Workers' Power is the weekly newspaper of the International Socialists. If you have already seen a copy then you know that it is a newspaper that stands on the side of the working class. We think that it is the best newspaper that you will find anywhere. And because we do, we want you to become one of our regular readers.

Workers' Power is a biased newspaper and it makes no effort to hide it. WE ARE AGAINST lousy wages, unsafe jobs, layoffs, racial and sexual discrimination. WE ARE FOR workers' control of the unions, of production and of society. The major daily newspapers are always telling the bosses' side of the story. Workers' Power tells our side of things.

Over the years Workers' Power has developed the best working class news network in the country. Every issue is full of major labor stories, letters from the readers and in depth reporting on the rank and file movements that many of you are involved in. Our reporters are our readers. They are individuals just like you. See what they are doing and what they have to say every week.

But Workers' Power is more than just a workers' newspaper. It is a socialist newspaper. It takes the point of view that workers can and should rule this society. We produce the wealth and we should control it.

You may not agree with everything that you read in Workers' Power but you will find it interesting reading.
