

AMERICAN MASS'S LINE

The proletariat is the greatest class in the history of mankind. It is the most powerful revolutionary class ideologically, politically and in strength. It can and must unite the overwhelming majority of people around itself so as to isolate the handful of enemies to the maximum and attack them.

HAIL AMERICAN MASS LINE, BRIGHT RED NEWSWEEKLY OF THE PROLETARIAT!

With this issue we introduce American MASS LINE, bright red newsweekly of the revolutionary proletariat, replacing the monthly Workers' Advocate. All the philistines, agents and decaying counter-revolutionary elements will oppose it wildly, while the large majority of genuine people everywhere will enthusiastically support it because MASS LINE is just what they need! This is so because right now the broad masses of American workers, national minorities and students are in motion and are rising in revolutionary struggle against oppression, while everywhere evil forces and decaying elements are flocking to try to put out the fires of revolution and lead the movement astray. MASS LINE will be a weapon in the hands of the broad masses to resolutely, wholeheartedly, thoroughly and completely wipe out these elements in the course of struggle. MASS LINE carries the revolutionary theory of the international working class, Marxism-Leninism-Mao Tse Tung Thought, to the broad masses which, when it is grasped firmly becomes "AN INEXHAUSTIBLE SOURCE OF STRENGTH AND A SPIRITUAL ATOM BOMB OF INFINITE POWER." American MASS LINE joins its sister publications, Canadian MASS LINE, organ of the Communist Party of Canada (Marxist-Leninist), and LA LIGNE DE MASSE, organ of the Communist Party of Quebec (Marxist-Leninist), in a bond of unbreakable international proletarian solidarity which will hang the U.S. imperialists and all their running dogs in the not too distant future. MASS LINE says, "CHINA'S CHAIRMAN IS OUR CHAIRMAN! CHINA'S PATH IS OUR PATH!" and obediently and uncritically follows Chairman Mao's directives as the only road to revolutions.

MASS LINE holds that the principal contradiction in the United States, the struggle on whose outcome all others depend, is the struggle for state power between the proletariat and the vast masses of the people, as the rising side of the contradiction, and the monopoly capitalists and their servants as the declining side, which is heading for total collapse. The main aspect of this struggle is now taking place in the field of ideas, on the ideological front. As Chairman Mao says, "WHEN THE MASSES BECOME OF ONE HEART, EVERYTHING BECOMES EASY." The struggle at present is to win the masses to one heart, to the bright red heart of the proletariat which loves the oppressed peoples and hates the reactionaries, to the bright red proletarian leadership of Mao Tse Tung Thought. In the strike struggles of the workers, for example, we see the spontaneous fight to take the leadership and initiative out of the hands of the sold-out capitalist union bosses and place it in the hands of the workers. In many of the struggles of the workers, national minorities and students we see communists, followers of Chairman Mao, coming forward consciously to fight for leadership for the proletarian vanguard, without which imperialism cannot be overthrown and exploitation eliminated.

In response, all the opportunists and bad elements in the ranks of the people come forward to oppose the wide-scale dissemination of Mao Tse Tung Thought and the struggle for proletarian leadership. We have all seen this brand of evil-doer using Roberts Rules of Order and various other subterfuges to prevent the development of ideas and the discussion of the sin-

Press Communique of Communist Party of Quebec (Marxist-Leninist)

The National Council of Les Intellektuels et Ouvriers Patriotes du Quebec - Mouvement Communiste Quebecois (Marxist-Leninist) held a very important meeting. This meeting was held at a time when the working and oppressed people of the whole world are proudly celebrating the first centenary of the birth of Great Lenin and are enthusiastically responding to the solemn statement issued by Chairman Mao on May 20, 1970, to the people of the whole world, and when the Canadian proletariat, the closest ally of the working class and people of Quebec, is advancing its struggle under the leadership of the Communist Party of Canada (Marxist-Leninist).

At this meeting, the National Council unanimously and rigorously voted to dissolve the I.O.P.Q. (ML) and its National Council and in its place declared the formation of the Communist Party of Quebec (Marxist-Leninist) based on Marxism-Leninism-Mao Tse Tung Thought and announced the formation of its Central Organizing Committee. The Central Organizing Committee immediately began its activities and officially nominated Comrade Denis Mailloux as leading spokesman of the Party. Also attending the meeting were delegates from

the Communist Party of Canada (Marxist-Leninist), the American Communist Workers Movement (Marxist-Leninist), the Hindustani Ghadar Party, and the Irish Communist Movement (Marxist-Leninist).

The formation of the Communist Party of Quebec (Marxist-Leninist) is yet another victory for Marxism-Leninism-Mao Tse Tung Thought and a first historic step towards the national liberation struggle of the people of Quebec against Anglo-Canadian colonialism and U.S. imperialism, a great historic step towards establishing the People's Republic of Quebec together with the People's Republic of Canada in mutual respect, independence and self-determination of the two countries.

THREE CONSTANTLY READ ARTICLES

by Chairman Mao

Not only fighters but also cadres must study the "three constantly read articles".* It is very easy to read them but not so easy when it comes to really putting them into practice. They must be frequently studied as precepts, and comrades at all levels should study them. We must apply what we have learned so as to revolutionize our minds.

SERVE THE PEOPLE

September 8, 1944

Our Communist Party and the Eighth Route and New Fourth Armies led by our Party are battalions of the revolution. These battalions of ours are wholly dedicated to the liberation of the people and work entirely in the people's interests. Comrade Chang Szu-teh was in the ranks of these battalions.

All men must die, but death can vary in its significance. The ancient Chinese writer Szuma Chien said, "Though death befalls all men alike, it may be weightier than Mount Tai or lighter than a feather." To die for the people is weightier than Mount Tai, but to work for the fascists and die for the exploiters and oppressors is lighter than a feather. Comrade Chang Szu-teh died for the people, and his death is indeed weightier than Mount Tai.

If we have shortcomings, we are not afraid to have them pointed out and criticized, because we serve the people. Anyone, no matter who, may point out our shortcomings. If he is right, we will correct them. If what he proposes will benefit the people, we will act upon it. The idea of "better troops and simpler administration" was put forward by Mr. Li Ting-ming, who is not a Communist. He made a good suggestion which is of benefit to the people, and we have adopted it. If, in the interests of the people, we persist in doing what is right and correct what is wrong, our ranks will surely thrive.

We hail from all corners of the country and have joined together for a common revolutionary objective. And we need the vast majority of the people with us on the road to this objective. Today, we already lead base areas with a population of 91 million, but this is not enough; to liberate the whole nation more are needed. In times of difficulty we must not lose sight of our achievements, must see the bright future and must pluck up our courage. The Chinese people are suffering; it is our duty to save them and we must exert ourselves in struggle. Wherever there is struggle there is sacrifice, and death is a common occurrence. But we have the interests of the people and the sufferings of the great majority at heart, and when we die for the people it is a worthy death. Nevertheless, we should do our best to avoid unnecessary sacrifices. Our cadres must show concern for every soldier, and all people in the revolutionary ranks must care for each other, must love and help each other.

From now on, when anyone in our ranks who has done some useful work dies, be he soldier or cook, we should have a funeral ceremony and a memorial meeting in his honour. This should become the rule. And it should be introduced among the people as well. When someone dies in a village, let a memorial meeting be held. In this way we express our mourning for the dead and unite all the people.

IN MEMORY OF NORMAN BETHUNE

December 21, 1939

Comrade Norman Bethune, a member of the Communist Party of Canada, was around fifty when he was sent by the Communist Parties of Canada and the United States to China; he made light of travelling thousands of miles to help us in our War of Resistance Against Japan. He arrived in Yen-an in the spring of last year, went to work in the Wutai Mountains, and to our great sorrow died a martyr at his post. What kind of spirit is this that makes a foreigner selflessly adopt the cause of the Chinese people's liberation as his own? It is the spirit of internationalism, the spirit of communism, from which every Chinese Communist must learn. Leninism teaches that the world revolution can only succeed if the proletariat of the capitalist countries supports the struggle for liberation of the colonial and semi-colonial peoples and if the proletariat of the colonies and semi-colonies supports that of the proletariat of the capitalist countries. Comrade Bethune put this Leninist line into practice. We Chinese Communists must also follow this line in our practice. We must unite with the proletariat of all the capitalist countries, with the proletariat of Japan, Britain, the United States, Germany, Italy and all other capitalist countries, before it is possible to overthrow imperialism, to liberate our nation and people, and to liberate the other nations and peoples of the world. This internationalism, the internationalism with which we oppose both narrow nationalism and narrow patriotism.

