods must be imported. Canada inevitably has become the focus of America's need and greed:

Resource	Percentages represent proportion of total Canadian production exported to the U.S.

FASCIST VIOLENCE AND TERROR AGAINST THE PEOPLE TO PROTECT THE PLUNDERERS WILL NEVER STOP THE ANTI-IMPERIALIST REVOLUTION OF THE CANADIAN AND QUEBEC PEOPLE - IT ONLY INCREASES THE RESOLVE TO STRUGGLE AND TO WIN

Various sections of the Canadian and Quebec people are rising in struggle. The most oppressed and exploited sections of Canadian society are: 1) the Native Indians, 2) immigrant workers, and 3) the Canadian working class. The increasing resistance of each section, coupled with the steady advance of the anti-imperialist consciousness of the people and the leading role of the Communist Party of Canada (Marxist - Leninist), formed in March, 1970, has greatly shaken the Canadian compradors. In an attempt to stem the tide, they have introduced fascist legislation against all oppressed sections.

#### ANTI-LABOUR LEGISLATION

The FEDERAL WOODS REPORT calls for closer cooperation between corporations, union aristocrats and the government to make sure mass democratic means are not used by the workers to fight for their rights. Rank and file militancy will be curbed by "curbing democracy", by making union leader legally responsible to crush the wild-cats and other militant rank and file action and by increasing the use of "experts", "technical advisors" and other such anti-democratic measures to remove initiative from the hands of the workers. Following these guidelines and the guidelines for banning strikes, the provinces have eagerly begun to attack the workers and outlaw various strikes, pickets and other militant actions. Ontario Bill 167 was denounced by a mass demonstration of ten to fifteen thousand workers at Queens Park in Toronto as was the Rand Report of the Ontario government. Bill 2 in Saskatchewan was used already to outlaw strikes. To smash the tugboat strike in British Columbia, the Bennett regime waved the big stick of Bill 33, passed 33 injunctions and \$75,000 worth of fines against the union. In Quebec "special legislation" was used to outlaw the strike of 25,000 construction workers in the Summer of 1970. In the Maritimes, fishermen were jailed after defying fascist injunctions passed by the Nova Scotia government, sparking off a mammoth solidarity strike. Lackey Trudeau actively campaigns against the working class and supports these fascist government actions. For this he has been roundly praised by the mouth-piece of the Canadian compradors, the Globe and Mail, for "making a good academic case for the outlawing of strikes in the public sector".

#### ROYAL COMMISSION ON "SECURITY"

This report calls for closer cooperation with U.S. imperialism and its repressive and espionage organs, reorganisation of the immigration department to keep progressive people out and let the fascists in, greater use of deportations, political loyalty tests of all kinds, increased RCMP infiltration into the universities, wider espionage functions for the RCMP to oppose the Canadian people and suppression of people who fight for the national liberation of the Quebec people and the anti-imperialist revolution of the Canadian people, labelled "violent separatists and communists". Implementing the recommendations, there have been wide-spread political deportations, the most recent of Harsh Chaddha, a University of Toronto student, on February 23, 1971. He was arrested in Toronto in August 1970 for distributing a revolutionary Indian journal to his compatriots and charged with "assaulting police", convicted and jailed. The RCMP is being reorganised and its budget increased by \$23 million for 1971-1972. Fascist suppression of Quebec patriots and Canadian communists and anti-imperialist fighters has intensified. Outright attacks against the Communist Party of Canada (Marxist-Leninist) have resulted in over 120 arrests in 1970. Outright attacks against the Parti Communiste du Quebec (Marxiste-Leninist) have resulted in to date a total of over 500 unjustified arrests, 34 alone on October 16th, 1970 under the "War Measures Act". Fascist attacks against Progressive Books and

### Popularizes Fascist Eugenics

In a speech in November, 1969, at the Liberal Party Policy Conference in Harrison Hot Springs, Trudeau, the arch-enemy of the people, told the Canadian people in no uncertain terms that monopoly capital will soon impose a eugenics program onto them. He stated: "In the seventies our attention will be directed to eugenics engineering. Our current experiments with faster laying chickens could lead to greater control over human reproduction." Taking up Trudeau's proposal, the C.B.C. immediately presented a program to do propaganda for fascist eugenics. This nonsense has absolutely no scientific basis, assumes off-handedly that all behaviour, including aggressiveness, intelligence, emotional vigour, etc., is genetically controlled and that environment plays no role. Reminiscent of the plans and statements of Hitlerite Nazism and fascism, the most notorious eugenicists of all times, Trudeau's anti-people ideas are against the interests of the vast majority of the people who want a fundamental change in society, not in their "genes"!

