American Imperialism Arming for the Fight Against Chinese Workers

IT is interesting to note that American imperialism has now thrown saids its mask. As is known, it has come forward as 'the protector' of China, only acting out of 'benevolence.' Not only has the American consul in the province of Fukien had numerous arrests carried out among the students on account of their participation in the anti-christian movement, while on his instructions the governor of Fukien has caused several students to be shot, but in Shanghai the Americans are also arming for the fight against the Chinese."—By TANG SHIN SEE, in "The Struggle in Shanghai and its Significance."

The Soviet republic needs southern outlet; she needs to get out to the world with her oil, and those whe hope to control that oil want to help her in her efforts. The great oil interests do not care about the risk they are taking in aiding the Soviets. After them, the designs."