Comrade Bethune's spirit, his utter devotion to others without any thought of self, was shown in his boundless sense of responsibility in his work and his boundless warmth-heartedness towards all comrades and the people. Every Communist must learn from him. There are not a few people who are irresponsible in their work, preferring the light to the heavy, showing the heavy loads on to others and choosing the easy ones for themselves. At every turn they think of themselves before others. When they make some small contribution, they swell with pride and brag about it for fear that others will not know. They feel no warmth towards comrades and the people but are cold, indifferent and apathetic. In fact such people are not Communists, or at least cannot be counted as true Communists. No one who returned from the front failed to express admiration for Bethune whenever his name was mentioned, and none remained unmoved by his spirit. In the Shansi-Chahar-Hopei border area, no soldier or civilian was unmoved who had been treated by Dr. Bethune or had seen how he worked. Every Communist must learn this true communist spirit from Comrade Bethune.

Comrade Bethune was a doctor, the art of healing was his profession and he was constantly perfecting his skill, which stood very high in the Eighth Route Army's medical service. His example is an excellent lesson for those people who wish to change their work the moment they see something different and for those who despise technical work as of no consequence or as promising no future.

Comrade Bethune and I met only once. Afterwards he wrote me many letters. But I was busy, and I wrote him only one letter and do not even know if he ever received it. I am deeply grieved over his death. Now

we are all commemorating him, which shows how profoundly his spirit inspires everyone. We must all learn the spirit of absolute selflessness from him. With this spirit everyone can be very useful to the people. A man's ability may be great or small, but if he has this spirit, he is already noble-minded and pure, a man of moral integrity and above vulgar interests, a man who is of value to the people.

THE FOOLISH OLD MAN WHO REMOVED THE MOUNTAINS

June 11, 1945

We have had a very successful congress. We have done three things. First, we have decided on the line of our Party, which is boldly to mobilize the masses and expand the people's forces so that, under the leadership of our Party, they will defeat the Japanese aggressors, liberate the whole people and build a new-democratic China. Second, we have adopted the new Party Constitution. Third, we have elected the leading body of the Party — the Central Committee. Henceforth our task is to lead the whole membership in carrying out the Party line. Ours has been a congress of victory, a congress of unity. The delegates have made excellent comments on the three reports. Many comrades have undertaken self-criticism; with unity as the objective unity has been achieved through self-criticism. This congress is a model of unity, of self-criticism and of inner-Party democracy.

When the congress closes, many comrades will be leaving for their posts and the various war fronts. Comrades, wherever you go, you should propagate the line of the congress and, through the members of the Party, explain it to the broad masses.

Our aim in propagating the line of the congress is to build up the confidence of the whole Party and the entire people in the certain triumph of the revolution. We must first raise the political consciousness of the vanguard so that, resolute and unafraid of sacrifice, they will surmount every difficulty to win victory. But this is not enough; we must also arouse the political consciousness of the entire people so that they may willingly and gladly fight together with us for victory. We should fire the whole people with the conviction that China belongs not to the reactionaries but to the Chinese people. There is an ancient Chinese fable called "The Foolish Old Man Who Removed the Mountains". It tells of an old man who lived in northern China long, long ago and was known as the Foolish Old Man of North Mountain. His house faced south and beyond his doorway stood the two great peaks, Taihang and Wangwu, obstructing the way. With great determination, he led his sons in digging up these mountains hoe in hand. Another greybeard, known as the Wise Old Man, saw them and said derisively, "How silly of you to do this! It is quite impossible for you few to dig up these two huge mountains." The Foolish Old Man replied, "When I die, my sons will carry on; when they die, there will be my grandsons, and then their sons and grandsons, and so on to infinity. High as they are, the mountains cannot grow any higher and with every bit we dig, they will be that much lower. Why can't we clear them away?" Having refuted the Wise Old Man's wrong view, he went on digging every day, unshaken in his

conviction. God was moved by this, and he sent down two angels, who carried the mountains away on their backs. Today, two big mountains lie like a dead weight on the Chinese people. One is imperialism, the other is feudalism. The Chinese Communist Party has long made up its mind to dig them up. We must persevere and work unceasingly, and we, too, will touch God's heart. Our God is none other than the masses of the Chinese people. If they stand up and dig together with us, why can't these two mountains be cleared away?

Yesterday, in a talk with two Americans who were leaving for the United States, I said that the U.S. government was trying to undermine us and this would not be permitted. We oppose the U.S. government's policy of supporting Chiang Kai-shek against the Communists. But we must draw a distinction, firstly, between the people of the United States and their government and, secondly, within the U.S. government between the policy-makers and their subordinates. I said to these two Americans, "Tell the policy-makers in your government that we forbid you Americans to enter the Liberated Areas because your policy is to support Chiang Kai-shek against the Communists, and we have to be on our guard. You can come to the Liberated Areas if your purpose is to fight Japan, but there must first be an agreement. We will not permit you to nose around everywhere. Since Patrick J. Hurley has publicly declared against co-operation with the Chinese Communist Party, why do you still want to come and prowl around in our Liberated Areas?"

The U.S. government's policy of supporting Chiang Kai-shek against the Communists shows the brazenness of the U.S. reactionaries. But all the scheming of the reactionaries, whether Chinese or foreign, to prevent the Chinese people from achieving victory is doomed to failure. The democratic forces are the main current in the world today, while reaction is only a counter-current. The reactionary counter-current is trying to swamp the main current of national independence and people's democracy, but it can never become the main current. Today, there are still three major contradictions in the old world, as Stalin pointed out long ago: first, the contradiction between the proletariat and the bourgeoisie in the imperialist countries; second, the contradiction between the various imperialist powers; and third, the contradiction between the colonial and semi-colonial countries and the imperialist metropolitan countries. Not only do these three contradictions continue to exist but they are becoming more acute and widespread. Because of their existence and growth, the time will come when the reactionary anti-Soviet, anti-Communist and anti-democratic counter-current still in existence today will be swept away.

At this moment two congresses are being held in China, the Sixth National Congress of the Kuomintang and the Seventh National Congress of the Communist Party. They have completely different aims: the aim of one is to liquidate the Communist Party and all the other democratic forces in China and thus to plunge China into darkness; the aim of the other is to overthrow Japanese imperialism and its lackeys, the Chinese feudal forces, and build a new-democratic China and thus to lead China to light. These two lines are in conflict with each other. We firmly believe that, led by the Chinese Communist Party and guided by the line of its Seventh Congress, the Chinese people will achieve complete victory, while the Kuomintang's counter-revolutionary line will inevitably fail.

Long live the great People's Republic of China!
Long live the great unity of the people of the world!

DENOUNCE FASCIST AGNEW! WANTED

by the American working class and people for infamous crimes
against the people of the whole world!

On June 20th in Cleveland the revolutionary people will rise up, resist all attempts at suppression by the fascist and trotskyite goons, and resolutely with deep feeling denounce "vice president" Spiro Agnew as a leading spokesman for the fascist and imperialist U.S. Big Bourgeoisie, led by Nixon, and as a number one enemy of the people.

Responding to the call issued by the American Communist Workers Movement (Marxist-Leninist), the broad masses of working and oppressed people in Cleveland have shown their anger and contempt for this leading scoundrel, have rejected the fascist line of pacifism in the face of oppression and are demanding vigorous action. Everywhere among the people approval has been expressed for the wide-scale propaganda being done by progressive people for the demonstration. It is obvious to everyone that Nixon's ruling clique is desperately isolated, and finds little support for the adventurous and aggressive policy it pursues at home as well as abroad.

As recent statements in the bourgeois press indicate, Agnew is the leading propagandist for Nixon's plans for the future. Finding itself extremely isolated everywhere following its invasion of Cambodia and fascist slaughter of students and working people in the U.S., the Nixon administration is hoping to save itself by using the two-faced counter-revolutionary tactics of the carrot and the stick, with the stick as the main aspect. On the one hand, Nixon announces a "withdrawal" date for U.S. forces from Cambodia (leaving the puppet South Vietnamese forces of Thieu-Ky in Cambodia "indefinitely"); on the other hand, a secret agreement with the Thai military ruling clique is revealed which arranges for U.S. aggression against the Thai people. At home, Nixon and his flunkies at the state government level (such as Ohio Governor Rhodes, a Republican who called on the National Guard troops to shoot to kill a few days before the Kent slaughter) perpetrate slaughters of the revolutionary masses, and then send messages of "sympathy" to the victims.