200 enraged small and poor farmers of the Ashmount area in Alberta, viciously oppressed by U.S. monopoly capital and large monopoly farms, held a militant tractor demonstration to denounce Trudeau. All across the prairies in 1969 there were demonstrations against sell-out policies. Instead of responding to the just anger, Trudeau said he was "insulted" by the farmers' slogans and would not talk to them! Thus spoke the pious man: I will not speak to you because you are insulting me. He would like us to grovel before him as Mussolini and Hitler expected!

Periodicals have been made in Hamilton, Toronto, Ottawa, Winnipeg and Halifax in Canada and the bookstores in Lachine, Quebec City and three areas of Montreal were attacked, ransacked and closed by the fascist police and the colonialist army. Other groups and organisations have been the targets of this repression - wherever people stand up against U.S. imperialism, for an independent and democratic Canada and for the national liberation struggle of the Quebec people this has been the case. In Toronto alone over 80 people were unjustifiably arrested for opposing the U.S. aggression against Cambodia in May 1970.

#### PREPARATIONS FOR ARMED TERROR

- 1) Re-organisation of the army to deal with, as Defence Minister MacDonald says, the "urban guerilla in Canada as well as Quebec".
- 2) Re-inforcement of police forces, constructions of new jails, courts under the banner of "public safety". In Montreal there are 1400 "riot" police out of a force of 4000.
- 3) Emergency Measures Organisation is being changed from fighting "nuclear attack effects" to "riot control".
- 4) Use of courts to charge anti-imperialists and communists under the "Criminal Code" and send them to jail, thus camouflaging the political crimes of the compradors.
- 5) Outright fascist legislation has been imposed to stifle the national liberation struggle of Quebec. There were the "10-Points" of the Provincial government in 1969 and the "War Measures Act" and the "Public Order Act" in the Fall of 1970.
- 6) The Federal White Paper on Native Indians plans to smash up their culture and fundamental rights by propping up "Elected Councils" in the reserves which are protected by the RCMP, by making Indian people slaves of "Federal Development Programmes", and plotting the termination of inherited rights through abrogation of the Treaties under the hoax of "making the Indians equals before the law", thus removing all "special privileges". The compradors are also treacherously pushing for the formation of "Indian Police" as part of so-called "community control". Militant Indians like Patrick Sayers who threw a molotov cocktail into the Parliament buildings in Ottawa are jailed and declared "insane" to stop them from spreading Marxism-Leninism-Mao Tsetung Thought among the Indian people.

#### TRUDEAU'S CONTEMPT FOR THE QUEBEC PEOPLE

In 1958 he said the main problem was that the Quebec people "Just didn't like democracy". In 1968 during his campaign for Prime Minister he told students in Ottawa that the Quebecois speak a "lousy French". In September 1970 he threatened that people who "riot" can expect "a boot in the tail from the police" and fulfilling this threat he initiated the War Measures Act to jail, what he called "dangerous and violent men", i.e., all those who work for the national liberation of the Quebec people. Recently he has come out with greater arrogance and vile by telling demonstrating Lapalme workers on Parliament Hill that they should "Mangez de la merde" (eat shit).

## TRUDEAU'S CONTEMPT FOR THE CANADIAN PEOPLE

In the summer of 1970 he told newsmen that "If the Canadian people don't like our policies they can lump it". To Halifax workers protesting the 2% "social security tax" and its 600 dollar ceiling, benefitting the rich, he said, "The rich were taxed to much anyway". In July 1969, he told the prairie farmers protesting against the farm policies of the compradors that "they should get off the land altogether". When they shouted him down for this he said he would leave because "he was insulted". THIS FASCIST ARROGANCE, THIS CONTEMPT AND BETRAYAL OF THE PEOPLE'S INTERESTS HAS EARNED THE CANADIAN COMPRADORS THE UTTER HATRED AND CONTEMPT OF THE CANADIAN AND QUEBEC PEOPLE!

