

struggle to victory. It's the only party that's fought to throw Rinaldi and Washington out of office so the workers can prepare a strike to win their demands. It's the only party that mobilized workers for the last union meeting and stopped Rinaldi and Washington's attempt to overturn the strike vote. And it's the only party that's fought to bring back Ellis, stop the discipline, and win an immediate reduction of workloads through the recall of all laid off workers with a strike! We've been able to wage this uncompromising struggle in the interests of the working class precisely because we are the US Section of the world party of the working class.

For precisely this reason the imperialist union bureaucrats, the Stalinists of the RCP and "Time-to-Unite," the SWP are united, openly or by omission, in defense of the law -- the Voorhis Act -- which demands that we turn over to this imperialist government, copies of every one of our publications, internal and external, the times, dates, and places of every one of our meetings, the names, addresses, and occupations of every one of our members, supporters, and participants in our struggle.

WE REFUSE. It's a blatant attempt to stop the American working class from uniting with the workers of the world to build their own party to lead them to power, to force it to support the imperialists' "Democratic" Party or some national reformist party. It's an attack on the right of the young workers to unite with their comrades throughout the world in Barcelona to build the Revolutionary Youth International. It's an attack on the right of every worker to stand up fight for what he believes in without harassment from this imperialist government and its lackeys.

Beginning with our mobilization to bring back Ellis, stop the discipline, and win full rights for the US Section of the world workers party; to elect a strike committee to lead this fight and oust the bureaucrats -- we can smash this attack and build the party to lead the workers to victory. Organize meetings in your department to discuss and adopt this resolution for the union meeting; to elect delegations to the meeting of the Revolutionary Young Workers and their defense guard to prepare the fight in the Union meeting.

YOUNG WORKERS!

It's not only your struggle which is panicking Carter, the UAW bureaucrats, all the Stalinists, and centrists. It's the mobilization of the working class throughout the world, especially that of the young workers, especially that of those in Europe, in Spain, France, and Poland.

The only way to take forward your struggle to organize a strike to win you demands, to build the party to lead your class to power, is to unite with these workers. The unification of the workers in the capitalist countries -- the United States, Spain, France -- with the workers in the countries of the socialist conquests -- Poland, Hungary, the USSR, in the fight for the Socialist United States of Europe, will put an end to the bureaucracy in the USSR which claims to fight for socialism but disgraces this struggle by collaborating with the imperialists and suppressing the workers. Smashing this apparatus is the key to bringing down the imperialist regime and building a government of workers councils in the US, a United Socialist Republic of the Two Americas.

JOIN THE REVOLUTIONARY YOUTH INTERNATIONAL!

Come to the National Committee meeting 1:00 pm Sunday, June 19
RWY Headquarters -- 3363 Michigan -- Detroit, MI ** 894-2559

YOUNG WORKERS! ALL WORKERS!

The imperialists, Stalinists, and centrists have their strategy to crush your mobilization; suppressing the Spanish revolution, dividing the workers in the capitalist countries from those in the countries of the socialist conquests dominated by the dictatorial Kremlin bureaucrats, destroying your party.

You must have your strategy for victory: the organization of the Spanish revolution, its extension throughout Europe, the unification of the Spanish revolution and the revolution in Eastern Europe and the USSR in the Socialist United States of Europe, the construction of the world party of the socialist revolution, the Fourth International, to lead this fight.

The Trotskyist Organization of the USA calls on you to join this fight by organizing your delegation for the rally for the Socialist United States of Europe in Barcelona, Spain and the Congress of the Revolutionary Youth International, to build the world party of socialist revolution, the party of Lenin and Trotsky to lead this fight; by rallying massive support for this struggle in Cadillac Square in Detroit under the banner: BUILD THE PARTY TO LEAD THE WORKERS TO POWER! DOWN WITH CARTER AND YOUNG AND THEIR LAW AGAINST THE INTERNATIONAL! Unite with the revolutionary young workers of Spain and Poland for the Socialist United States of Europe! To Barcelona to build the Revolutionary Youth International!

YOUNG WORKERS!

The key to victory in your fight to to build your party to organize your struggles and lead your class to power, is your mass, independent organization in the Revolutionary Youth International and its US Section, the Revolutionary Worker Youth, at the side of the Fourth International!

Only in this way can you constantly draw the lessons of your struggle, clarify what is to be done, elaborate the plans necessary to accomplish these tasks, and organize yourselves to carry them out.