Running right through this policy like a white thread is the role of Spiro Agnew. His job has been to slander the angry people, blame

SPIRO T. AGNEW

them for rebelling against the oppression of the bourgeoisie (calling them "criminally insane"), divide them against each other and pose as the champion of certain sections (the "hard hat construction workers", as well as people genuinely upset with the distortions in the bourgeois news media) against the progressive current of rebellion. Always his answer to discontent is stronger government and "law and order"—his government, the government of his masters, the monopoly capitalists, and fascist "law" to enforce imperialist "order". Finding themselves unprecedentedly isolated, this handful of parasites is:

- (1) trying to repress the masses by open fascist terror,
- (2) trying to confuse the masses with liberal-sounding promises and
- (3) trying to build mass support for fascism (a) by spreading all kinds of anti-people lies: "Working people are ignorant," "Students are anarchistic troublemakers"; "Black people are genetically inferior"; "the masses breed too fast"; and (b) by paying trade union hacks, contractors and police agents to bully sections of the workers and petty bourgeoisie into opposing and attacking the revolutionary mass movement.

To oppose these counter-revolutionary two-faced tactics, the genuine Marxist-Leninists,

by the American Communist Workers Movement (Marxist-Leninist) and all revolutionary and genuinely progressive and democratic people

- (1) resolutely answering open fascist terror with revolutionary violence,
- (2) exposing the two-faced tactics of the fascists to the masses through wide propaganda and mass democratic discussion, and
- (3) opposing all slanders of the people whether racist, anti-people or anti-communist, especially the slander which points to the "hard hat" demonstrations to "prove" that the working class is reactionary, and b) pointing the finger at the real enemy—the U.S. monopoly capitalist class and its servants.

IT IS TO OPPOSE THESE TACTICS BOLDLY, RESOLUTELY AND CONCRETELY THAT THE AMERICAN COMMUNIST WORKERS MOVEMENT (MARXIST-LENINIST) CALLS ON ALL ANTI-FASCIST PEOPLE TO REJECT FASCIST DIVISIONS AMONG THE BROAD MASSES, REJECT THE TRAITOROUS PLEDGES OF "PEACE" WITH FASCISM MADE BY THE TROTSKYITE-LED "PEACE" MOVEMENT, AND THUNDEROUSLY AND MILITANTLY DENOUNCE THIS FASCIST AGNEW! THE AMERICAN PEOPLE FOUGHT HITLERITE, TOJO AND MUSSOLINI FASCISM TOGETHER WITH THE BROAD MASSES OF THE SOVIET AND CHINESE PEOPLE, LED BY COMMUNISTS; IN THE WORLD WAR AGAINST FASCISM. THE AMERICAN WORKING CLASS AND PEOPLE WILL RISE AGAIN TODAY AGAINST FASCISM, AGAINST UNBROKEN IMPERIALISM OF THE HITLER-TOJO BRAND, THIS TIME AGAINST THE FASCISM OF THEIR OWN RULERS NIXON AND AGNEW. THIS TIME THE AMERICAN WORKING CLASS AND PEOPLE WILL UNITE WITH SOCIALIST CHINA, LED BY CHAIRMAN MAO, THE GREATEST MARXIST-LENINIST OF OUR ERA, WITH THE NATIONAL LIBERATION MOVEMENTS OF THE WORLD PEOPLE, AND WILL CREATE, STEEL AND FOLLOW A NEW MARXIST-LENINIST COMMUNIST PARTY TO VICTORY THROUGH ARMED ANTI-FASCIST STRUGGLE. THE FASCISTS, THE EXPLOITERS AND OPPRESSORS WILL BE OVERTHROWN ONCE AND FOR ALL AND THE WORLD WILL BELONG TO THE PEOPLE!

DEATH TO FASCISM!
DEATH TO U.S. IMPERIALISM!
DENOUNCE AGNEW, MOUTHPIECE OF FASCISM!
ESCALATE PEOPLE'S WAR!
PEOPLE OF THE WORLD, UNITE AND DEFEAT THE U.S. AGGRESSORS AND ALL THEIR RUNNING DOGS!
LONG LIVE CHAIRMAN MAO! A LONG, LONG LIFE TO CHAIRMAN MAO!

DOWN WITH TROTSKYISM!

Cont. from
Page 6

Recently in Canada, Trotskyite "peace" leaders have blatantly collaborated with the police to repress the genuine anti-imperialists, to the extent of using the people's money to hire off-duty policemen as marshals for marches. They have been denounced for this by the broad masses and were exposed in Canadian MASS LINE, organ of the Canadian Communist Party (Marxist-Leninist).

In Cleveland recently, Kathy Perkins of the SMC was quoted in the imperialist press as being "concerned" that AOM (M-L) had posted signs announcing a demonstration against Agnew and had called him a spokesman for a complete fascist state! Such an exposure only "concerns" the fascists themselves. In addition, Jerry Gordon for the Peace Action Council said they would defend the right of the fascist-organized "hard-hats" to demonstrate. Only an outright pro-fascist could make such a statement when the "hard-hats", mainly composed of police, have been attacking the right of the progressive people to organize and demonstrate.

All of these counter-revolutionary activities of the Trotskyites are made possible because of the decadent imperialist ideology that is

sponsored through the university and educational system. The Trotskyites have made use of the progressive intentions of the ordinary students to develop their imperialist politics. Since the early stages of the revolutionary movement are built by revolutionary intellectuals who betray their class background and take up the banner of the revolutionary proletariat, it is to the imperialist's advantage to develop bureaucratic misleadership inside the early student movement to prevent such a development. The Trotskyites encourage progressive students to become reactionary scholar-despot intellectuals and to do propaganda for all the imperialist theories, like "The working class is only concerned with its stomach, not with politics", or "You can't change the world without 'socialist' scholars to tell you what to do", and "Pacifism is best when faced with fascist repression". Such theories can be maintained, and the truth hidden, only through the promotion of bourgeois intellectualism and egotism on which the Trotskyite movement, like the imperialist system that spawns it, is built. We need only compare the attitude of Chairman Mao Tse-tung, leader of world revolution, with that of the despicable renegade Trotsky in order to see the

difference between revolution and counter-revolution. In guiding the revolutionary forces of the world, Chairman Mao has said, "The people, and the people alone, are the makers of world history", and "He who pits his ego against the forces of history will be crushed". His attitude of serving the people is the dialectical opposite of Trotsky's attitude of serving self which can be seen by reading his own autobiography written after he had become a "Marxist". Trotsky said, "No great work is possible without intuition... The events of 1905 revealed in me, I believe, this revolutionary intuition, and enabled me to rely on its assured support during my later life... In all conscientiousness, I cannot, in the appreciation of the political situation, as a whole and of its revolutionary perspective, accuse myself of any serious error of judgment." *My Life* (This theory of intuition is itself a fascist theory that only a "natural" elite can make revolution.)

Future articles will present more facts about the historically counter-revolutionary role of Trotskyism. In the meantime, all progressive forces should intensify their attacks on these traitors to the revolutionary movement!

The Great Leader Chairman Mao Issues Solemn Statement Supporting Struggle of World's People Against U.S. Imperialism

PEOPLE OF THE WORLD, UNITE AND DEFEAT THE U.S. AGGRESSORS AND ALL THEIR RUNNING DOGS!

MAO TSETUNG
May 20, 1970

A NEW upsurge in the struggle against U.S. imperialism is now emerging throughout the world. Ever since World War II, U.S. imperialism and its followers have been continuously launching wars of aggression and the people in various countries have been continuously waging revolutionary wars to defeat the aggressors. The danger of a new world war still exists, and the people of all countries must be prepared. But revolution is the main trend in the world today. Unable to win in Viet Nam and Laos, the U.S. aggressors treacherously engineered the reactionary coup d'etat by the Lon Nol-Sam Sann clique, brazenly dispatched their troops to invade Cambodia and resumed the bombing of north Viet Nam, and this has aroused the furious resistance of the three Indo-Chinese peoples. I warmly support the fighting spirit of Samdech Norodom Sihanouk, Head of State of Cambodia, in opposing U.S. imperialism and its lackeys. I warmly support the establishment of the Summit Conference of the Indo-Chinese Peoples. I warmly support the National United Front of the Royal Government of National Unity Under the Leadership of the National United Front of Kampuchea. Strengthening their unity, supporting each other and persevering in a protracted people's war, the three Indo-Chinese peoples will certainly overcome all difficulties and win complete victory.

