To All Organizers and NC Members

Dear Comrades,

This fall Rich Finkel and Frank Boehm will be conducting national organizational tours for the YSA. They will be visiting every YSA local between October 12 and mid-December. These tours are extremely important for both the National Office and the YSA locals around the country. They offer comrades the opportunity to discuss their plans and perspectives for building the YSA and to exchange ideas and suggestions on both local and national functioning with members of the National Office staff.

These tours are primarily organizational rather than speaking tours. Most of the time in each area will be spent in meetings with comrades. The tour stops should be carefully planned out well in advance to make sure there is sufficient time allocated for meetings with the organizer, executive committee, and local.

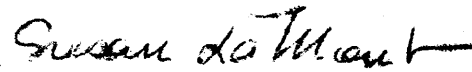

Both Rich and Frank have public talks prepared. Every local should plan and build public meetings. No meetings, however, should be planned on travel days - these are for rest as well as travel.

Rich will be speaking on "American Students and the Arab Revolution," and can be billed as a National Office staff member. The title of Frank's talk is, "The May Student Revolt and the Coming American Revolution," and he can be billed as a member of the National Committee of the YSA. The public talks can be used to raise money to help cover the local tour quota. Comrades should also look into the possibility of obtaining honorariums from campuses as an easy way of raising the tour quotas. The quotas must be given to Rich and Frank at each stop. Any money above the tour quotas from honorariums must be sent into the National Office.

Comrades should note that the tour schedules are extremely tight. Because of the addition of many new locals it became necessary to schedule one day only in many locals. Locals scheduled for one or two days should set up no more than one public meeting. Locals scheduled for three days can set up two public meetings.

Because of this tight schedule, changes can only be made if absolutely necessary. If there are any problems with the schedules or quotas, locals should inform the National Office immediately.

Comradely,

Susan LaMont
National Chairwoman
