\*STUNTS CANNOT SAVE THE TROTSKYITE-REVISIONIST VSC CLIQUE \*  
\*\*\*\*\*

"Make trouble, fail, make trouble again, fail again... till their doom; that is the logic of the imperialists and all reactionaries the world over in dealing with the people's cause, and they will never go against this logic. This is a Marxist law." - Mao Tse-tung.

After October 27 last year, Callaghan, the Home Secretary, the Metropolitan Police Chief and the bourgeois press, all the henchmen of British imperialism, paid fulsome tributes to their beloved playboy Tariq Ali and his fellow tricksters on the VSC leadership - the IMG trotskyite and revisionist clique - for leading thousands of young people away from Grosvenor Square, the den of US aggressors, to their Hyde Park picnic.

Some 8,000 revolutionary militants (later joined by another 5,000) led by the Britain-Vietnam Solidarity Front (BVSF), defied all the slanders and lies as well as the intimidation of some 15,000 cops manning the "death-trap" and marched boldly into Grosvenor Square. They refused to be tricked by the diversionary tactics of the VSC leadership and resolutely stuck to the target, the Embassy of the United States, the principal aggressor in Vietnam and the main enemy of the world people.

With the growing prestige of the BVSF as the revolutionary organisation with a correct militant policy of solidarity with Vietnam, and the increasing exposure of the revisionist-trotskyite VSC leadership, the honest rank and file members have courageously attacked the bankruptcy of their leadership and their double-faced reactionary tactics - solidarity in words but treachery in deeds. The bickering and in-fighting in the VSC has reduced it to a rump of the so-called "left" (who are right in practice) - the small trotskyite IMG with the revisionist CPGB and YCL as main support.

Soon after the October 27 demo, the BVSF announced their next demonstration in March, both against US imperialism and Soviet revisionist social-imperialism (socialist in words - imperialist in deeds: Lenin), the two main enemies of the world people who, while struggling against each other, have been intensifying their collaboration for the domination of the world and to divide it into their respective spheres of influence. After their aggression and military occupation of Czechoslovakia with the tacit agreement of US imperialism, the true, ugly features of Soviet revisionism as social-imperialism and social-fascism, have become thoroughly exposed. The resolute opposition of revolutionary people against US and Soviet imperialism has forced them into an impasse. Their lackeys and stooges are finding it more and more difficult to serve their masters. The VSC rump clique have been wracking their brains to find a way to stall the disintegration of their organisation by putting up another fraud demonstration. Of course, the staging of a demo against US imperialism in Grosvenor Square, the "death-trap," was out of the question. This would go against their revisionist policy, according to which the Vietnamese people can win "peace" through negotiations, instead of persevering in people's war against the US aggressors - so why arouse people's hatred of the aggressor?

BRITAIN-VIETNAM SOLIDARITY FRONT ; OPEN CONFERENCE

Revolutionary militant youth and workers are invited to the BVSF Conference to plan the struggle against the growing attacks of the capitalist bosses and their tool, the Labour Government, and further carry forward the struggle against US imperialism, Soviet social-imperialism and their lackeys (on Saturday & Sunday, April 26 & 27, in London). Registration fee 5/- per person. For details, write to General Secretary, BVSF, 58 Lisburne Road, London, N.W.3.

As usual, the revisionist CPGB, past-masters of trickery, came to the rescue. They hit upon a new diversionary stunt. The revisionists suggested "let us invite an NLF delegation to address the British public and organise a mass reception at Heathrow Airport. If the Government refuses to let them in, we shall protest against British complicity in the US war and demand 'freedom of speech for the NLF' " As in October, not to attack the main aggressor, US imperialism, but its lackey, the Wilson Labour Govt. - that is the diversionary tactic of the VSC leadership, not only to hoodwink the militant youth but to serve the imperialists and revisionists.

Unfortunately for them, the Home Secretary, Callaghan, took the wind out of their sails by granting a visa to Madame Binh, the deputy leader of the NLF delegation in Paris, to address a CND rally on April 7. So their airport jaunt is off and what remains is the "free speech" petition exercise. To throw dust in the eyes of the revolutionary youth they will carry out the formality of skirting the "death-trap" Grosvenor Square.

Revisionist treachery is becoming patently established. On July 21 1968, the revisionist YCL not only organised their publicity stunt for their Sofia jamboree to collect bicycles for south Vietnam but, in fact, acted as policemen in plain-clothes to attack the militant demonstrators in Grosvenor Square, assisting the official cops. Many people were incredulous when we charged Barney Davis and others as police agents. On March 1st the revisionist CPGB and YCL once again came out in the open as servitors of the bourgeois state machinery, especially as police agents. In Sheffield there was a Vietnam demo supported by some 1,500 people. The CPGB stewards collaborated with the police by bodily pushing demonstrators in a vain attempt to keep them on one side of the street. They went out of their way to aid the police by handing over militants for arrest. At the City Hall meeting when their chieftain, John Gollan, attempted to speak, he was booed and heckled. The revisionists called in the police and more arrests were made. Of the total 24 arrested, half were fined from £25 to £30 each. Many honest YCL members, in disgust with the treachery of their leadership, tore up their membership cards on the spot.

While the CPGB and YCL revisionists joined the "Hot Reception for Nixon Committee", not only were they opposed to adopting any common political line, but did not lift a finger to mobilise any people for the demonstration outside Claridges on Monday, March 24, where the chieftain of US imperialism was staying. Despite the announcement in the "Morning Star" regarding their "march from Trafalgar Sq. to Downing St." on Tuesday 25th, there was no sign of any mobilisation, banners or placards. Only the BVSF with its supporters dared defy the 3,000 police in Grosvenor Sq. and outside Claridges, and demonstrated at Downing St., thus upholding the prestige of the revolutionary militant youth of this country. Despite the press black-out, the BVSF dared to demonstrate both against the Soviet revisionist social-imperialists and US imperialists on March 9th.

LET THE HONEST, MILITANT MEMBERS OF THE VSC AND YCL DENOUNCE THE TREACHEROUS TROTSKYITE REVISIONIST CLIQUE AND JOIN BVSF TO BUILD A GENUINE REVOLUTIONARY ANTI-IMPERIALIST MOVEMENT IN THIS COUNTRY.