While massacring the people in other countries, U.S. imperialism is slaughtering the white and black people in its own country. Nixon's fascist atrocities have kindled the raging flames of the revolutionary mass movement in the United States. The Chinese people firmly support the revolutionary struggle of the American people. I am convinced that the American people who are fighting valiantly will ultimately win victory and that the fascist rule in the United States will inevitably be defeated. The Nixon government is beset with troubles internally and externally, with utter chaos at home and extreme isolation abroad. The mass movement of protest against

U.S. aggression in Cambodia has swept the globe. Less than ten days after its establishment, the Royal Government of National Unity of Cambodia was recognized by nearly 20 countries. The situation is getting better and better in the war of resistance against U.S. aggression and for national salvation waged by the people of Viet Nam, Laos and Cambodia. The revolutionary armed struggles of the people of the Southeast Asian countries, the struggles of the people of Korea, Japan and other Asian countries against the revival of Japanese militarists by the U.S. and Japanese reactionaries, the struggles of the Palestinian and other Arab peoples against the U.S.-Israeli aggressors, the national-liberation struggles of the Asian, African and Latin American peoples, and the revolutionary struggles of the peoples of North America, Europe and Oceania are all developing vigorously. The Chinese people firmly support the people of the three Indo-Chinese countries and of other countries of the world in their revolutionary struggles against U.S. imperialism and its lackeys.

U.S. imperialism, which looks like a huge monster, is in essence a paper tiger, now in the throes of its death-bed struggle. In the world of today, who actually fears whom? It is not the Vietnamese people, the Laotian people, the Cambodian people, the Palestinian people, the Arab people or the people of other countries who fear U.S. imperialism; it is U.S. imperialism which fears the people of the world. It becomes panic-stricken at the mere rattle of leaves in the wind. Innumerable facts prove that a just cause enjoys abundant support while an unjust cause finds little support. A weak nation can defeat a strong, a small nation can defeat a big. The people of a small country can certainly defeat aggression by a big country, if only they dare to rise in struggle, dare to take up arms and grasp in their own hands the destiny of their country. This is a law of history.

People of the world, unite and defeat the U.S. aggressors and all their running dogs!

CHAIRMAN MAO'S SOLEMN STATEMENT HAILED ALL OVER THE WORLD

Revolutionary masses, groups and parties all over the world have warmly received Chairman Mao's solemn statement issued on May 20. The working and oppressed people of the world are happy to receive this great revolutionary directive of Chairman Mao who are already using it to oppose imperialism and to oppose revisionism and all forms of opportunism and dogmatism. For too long the revisionists, with the Modern Soviet Revisionists at the center, have betrayed the working and oppressed people of the world over by advocating and practicing the class collaborationist politics of 1) Peace with imperialism, 2) Peace with revisionism and 3) Social support for the world national liberation movement.

After defeating revisionism in China and stopping the restoration of capitalism with the Great Proletarian Cultural Revolution, the People's Republic of China under the leadership of Chairman Mao is earnestly following the revolutionary foreign policy of proletarian internationalism: 1) Resolute opposition to imperialism, 2) Resolute opposition to revisionism and 3) Big support to the national liberation movement.

Chairman Mao's solemn statement of May 20, "PEOPLE OF THE WORLD, UNITE AND DEFEAT THE U.S. AGGRESSORS AND ALL THEIR RUNNING DOGS!" is the concentrated expression of this vigorous anti-imperialist policy.

Revolutionary parties, groups and broad masses of people in North America received Chairman Mao's solemn statement with great satisfaction and revolutionary enthusiasm. Right away, the progressive groups made plans to hold meetings and reprint the solemn statement in order to disseminate it widely.

In Quebec, the solemn statement was received with great revolutionary enthusiasm and discussion on the content spread immediately in the progressive circles. Peoples of Asia and Africa applauded this vigorously. Other national minority groups, especially the Greek workers, discussed the statement amongst themselves and made plans for dissemination. The October first branch of the Communist Party of Quebec (Marxist-Leninist) reprinted the statement in their weekly journal, PEOPLE'S WAR, and discussed it widely amongst comrades and friends. A delegation representing the Communist Parties and the national minorities commented the warm feelings which the working and oppressed people exhibited for the statement. They entered into a vigorous discussion with the Hsinhua correspondent about the significance of the statement. On May 20, an extremely militant rally was held to hail the solemn statement

which attracted over 125 revolutionary people. The walls of the hall were covered with quotations from the solemn statement. When the solemn statement was read to the revolutionary gathering, a long and sustained applause broke out with intermittent outbreaks of revolutionary slogans. The rally was attended by the Communist Parties of Canada and Quebec leading spokesmen as well as by the leading spokesman of the American Communist Workers Movement (Marxist-Leninist). Several small group meetings were organized in Montreal in the following week to study the significance of the statement.

In Toronto, Canada Friends of China Association-local branch, immediately reprinted the solemn statement in four languages and distributed over two thousand of the copies. They held an enthusiastic rally on May 21, which was attended by over 60 people. Following another meeting was held where various comrades and friends delivered speeches. A letter was sent by the Central Organizing Committee of the Communist Party of Canada to the Central Committee of the Communist Party of China. Hsinhua's Mass Line newspaper reproduced, in full, the SOLEMN Statement as well as the detailed report of the rally held in Toronto on May 21. In Vancouver, around 20 revolutionary workers held a meeting in which they thoroughly discussed the significance of the statement. In all the major cities of Canada, the solemn statement has been widely distributed.

In Asia, a glorious festival of the masses has taken place in all the cities in the People's Republic of China and the revolutionary circles of other countries since the publication of the solemn statement. In China, all in all, over 400 million revolutionary masses have participated in parades, rallies and demonstrations in the cities of Shanghai, Chengde, Nanjing, Wuhan, Shenyang, Xian and Tianjin, as well as in the countryside. The solemn statement has been translated into all the national minority languages. Chairman Mao's solemn statement has stimulated a revolutionary hurricane of the proletariat never seen in the history of China, far exceeding Great Proletarian Cultural Revolution. Chair-hailed by the three Indo-Chinese peoples, Mao's solemn statement has been warmly welcomed by the National Liberation Front of South Viet Nam, the Provisional Revolutionary Government of South Viet Nam, Government of the Democratic Republic of Viet Nam, the Viet Nam National Liberation Front, the Viet Nam Workers Party, the Laotian Patriotic Front and Freres Sihanouk, all of them have sent and printed applications for the solemn statement. The Communist Parties of Burma, Indonesia and

Thailand, Malaya and Ceylon have hailed the solemn statement. Elsewhere in Asia, warm greetings came from League Arabie, spokesman for the Palestine Liberation Organization and leader of Palestine Front for the Liberation of Palestine; the Popular Front for the Liberation of Palestine; the People's Front for the Liberation of the Occupied Arabian Gulf; the Japanese Communist Party (Revolutionary); the Japanese publication "Ma Tansu"; the African-Journalists' Association; the African Workers Bureau; the African Workers' Conference and other Asian groups and friends. In Singapore, the revolutionary masses held a large demonstration hailing the statement.

In Oceania, the Communist Party of Australia (Marxist-Leninist) greeted the statement with great revolutionary enthusiasm. In Africa, numerous workers in Tanzania, Guinea, Senegal, Mauritania, Mali, Cameroon and Algeria expressed great joy on hearing Chairman Mao's solemn statement. African nationalist organizations welcomed it, including the United African National Congress of Zambia, the United African National Congress, the African National Congress, the African National Congress of the Canary Islands, and the All-African Trade Union Federation. In the People's Republic of Congo, the Communist Labor Party and the Workers' Party of Congo both received the statement warmly.

In Latin America, many friends from Cuba, the Dominican Republic and elsewhere expressed thanks for the aid the statement gives them in their own struggles. The Youth Forces for the National Liberation of Jamaica published a statement hailing Chairman Mao's solemn statement.