### THE PUPPETS OF THE U.S. IMPERIALIST PUPPET

Every time the people rise to denounce Trudeau for his crimes, the compradors and the U.S. lackey police place their "trust" in a handful of fifth columnists within the ranks of the people to defuse and pacify the people's just wrath. At demonstrations in Winnipeg and Vancouver, a contingent of the holy alliance of the "left" consisting of revisionists, trotskysts, social democrats and other liberal bourgeois reformists actively colluded with the police right from the beginning in order to protect Trudeau's hide and subvert the aspirations of the Canadian working class and people. They did this by: (1) raising abstract, meaningless slogans -- eg. "Just Society, Just for the rich", (2) after "marshalling the demonstrators", they invited Trudeau to share the platform in Vancouver, then their speaker attacked and slandered the progressive people for so thoroughly denouncing Trudeau that he began to shake and wither. She said: "I hope I won't have to apologize to the Prime Minister." After physically attacking a young woman who denounced him, lackey Trudeau, turning truth on its head, praised the agent as "a fine and courageous young woman." (3) In Winnipeg, Trotskyists and revisionists actually shoved people, who were shouting "Death to Fascism!" and "Let him go! Let him go!", from coming to the aid of a Communist worker right at the critical time when, after denouncing Trudeau, he was cowardly attacked by five police goons. This fifth column, who never attacks the ruling class, told the angry people to "move on", "we don't want a confrontation."

For March 3, the holy alliance is already frenziedly running around in hysteria to oppose national liberation in Quebec and divert the anti-imperialist revolution in Canada. They assist the U.S. imperialists by perpetuating the hoax that open violence by the bourgeois state machine under the War Measures Act only applies to Quebec and that Canada has bourgeois "civil liberties" and "civil rights". For some time, the revisionists, who send telegrams almost weekly to Ottawa, have been promoting and mystifying Trudeau by reprinting quotations from his writings which suggest somehow that he was once-upon-a-time a "libertarian", and not a fascist. With the Trotskyists, they say that the main problem is not one of the oppressed uniting to overthrow the oppressor, the U.S. monopoly capitalist class and its lackeys, but one of restoring bourgeois democracy.

## PRO-IMPERIALIST INTRIGUES

Under U.S. lackey Trudeau, the Canadian Compradors are continuously intriguing in support of imperialism, colonialism, and neo-colonialism. At the 18th Conference of British Commonwealth Prime Ministers held recently in Singapore, for example, Trudeau refused to take an open stand against the insistence by British imperialism of its right to supply arms to South Africa in disregard of Asian, African and Latin American countries' opposition. After the conference, Trudeau at the instigation of the U.S. imperialists intensified economic aid to the U.S. puppet Suharto regime in Indonesia, which fascistically slaughtered over 500,000 patriotic and progressive Indonesians in the course of its U.S.-sponsored coup in the mid-60s. In January, 1971, the comprador Canadian Export Development Corp. -- which subsidizes U.S. monopolies sales in foreign markets and thus exploits the Asian, African and Latin American people -- gave a long-term "loan" to the U.S. monopoly capitalist Collins Radio Co. of Dallas of \$5.8-million. This represents 90 per cent of a \$6.4-million contract its Canadian subsidiary had received to build an extensive "communications system" for the U.S. South Korean fascist puppet regime of Chung Hee Park. Sub-contracts are to be let to such anti-Canadian firms as Northern Electric, a wholly-owned subsidiary of Bell Canada, itself controlled by U.S. monopoly capital and the biggest financier of fascism in Canada (the Canada Committee). The fascist South Korean regime has sent 50,000 mercenary troops to Indo-China and harasses peace-loving South Koreans in Canada. All of the "aid and loan" schemes of the Canadian compradors abroad are organized along these lines. To obscure the U.S. policies of aggression, plunder and exploitation against the heroic struggle of the Laotian and Indo-Chinese people for national liberation and salvation, Sharp recently called for a meeting of the "neutralist" International Control Commission, which has admitted gathering information for use by U.S. troops in Vietnam. The Canadian compradors wish us to believe that imperialism is sensible and can be negotiated and persuaded out of its basic predatory nature. Against this policy of betrayal, the Canadian and Quebec people, and Afro-Asians resident in the two nations, have recently held militant demonstrations in solidarity with the just struggle of the Laotian and the Indo-Chinese people for national liberation. Instead of applauding the growing bonds of solidarity in the world anti-imperialist and socialist revolution, Trudeau travelled throughout the Pacific in the late spring last year saying that perhaps U.S. imperialism was not so bad after all.