The Trotskyist Organization of the USA calls on you to join the US Section of the Revolutionary Youth International and come to the meeting of its National Youth Committee to plan and organize the mobilization for the union meeting to bring back Ellis, stop the discipline, and win full fights for the US Section of the Fourth International with the election of a strike to lead this struggle, and the ouster of the saboteurs Rinaldi and Washington; to elect your delegation to the rally and the Congress of the RYI in Barcelona, Spain; to plan and organize the mobilization to rally support for this cause among all the workers!

You must have your own organization to build the party alongside the Trotskyist Organization. It's with you, revolutionary young workers that we want to build this party. It's only with you that we can build this party!

JOIN THE US SECTION OF THE RYI! Come to the National Committee Meeting!

SPECIAL SUPPLEMENT JUNE 18 1977 254

The UAW bureaucrats and "Time to Unite" are terrified of the workers mobilization to bring back Ellis with a strike! They're postponing the union meeting and organizing goon squads to stop it!

NOW LET'S BUILD THE PARTY AND ITS DEFENSE GUARD TO LEAD THE WORKERS TO VICTORY!

The heads of the UAW are so afraid of the mobilization of the workers to bring back Ellis and stop the discipline with a strike, organized and led by the Trotskyist Organization and the Revolutionary Worker Youth of the USA, they're postponing the union meeting once again and organizing goon squads to keep the militants of the TO, the RWY, their faction and all their supporters out of the next meeting of the Stamping Unit of UAW Local #600 at Ford River Rouge. Last week Rinaldi and Washington called up Local #600 members throughout Detroit, asked them to join this goon squad, to come to its special meeting.

No longer able to suppress the workers' mobilization alone, these same treacherous bureaucrats have secured the cooperation of the Stalinists leadership of the so-called Revolutionary Communist Party (the RCP) and "Time-to-Unite" in their anti-working class and undemocratic tactics.

On Thursday, June 16th, these organizations, which falsely claim to represent the Rouge workers, organized a demonstration begging the bureaucrats to set a deadline for coming to terms with Ford Motor Company and signing a contract, something which they call a "strike deadline" for the sole purpose of confusing the workers.

When we, myself and Robin Sandow, arrived with our banner and our press to mobilize the workers to bring back Ellis and stop the discipline with a strike, to go to the union meeting to elect a strike committee to prepare this fight and oust Rinaldi and Washington, I was attacked by Claude Williams. He tried to tear up my copies of TRUTH and REVOLUTIONARY YOUNG WORKERS and throw me into the street.

But we stood our ground and won many of the young workers there to our fight. Williams and Co. warned they would beef up their goon squads for the next union meeting, now planned for Sunday, June 26th.

All this time, Al Duncan, a supporter of the conciliationist Socialist Workers Party which falsely claims to represent our party in the United States, the Fourth International, a supporter who once promised to join in defending us against the Stalinists, continued to march around in circles with them.

YOUNG WORKERS!

The only way to take this struggle forward is to BUILD THE PARTY OF THE WORKING CLASS, ITS FACTION IN THE UAW, ITS DEFENSE GUARD, to lead the workers to victory. Rinaldi, Washington, the RCP, "Time-to-Unite, will never lead this fight. Whatever pretense they make of doing so is just to confuse the workers, to gain time so they can prepare and organize unadulterated sabotage.

Rinaldi, Washington and Co. have their party. They're active supporters of the "Democratic" Party, the party of Henry Ford, Jimmy Carter, Coleman Young, George Meany, and Leonard Woodcock, the so-called liberals whose sole difference with Nixon, Kissinger, and the rest of the Republicans is they think they can fool the workers by putting smiles on their faces while they try to crush them. The RCP, "Time-to-Unite," the SWP - they're real passive supporters of this "Democratic" Party. They refuse to organize the workers party and attack us because we do.

Young workers! All workers!

You must have your own party, a workers party, to lead you to power.

The Trotskyist Organization of the USA calls on you to join it in the fight to build this party by mobilizing and organizing yourselves for the next meeting of the DSP Unit of UAW Local #600 at Ford River Rouge, not only to bring back Ellis and stop the discipline with a strike, but full rights for the US Section of the Fourth International, World Party of the Socialist Revolution with a strike. Once again, to elect a committee of your own representatives to carry out this fight, throw the treacherous officials out of office, and open up this fight throughout the UAW and the American workers movement.

The US Section of the Fourth International, the Trotskyist Organization is the only party that has stood with you in every moment of your struggle, fought to organize and lead you