In Europe, the leading newspapers of the People's Republic of Albania, beacon of proletarianism in Europe, immediately published editorials hailing the solemn statement and their part in carrying the anti-imperialist struggle through to the end. In France, Chairman Mao's solemn statement was read to a mass and got a warm welcome. In Ireland, the Irish Communist Movement (Marxist-Leninist) and the statement with great revolutionary feeling, revolutionary youth and students received it in Britain, various progressive workers, students and revolutionaries from Asia, Africa and groups of Greek workers hailed the solemn

1,500,000 armymen and civilians held a massive demonstration in Peking on May 21, firmly supporting the great leader Chairman Mao's solemn statement in support of the world's struggle against U.S. imperialism. During the demonstration they indignantly denounced U.S. imperialism for its crime of waging the war of aggression in Indo-China.

statement vigorously. In Manchester and Sussex, revolutionary students discussed the solemn statement in small groups over and over again.

This report goes to show the revolutionary fervor which prevails all over the world for the final defeat of the U.S. aggressors and the final victory of the world's people. In the world of today, they will surely fall soon before the rising masses. The revolutionary ranks are steadily swelling and the time is not far off when the people of the whole world will put an end to all fascists and militarists and the exploitation of man by man. Chairman Mao's solemn statement has stirred the revolutionary masses all over the world to such an extent that this new situation will tremendously develop in the coming months. The party of the people of the world against the U.S. aggressors is irresistible. Their struggle against U.S. imperialism and its lackeys will assuredly win still greater victories.

"PEOPLE OF THE WORLD, UNITE AND DEFEAT THE U.S. AGGRESSORS AND ALL THEIR RUNNING DOGS!"

new basis and even more thoroughly as the organizing center of the movement. The discussion greatly lifted the spirits of the revolutionary cadre, and everyone resolved to creatively apply Chairman Mao's solemn statement in their day-to-day work. Immediately after the meeting two raw units were formed to do propaganda for Mao Tse Tung's thought, and early the next morning regular sales of revolutionary class communities was intensified.

The American Communist Workers Movement (Marxist-Leninist) gives the call to its basic units, supporters and all progressive people: VIGOROUSLY DISSEMINATE, CAREFULLY STUDY AND CREATIVELY APPLY CHAIRMAN MAO'S SOLEMN STATEMENT OF MAY 20!

CONCLUSION: In printing Chairman Mao's statement, the May Issues of the Workers Advocate mistakenly omitted the sentence: "FOR THE MASS PEOPLE WHO SUPPORT THE REVOLUTIONARY STRUGGLE OF THE AMERICAN PEOPLE."

With their copies of Quotations from Chairman Mao Tse Tung in their hands, foreign friends attending the Peking mass rally in support of the struggle of the world's people against U.S. imperialism joyously greet Chairman Mao.

AMERICAN PEOPLE: VIGOROUSLY DISSEMINATE, CAREFULLY STUDY AND CREATIVELY APPLY CHAIRMAN MAO'S SOLEMN STATEMENT!

As soon as Chairman Mao's solemn statement of May 20 supporting the anti-imperialist struggles of the people of the world had come out, members and supporters of the American Communist Workers Movement (Marxist-Leninist) published the full text in The Workers Advocate and printed up thousands of copies for distribution among the working and oppressed people in New York, Cleveland, and elsewhere. They were received with great joy and interest by large numbers of people and the newspaper sold extremely well.

In Ohio, the Revolutionary Student Mass Fighting Thought Propaganda Team worked hard and night to disseminate the statement among students and workers. Everywhere, masses of people were most happy to see that Chairman Mao supports their struggles and were glad to read: "The Chinese people firmly support the revolutionary struggle of the American people. It gave many people renewed confidence and courage in their own revolutionary struggles. The American people who are fighting valiantly will ultimately win victory and that the fascist rule in the United States will inevitably be defeated."

Among AWM(L) members and class supporters, there was immense excitement. "This is just what we need!" one comrade said. "This will completely smash the misconception that U.S. imperialism is a real tiger. It will help us completely expose its paper tiger nature and attack it more successfully."

Small group discussions were held and public meetings are planned to further discuss Chairman Mao's revolutionary directive. At a meeting in Cleveland, a leading member of AWM(L) said the Chairman Mao's statement that "revisionism is the main trend in the world today" is of basic importance. He said, "When you see the truth of this great statement, you have to throw yourself into the storm of the revolutionary struggle heart and soul." He then stressed two current slogans of the AWM(L): "Fear nothing, hardship nor death" and "We will go to the ends of the earth to propagate Mao Tse Tung's thought." He said, "Chairman Mao has once again pointed out the paper tiger nature of U.S. imperialism. We should not allow its twisted lies to mislead us into believing that it is strong when in fact its panic is the clearest sign of weakness." The comrade went on to state that Chairman Mao's solemn statement is the first political directive of the final stage of world revolution and reflects a new level in the development of the struggle of the international communist movement and world's people against their internal enemy, revisionism, as well as against external reaction. "We must fight and criticize revisionism all the harder," he stressed, and pointed to the concrete manifestations of revisionism: 1) Those who don't believe there will be revolution, and therefore seek careers at the expense of the working and oppressed people and 2) Those who believe there will be a revolution but advocate that communists should go and hide themselves so they will survive the revolutionary struggle and be able to give leadership afterwards. "These filthy lines are being smugled in the course of our concrete struggle," the comrade stated. Comrades left the meeting resolved to distribute the statement in several languages, hold a mass meeting to discuss it, and use the statement to develop their mass work in preparation for a demonstration against anti-fascist Agha.

At another meeting in New York, a comrade pointed out how Chairman Mao had correctly mapped out the situation in the world and in the United States and used numerous examples from actual organizing experience to prove the truth that "a new upsurge in the struggle against U.S. imperialism is now emerging throughout the world." The comrade continued by saying: "We apply Chairman Mao's solemn statement to our own circumstances in order to see how to move the unity of the working and oppressed people to a higher level on a principled basis." Several people at the meeting said that the main need of the movement now is to develop the revolutionary propaganda to a new intensive and unified scale, mainly by uniting more closely around the proletarian revolutionary center. It was agreed that this could only be done by developing the Communist newspaper.

DOWN WITH TROTSKYISM!

There cannot be any alliance with or any concession to the Trotskyite group. We must do everything possible to lay bare their faces as henchmen of the fascists and annihilate them politically.

Ho Chi Minh, 1939

The recent revolutionary mass upsurge in the United States has sent the Trotskyite movement into a frenzy. Unable to control the events with their bureaucratic organization, faced with repudiation by masses of ordinary people, the Trotskyites are resorting to all the old imperialist tricks in a last desperate effort to quell the revolutionary movement. The counter-revolutionary role of Trotskyism in the U.S. has been amply demonstrated by their activities in the "anti-war" movement, which they have attempted to control all along.

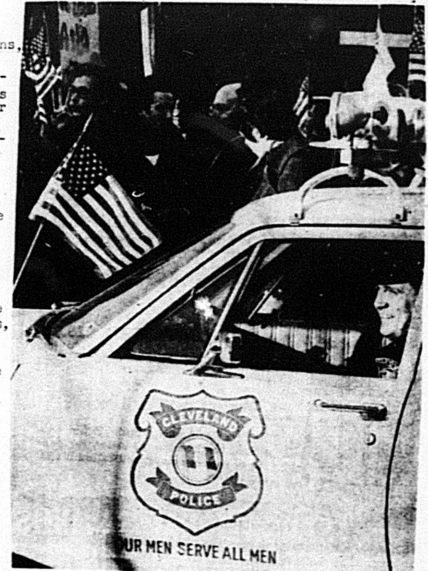

Right from the start the Trotskyites called for the most unprincipled unity and along with the revisionists formed a "united front to reform imperialism", using the war in Vietnam as the single-issue-in-itself, in an attempt to hoodwink the American people into believing in the sensibleness of the imperialists. The Trotskyites have organized numerous pacifist marches and have consistently fought to keep politics out of the hands of the masses and behind closed doors. Therefore, whenever progressive forces attempted to develop the anti-imperialist politics, to put into effect Chairman Mao's line of a united front to defeat imperialism, and to criticize the Trotskyite leadership, the reply always came that, "We have to organize as broad a demonstration as possible; we can bullshit about ideology over a beer", thus hoping to enforce their counter-revolutionary ideology through bureaucratic measures.