### ANTI-IMPERIALIST, ANTI-FASCIST DEMONSTRATIONS ACROSS CANADA

Everywhere in Canada lackey Trudeau goes, he is angrily met by the broad masses who see in this ideal imperialist man someone who is: (1) totally loyal to U.S. imperialism, (2) completely decadent and parasitical in life style and ideology, and thus promoting that in politics, and (3) completely against the broad masses of the Canadian and Quebec working class and people. Denouncing lackey Trudeau has become an everyday affair.

--In 1968 the Quebec people had no illusions about traitor Trudeau. On June 24, 1968, while reviewing the St. Jean Baptiste parade in Montreal, the Trudeau clique was suddenly confronted with a large militant demonstration. Unable to defend his policies among the people, the police were ordered to attack, igniting a vigorous tit-for-tat struggle with rocks and bottles raining unceremoniously on the reviewing stand.

--In Montreal, in July 1969, patriotic Quebec people denounced him for his slavish reception of imperialist chieftain and assassin Nixon at Man and His World.

--Over 8,000 enraged small and poor farmers held massive demonstrations July 12-19, 1969, on the Prairies to break up his "meet the people" campaign and condemn him for saying that "they should get off the land altogether" and sell out to U.S. monopolies. In Ashmount, 200 farmers constructed a staunch scaffold warning lackey Trudeau of his certain fate if he persists with his policies.

--In Vancouver, on Aug. 8, 1969, lackey Trudeau was resolutely denounced by the broad masses who chased him into a sham \$50-a-plate banquet in the Centennial Centre after he physically attacked a young woman who forthrightly told him to "Hustle Grain, Not Women." A fire was set outside the door locked by the police in fright.

--In Toronto, on Aug. 15, 1969, three young revolutionaries defied RCMP goons to denounce him on Toronto Island.

--In Chicoutimi, Feb. 1970, two brave Quebec patriots splattered his face with tomatoes, turning his lackey smile into a sickly grin.

--In Winnipeg, March 20, 1970, at another \$50-a-plate celebration, he was twice resolutely denounced, outside and inside the Centennial Centre where he thought himself safe from the people's revolutionary wrath.

--On June 11, 1970, he took his hysterical "rain check" out of Toronto and, thinking to escape, scampered off to Western Ontario. But the lively red posters again lined his whole route! On June 19, in Hanover, small farmers issued revolutionary leaflets exposing his service to U.S. monopoly agricultural interests and, the next day, in Sarnia, he was denounced midst booing postal workers for his treacherous policies and told "The Canadian people will hang you."

--In the fall of 1970, undeterred by the efforts of a handful of opportunists and misleaders, thousands of progressive Canadians held anti-imperialist demonstrations coast to coast to denounce the U.S. imperialist plunder of our land and our people which Trudeau serves.

--On Feb. 14, 1971, over two hundred young Canadians led by a young woman with a red flag demonstrated in protest against Trudeau's "visit" to Regina.

What seemed to be a remote possibility is becoming increasingly inevitable. All domination by Trudeau's master is being questioned. Everything under the economic, political and cultural control by the U.S. imperialists is coming under fire. The people want nothing less than the defeat of U.S. imperialism and the building of socialism under the dictatorship of the proletariat in Canada.