The crimes of these parasites can be traced back for many years. For instance, at a large public rally held in Cleveland, Ohio, the night before the Pentagon demonstration in October, 1967, a band of local fascists attempted to beat up young demonstrators. When members of the Cleveland Draft Resistance Union and several Black Liberation fighters engaged the fascists in battle, the Trotskyites kept students from joining in the fight and themselves refused to give any aid. They held the rest of the demonstrators on the waiting buses and showed more concern for their own literature table than for anti-fascist fighters. The next day, during the evening demonstration at the Pentagon, the Trotskyite leaders from Cleveland could be seen sleeping on the buses while the ordinary students they had organized for the demonstration were left to fight the Army M.P.'s and troops by themselves.

At the "Stop the Draft Week" demonstration in Cleveland, November 27, 1967, police several times attacked the demonstrators, attempting to take away their democratic rights and stop the anti-imperialist struggle. In spite of the deep sentiment among the demonstrators to stand up to the police attacks, the Trotskyites opposed this tactic, called for the demonstration to break up, and after the majority had decided to stay and fight, led some of the people away from the picket line just before the final police attack. This left the picket line weaker in the face of the police onslaught and unfilled many of the demonstrators. In fact, up until this particular anti-draft demonstration, the

Trotskyites had opposed anti-draft demonstrations, thinking them to be unpopular. Once the Draft Resistance movement had organized the demonstrations and their popularity rose, the Trotskyites jumped on the band wagon and actually called for the next demonstration in Cleveland on December 8, 1967! The anti-imperialist forces were determined to be prepared for the possibility of police attacks and immediately began organizing a defense squad armed with helmets and shields painted over with signs to protect against police horses and clubs. The Trotskyites who came to defense meetings opposed these measures on the grounds that they would provoke the police to attack, knowing full well that the police had attacked anyway on November 27 when only a few helmets were present. In spite of a majority vote in favor of the defense measures, the Trotskyites showed up without helmets or shields, thus weakening the defense line. In addition, without informing the leadership of the demonstration, one of the Trotskyite leaders told the police chief that no "disruptions" at all would take place and the demonstration would be orderly, despite the fact that he knew of (and opposed) plans to stop busloads of draftees and leaflet them, a tactic that had proven effective in the past. He announced his traitorous actions to the stunned demonstrators, and the militancy of the demonstration was only maintained by the disciplined anti-imperialist leadership, and by the discovery that the frightened selective service officials had called off inductions for the day entirely.

The Trotskyite collaborators recognized at the time that there was a growing demand among the American working and oppressed people for more militant attacks on the U.S. monopoly capitalists, and quickly came up with a two-pronged program for controlling the masses. On the one hand, they escalated their rhetoric. "Black control of the Black community", "End the war in Vietnam-NOW" and "End Campus Complicity With the Military" became favorite slogans. On the other hand, they stepped up their measures for destroying the militancy of the masses. Long marches designed to tire the demonstrators out were planned. At the end of the march the masses were bombarded with long, boring speeches, including the reading of the names of every dead GI since the beginning of the War, and degenerate rock music was played. On campus, petition campaigns were launched and Trotskyites ran candidates in student government elections. Instead of developing the ability of the masses to launch attacks on US imperialism, these tactics promote passivity and the feeling that "imperialism is strong while the people are weak". In addition, the Trotskyites promote imperialist symbols on the marches, for instance, the "peace" sign promotes passive resistance instead of encouraging people's war. In recent demonstrations the Trotskyites have even begun passing out American flags, which have always represented Big Business forces in the U.S. opposed to the American and world people's aspirations for freedom from exploitation and oppression.

Police and marchers carry flag of U.S. imperialism during April 15 "peace march" in Cleveland.

Most of these Trotskyite tactics have been aimed at the progressive intellectuals who make up the bulk of the anti-war demonstrations. In an attempt to hedge against the day when large numbers of workers come out to actively oppose US imperialism, the Trotskyites promote notorious labor hacks, like Sam Pollack of the Meatcutters Union, whom they rely upon to "involve" (control) the justly enraged workers. Pollack has seriously slandered his own rank-and-file saying "They don't care what your politics are, as long as you bring home the bread and butter." This anti-working class line is the same line the imperialists have been pushing for years and can only reflect the fact that workers do prefer bread and butter to Sam Pollack's political line. The only purpose of such ideas is to spread pessimism among progressive forces about the prospects for revolution and to assure the comfortable careers of such people as Pollack and the Trotskyites.

These lying parasites, however, have been unable to keep on top of the developing revolutionary spirit among the American people. They have been forced to collaborate more and more openly with the police. At an ATW stockholders meeting demonstration on April 18, 1969, in Cleveland, the Trotskyite misleadership broke up and divided the militant demonstrators on orders from the Cleveland police when the masses threatened to take a clear stand in self-defense. The Trotskyites then led the people into a closed-in Mall where the mounted police were able to charge the people. The Trotskyites had disappeared from the demonstration by that time. At another demonstration in Washington, D.C. last month, Trotskyite-organized marshalls placed their bodies between demonstrators and police in order to protect the police from the peoples' just wrath (see photo). This alliance in practice between Trotskyism and fascism is based on the survival needs of the two. The Trotskyites need peace inside the movement in order to keep their pro-imperialist ideology from being exposed and in order to keep fighting leaders from among the masses from destroying their bureaucratic positions. The fascists need "peace" in the U.S. and the whole world because as long as the working and oppressed people are waging a struggle, the fascists are unable to consolidate their system of exploitation and repression and they face the imminent danger of being wiped out. This Trotskyite-imperialist "Holy Alliance" is developing rapidly and will intensify in the future. It is one of the primary reasons why ordinary progressives are now coming forward to denounce Trotskyism and repudiate Trotskyites as leaders of the revolutionary mass movement.

HAIL MASS LINE!

(Cont. from page 1.)

gle solution to the problems of the oppressed people - revolution. These front-line defenders of the imperialists - whether in the guise of trotskites, revisionists, social-democrats or just plain hacks - all use their elite bureaucratic method to suppress the revolutionary initiative of the masses. Right now, in Cleveland, at the very moment that workers are rising everywhere to settle accounts with the sold-out union hacks, these opportunists are mobilizing large numbers of these labor fakers and claiming that the working class is joining their "peace" movement! To this we have counter-posed the method of integrating with the working people and doing deep-going ideological work for revolution among them. MASS LINE, like The Workers' Advocate before it, opposes the opportunist elements sharply and in a concrete manner: it lays all the cards on the table, takes Mao Tse Tung Thought to the people, applies it to the concrete solution of their problems and calls for mass democratic discussion and struggle to settle every question. MASS DEMOCRACY vs. ELITE BUREAUCRACY is the fundamental form taken by the struggle between the proletariat and the bourgeoisie on the ideological front. MASS DEMOCRACY, the revolutionary method guided by Mao Tse Tung Thought, seeks truth from the facts of the experience of the people, concentrates this experience into a purer, more systematic form, creates plans and returns to the people to test these plans out in actual struggle. MASS DEMOCRACY can thus be characterized as using Mao Tse Tung Thought to SEEK TRUTH FROM FACTS TO SERVE THE PEOPLE. In the course of constant repetition of this process the people gain experience, learn at each step, become able to unite and forge for themselves all the weapons needed to defeat the bourgeoisie.

ELITE BUREAUCRACY, the opportunist method, proceeds from the opposite standpoint, with the opposite motive, and the two methods are locked in mortal struggle. ELITE BUREAUCRACY may be characterized as OMOCCOING FACTS FROM WISHES TO MISLEAD THE PEOPLE. It begins with the subjective desires of a few people to preserve their careers as "expert" revolutionaries or union hacks at the expense of the people, creates some facts on the basis of the objections their bourgeois masters have to the revolution ("The masses are greedy," and "workers oppose communism and are racist.") and brings these fantasies to the people as "theory" proving how "backward" the working and oppressed people are. These people put themselves first and revolution last in everything. Coming generally from the petty bourgeoisie, these "HENS IN THE BACKYARD OF THE WORKING CLASS MOVEMENT" peck on the leavings of the proletarian revolutionaries and pretend they are making revolution or solving some problems. From labor hack George Meany to revisionist William Kuntzler to trotskyste Syd Simpleton they are all dead corpses, giving off a deceptively radiant stink like the iridescence given off by a rotting fish.

All these rotten forces have organized a Holy Alliance of the so-called "left" which is in fact an alliance with the fascists in the name of "peace." Who is it that wants peace now, when the revolutionary masses are rising up everywhere and Chairman Mao, in his solemn statement of May 20th, has given the first political call in the final stage of world revolution: "PEOPLE OF THE WORLD, UNITE AND DEFEAT THE U.S. AGGRESSORS AND ALL THEIR RUNNING DOGS!" Either you follow Chairman Mao's line and form a genuine united front to defeat imperialism, requiring armed struggle against fascist repression, or you form a "united front to reform imperialism," call for "peace" and are passive before the fascists. Peace is a class question and there can be no peace for the oppressed classes and peoples so long as imperialism exists. As Chairman Mao pointed out in his solemn statement "EVER SINCE WORLD WAR II, U.S. IMPERIALISM AND ITS FOLLOWERS HAVE BEEN CONTINUOUSLY LAUNCHING WAR OF AGGRESSION AND THE PEOPLE IN VARIOUS COUNTRIES HAVE BEEN CONTINUOUSLY WAGING REVOLUTIONARY WARS TO DEFEAT THE AGGRESSORS." The oppressed people only take up the gun in order to put down the gun, to eliminate the source of war in the exploitation of man by man, while the bourgeoisie will never put down the gun until it perishes. To advocate peace and non-violence as a rule precisely at the time when fascism is consolidating rapidly in the U.S., and to condemn those who advocate self-defense and armed revolution, is to go over to the side of the fascists. Recently, a leader of the Holy Alliance in Cleveland accused the American Communist Workers Movement (Marxist-Leninist) of using "violent methods" to achieve peace. THIS IS OUR GREAT HONOR -- TO STAND IN THE COMPANY OF THE GREAT REVOLUTIONARIES MARX, ENGELS, LENIN, STALIN AND MAO TSE TUNG, AND CARRY OUT ARMED REVOLUTION TO END EXPLOITATION AND WAR! The Holy Alliance's Alliance's call for "peace" in the world is the twin brother of its call for an end to ideological struggle in the ranks of the people, and

serves the fascists equally. Thus there is broad agreement from H.L. Hunt and Henry Ford to the trotskites and revisionists that revolutionary violence is a bit adventurous right now although it was just fine at the time of the Boston Tea Party.

These lines also have their reflection among the people who agree that they want to fight imperialism but who, in one way or another, withhold Mao Tse Tung Thought from the people. Having a communist journal for petty bourgeois intellectuals while relegating the workers to economic struggle is one form this takes. Agreeing that ideological struggle is primary but in practice putting trade union caucuses and economic struggle foremost is another form. The revisionist party, for example, never in its entire existence put revolutionary struggle over struggle for reforms, never formed a united front to defeat imperialism, and thus was never a revolutionary party. This is why it has left no legacy useful to communists today. Many sincere anti-revisionist people follow this line, and their elite bureaucratic method of work will end them up in the Holy Alliance, too, if they don't change soon.

The opportunist method of work even has its adherents within our own organization. Some members have joined the movement politically but not ideologically, as Chairman Mao points out in "Talks at the Yenan Forum on Literature and Art." The key question is to remold world outlook of all who become communist in sympathies in order to become communist in ideology and method. Comrades from petty bourgeois intellectual background, growing up furthest from production and class struggle, have the most thoroughgoing remolding to go through, but comrades from worker background should not become conceited since they, too, have been influenced by the bourgeois ideology of detachment from the people, devotion to self. As Chairman Mao points out, the way to remold world outlook is to study Marxism-Leninism in the course of taking part in the struggles of the working and oppressed people. There is no other way. Comrades and the broad masses should study and apply Chairman Mao's Three Constantly Read Articles, reprinted here on page 2. In the course of study and practice they will gradually recognize the class character, the struggle between the two lines and the two classes, in everything they do, and will be able to consciously strengthen the proletarian method of doing things. This will greatly release their revolutionary initiative and all kinds of miracles will be performed.

One year of publication of The Workers' Advocate has released the initiative of large numbers of people, raised their ideological level, and prepared the material basis for advancing to a still higher level with the inauguration of American MASS LINE. MASS LINE is just such a miracle. Starting with a few comrades coming out of the actual struggles in the universities and working committees, our movement has grown from small to large, from a local group to a national organization with strong working-class and student units in sev-

eral cities and supporters all over the country. Our bright red newspapers sell by the thousands to workers, national minority people and students, and groups are being set up all the time to study and apply Mao Tse Tung Thought to American conditions. This is no small achievement in the heartland of imperialism, where bourgeois ideology of compromise and self-service has diverted every other Marxist-Leninist movement from the bright red road of Mao Tse Tung Thought and proletarian revolution. Workers' Advocate was the first Marxist-Leninist newspaper in the United States; the American Communist Workers Movement (Marxist-Leninist) is the first communist movement; MASS LINE WILL FOLLOW THIS GLORIOUS TRADITION AND WILL LEAD TO THE ESTABLISHMENT OF THE FIRST COMMUNIST PARTY OF THE UNITED STATES OF AMERICA (MARXIST-LENINIST) IN THE VERY NEAR FUTURE! THEN LET ALL THE OPPORTUNISTS HOWL; THEY WILL BE FACING THEIR GAVES!

Comrades and friends, we must move the struggle forward step by step, unite the different currents of the American people's struggles into one vast hurricane, and create, steel and develop a revolutionary party of the new type in the victorious course of these struggles.

To this end, MASS LINE, as official organ of the American Communist Workers Movement (Marxist-Leninist), gives the following call to its close supporters and the broad masses:

1) PERSIST IN THE WIDE-SCALE DISSEMINATION OF MAO TSE TUNG THOUGHT AND CARRY OUT A PEOPLE'S WAR OF ANNIHILATION ON THE IDEOLOGICAL FRONT! VIGOROUSLY DISSEMINATE, CAREFULLY STUDY AND CREATIVELY APPLY CHAIRMAN MAO'S SOLEMN STATEMENT OF MAY 20! ESTABLISH WIDE-SCALE DISTRIBUTION NETWORKS FOR MASS LINE!

2) ORGANIZE ACTUAL STRUGGLE UNITS IN THE COMMUNITIES, AT THE PLACE OF WORK AND IN THE UNIVERSITIES! UNDERGROUND, COMBAT, ARMED AND BASED ON CONSCIOUS AND VOLUNTARY DISCIPLINE!

3) REMOLD WORLD OUTLOOK BY PUTTING MAO TSE TUNG THOUGHT IN COMMAND OF EVERYTHING AND INTEGRATING WITH THE STRUGGLES OF THE WORKING CLASS!

4) FOLLOW THE SPIRIT OF FEARING NEITHER HARDSHIP NOR DEATH TO ADVANCE THE RESISTANCE MOVEMENT FORWARD!

DEATH TO FASCISM! DEATH TO U.S. IMPERIALISM!

VICTORY TO THE AMERICAN WORKING CLASS AND PEOPLE!

LONG LIVE THE UNITY OF THE WORKING AND OPPRESSED PEOPLE OF THE WHOLE WORLD!

LONG LIVE MASS LINE!

LONG LIVE MARXISM-LENINISM-MAO TSE TUNG THOUGHT!

LONG LIVE CHAIRMAN MAO!! A LONG, LONG LIFE TO CHAIRMAN MAO!!!

NEWS BRIEFS

POSTAL WORKERS ATTACK UNION HACKS

At a meeting in New York City of Branch 36 of the National Association of Letter Carriers June 11, a vote was taken on whether to strike immediately or to wait until July 1 to vote again. Using a typical union hack trick, Gustave Johnson, president of the local, claimed that a 50-50 vote was a decision to postpone the strike. Justly angered by this bureaucratic manipulation, many rank-and-file workers rushed the speakers platform, forcing Johnson to flee under police protection. One worker explained to a news reporter, "These guys (labor hacks) are just in it for themselves. They don't care what happens to us because they're lining their own pockets!" while another called out, "I'd like to see them work hard like we do!"

This incident again illustrates the deep sentiment among the working class people against all parasites, including the labor hacks who live well off the labor of working people while supporting the interests of the monopoly capitalists.

U.S. SUPREME COURT TAKES UP THE STICK AGAINST RISING WORKER MILITANCY!

A union attorney recently pointed out that "A lot of workers, especially younger workers, are in revolt against their union's leaders... they say 'direct action is what works'." In response to this fact, the bourgeois hacks all the way up to the U.S. Supreme Court are developing more fascist policies. The U.S. Supreme Court recently changed its traditional (since 1962) position under the Norris-LaGuardia

Anti-Injunction Act of 1932 and decided that a Federal judge could file an injunction against wildcat strikes. This policy was recently threatened in the Teamsters strike. Since the government inevitably plans armed troop repression of strikers, the American working class is preparing armed revolution for the government.

WALLACE RUNS DESPERATE RACIST CAMPAIGN IN ALABAMA

George Wallace unleashed a desperate, open racist campaign in Alabama and managed to get himself re-elected governor of Alabama. Wallace accused his opponent Brewer of forming a "spotted alliance" between "Negroes and their white friends." A Wallace campaign poster gloated: "This Black and White Social-Fascist Alliance Must Not Dominate the People of Alabama!"

Normally, parliamentary voting campaigns must be taken with a grain of salt, since they always fundamentally come down to a puppet show between two representatives of the monopoly capitalist class and can never reflect the genuine interests of the working class. But this election has deeper significance: To win this election, arch fascist George Wallace had to whip up racist hysteria in order to scare the reactionaries into voting in what the experts in Alabama voting history call the "dirtiest campaign ever seen in Alabama." The fact that he had to run such a campaign reflects the fact that the Black and white masses are drawing closer together. Chairman Mao points out that the masses of Black and white Americans have common interests and "are bound to merge" and overthrow the U.S. monopoly capitalists. Arch fascists like Wallace, who can depend on irrational hysteria for only so long, are definitely going to meet their doom. Time is running out for them; Truth is on the side of the people!

REVOLUTIONARY MASSES CONDEMN ZIONISTS

Militant Americans have demonstrated widely in support of the Indo-Chinese people's revolution and against Nixon's fascist aggression there. Now, in Cleveland June 6, the revolutionary masses have stood up against another gang of U.S.-backed fascists, the Zionist rulers of the illegitimate state of Israel, and have taken a resolute stand in support of the people's war being waged by the Palestinian people to regain their homeland.

More than fifty revolutionary workers, students and members of the Palestinian national minority held a vigorous demonstration at the site of a fund-raising dinner for the "mayor" of Jerusalem. He came at a time when the U.S. imperialist press is ignoring the slaughter of Arab workers and children by U.S.-supplied Israeli jets and is weeping crocodile tears over "Arab atrocities." The mayor of Cleveland, Carl Stokes, traitor to the Afro-American people and lackey of the big capitalists, was there to greet the Zionist "mayor." Rich Zionists, dressed in silk suits and gowns, came to prop up the Israeli economy with the millions they have extracted from the blood and sweat of the American working class. All these decaying forces were deeply shaken when Palestinian Arabs, American workers and their close friends, led by the American Communist Workers Movement (Marxist-Leninist), appeared in force and denounced them thoroughly as fascists--as "new nazis!"

The slogans that the revolutionary masses shouted clearly pointed out the nature of the Zionist state in Palestine: "Zionism Is Fascism!" "Moshe Dayan is a new Hitler!" and "Down with the New Nazis!" The leaflet distributed to passers-by clearly showed how the Israeli state carries out the same reactionary policies of aggression and genocide and justifies this with the same racist and religious ideology as the old Nazis. (Lately the Zionists have been trying to define who is a Jew by blood line, the same criterion used by the old Nazis to decide who was an Aryan and by the American bourgeoisie to decide who is Black.) The leaflet exposed the Zionists' criminal eviction of millions of Palestinian Arabs from their homeland and their criminal attempts to use the native Jewish workers and farmers to fight against their Arab class brothers. The leaflet revealed the hand of the big U.S. oil monopolies, who sponsor Israel in order to provide a buffer to prevent the Arab masses from kicking out U.S. imperialism. "Long Live the Great Unity of the Jewish Working Class and the Arab People of Palestine!" the marchers shouted; "Death to U.S. Imperialism and its Zionist Lackeys!"

Many Afro-American and white working people expressed enthusiastic support for the Palestinian revolution, stating that they, too, needed to unite to defeat the U.S. monopoly capitalist class. One worker declared, "We are getting ready to give the Arab people the best support possible. We are going to follow the example of the Arab commandoes and overthrow the U.S. government by force of arms, liberate our own people and bury these big capitalists once and for all!"

The militant slogans, red flags, banners of the Arab commandoes and a large portrait of Chairman Mao all scared the Zionists and their accomplice Carl Stokes out of their wits. At one point Stokes came out, protected by a line of police, to see what he thought was a "Peace" demonstration. One worker shook his fist in Stokes' face while the others shouted "Down with Lackey Stokes!" The puppet mayor's smile vanished and he broke out into a sweat. He soon vanished. A Zionist businessman attacked one of the Arab demonstrators--a mistake he will never forget! He was dealt with thoroughly by the comrades and friends. Five other times the Zionists attacked the demonstration and were firmly repulsed.

The revolutionary masses stated that Stokes' appearance only further revealed his role as a lackey of U.S.-Zionist imperialism and fascism. He recently visited Israel where he was the guest of the same "mayor" of Jerusalem and presented Zionist "premier" Golda Meir with a key to Cleveland. The return visit of the "mayor" of Jerusalem is a disgusting repayment of political debts to Stokes' rich Zionist backers in Cleveland and a low attempt to win support for Zionism among Black people in Cleveland. When the Zionist goons of the Jewish Defense League carried out fascist attacks on the offices and members of the Palestine National Liberation Movement and the Black Panther Party in New York recently, Stokes made no protest but went ahead with his plans for this "Israeli bond dinner."

Many progressive Arab students and workers resident in the U.S. defied political harassment to march in support of the struggle in their homeland. They shouted "Long Live Al-Fateh!" and "Long Live the Popular Front!" and wore pins and carried posters signifying their determination to carry the struggle through to the end.

All the demonstrators gave resolute support to Chairman Mao's great strategy of people's war. They rejected the Zionist-pacifist-

trotskyite slogan of "peace" by shouting "No Peace with the Fascists!" "No Peace with Imperialism!" "Escalate People's War!" They showed their faith that the masses of Arab people will win, despite the advanced weapons supplied to the Zionists by the U.S., by chanting "U.S. Jets are No Match for Arab Commandoes!"

The demonstration carried out Chairman Mao policy of proletarian internationalism by showing that the struggle against fascism and for proletarian revolution in the U.S. has the same enemies and the same friends as the Palestinian revolution and the two struggles support each other. The demonstrators made this cry clear by shouting the great call given by Chairman Mao's solemn statement of May 20: "People of the World, Unite and Defeat the U.S. Aggressors and All their Running Dogs!"

Workers Defend Political Rights

Mass democracies against fascist intimidation have begun to break out among workers!

In Cleveland, a reporter from the bourgeois press attempted to photograph workers, one of them a communist, who were standing in a market place discussing literature calling for a demonstration against Agnew. Led by the communist, the workers severely denounced the lackey reporter and sent him cowering away.

This spy for the fascists began by eavesdropping on workers discussing the eventual overthrow of Agnew and his kind. One man was saying that after 35 years in America he was going back to Scandinavia because the fascist situation in America had gone too far. When the lackey news agent asked the man for his name the worker proudly gave it, not realizing who the agent was. The communist exposed the lackey reporter, and the worker and communist soundly warned of reprisals if the reporter printed his name in the bourgeois newspaper.

The spineless reporter then waited until the communist's back was turned and began to take pictures. One woman, spotting him, demanded that he stop. Leading the struggle against this fascist spy, the communist blocked the lens of the camera while the photographer tried to continue taking pictures of the angry workers. The young communist loudly denounced the agent for "trying to intimidate the people and interfere with their democratic rights!" He shouted; "The workers here want to hear about the demonstration against Agnew, they want to discuss the overthrow of the U.S. imperialists and they don't want you to take their names and their pictures for the imperialist newspapers!" Thoroughly exposed and humiliated, the flustered agent dropped his camera and bag to physically attack the communist.

In his confused state the bungling agent stepped on a woman and knocked her over, fracturing her foot and causing her to go into diabetic shock. Angry women turned the tables on the news agent and took pictures of him. Workers came forward and demanded that he produce a press card and forced him to show proof of his identification to the injured woman. While assisting the woman, the workers forced the lackey reporter to promise before the large crowd that he wouldn't print any of their pictures. He was severely warned that he would definitely face trouble if he did!

Under the fire of mass democratic struggle, all the attempts of these fascist lackeys to intimidate the people will come to no good end!
