Hearstism Carries Germ of Fascism, Labor's Foe, in These United States

By J. LOUIS ENGDAHL.

TODAY, William Randolph Hearst parades as "an enemy of the interests" in the municipal campaing raging in New York City, at the same time joining in the "open shop" war against the Amalgamated Clothing Workers' Union in

Chicago. In New York, Hearst calls for the re-election of Mayor Hylan as "the people" candidate", while in Chicago he grows hysterical in his lasking of the judicial mountebank, Judge John H. Lyle, who is supported by the great bankers and industrialists in his war on the striking garment workers.

hyderical in his facking of the judicial mountebank, Judgo John H. Lyis, who is supported by the great bankers and industrialists in his war on the striking garment workers.

This is in haymeny with the Meart policy of adapting his newspapers to the locality in which they are published. In New York, Heart has won tremendous circulations from the striking arment and the striking and the striking arment and the s

"It is unfortunate for the people who were alegged by DeRosa, and these whose property was destroyed by the sold threwn by DeRosa, and forthe 45 types of downan that he part a gain up to while his companien threw sold in her tailoring shep.
"It is unfortunate for all of these people, but it is not my fault, and if the public is satisfied i'll have to be."

This is nothing if not an appeal to the lynch law spirit of the molt: an attempt to rouse prejudice in the minds of the uniformed and the sailty miles fine or only against the Armal-workers in the state as well as in the city. Thus is factorish born, finding its ally among the most according to the state as well as in the city. Thus is factorish born, finding its ally among the most America, that tends itself to the "open shop" bosses as a visital-braking agency, and typidied best in the capitalist press by the numerous and growing Hearst publications.

CONTENTED IN THE EDUCATION OF ASSETS

Under its new constitution, the Centrosoyous is to be an organizing and representative center for the whole of the conganizing and representative center for the whole of the conganizing and representative center for the whole of the constitution of the constitution

million. The foreign trading of Centrosoyous is of considerable importance, being 60 per cent. more in 1924 than in 1922. It was been a considerable in the control of the

Co-operative nutries of the total enter-prises of the country, and the character of their work and their prises of the country, and the character of their work and their place in the business life of the country is seen in the following analysis of their turnovers and the taxation they pay:—

CO-OPERATIVE TURNOVER (RETAIL) AND TAXATIVE TO THE TOTAL TO THE T 1.871.2 318.8 414.8

But there has been during 1924 a consistent increase, the percentage of the total reals immoved in the compensus percentage of the total retail immover in Moscow tale last year percentage of the total retail immover in Moscow tale last year from one-tenth to nearly one-third. We also find that the total retail there of \$2.5 to 18.5, 10.28.5, and that the total trade increased from 34 million roubles at 1924 to 1920 to

operatives and Private Enterprise

Co-operatives and Private Enterprise

In the chapters on Industry and Commerce are figures giving the proportion of State, co-operative, and private trading the proportion of State, co-operative is regularly and rapidly growing at the 19th the co-operatives is regularly and rapidly growing at the 19th the co-operatives is regularly and rapidly growing at the 19th the co-operative are control to 56 per cent. that of private trade decilining from 44 private trade transaction and the co-operatives are on credit up to two months. As much the co-operatives are on credit up to two months. As much the co-operatives are on the Textile Syndicate and 50 per cent. of their purchases from the Textile Syndicate were on credit. This gives the co-operative between the textile syndicate were on credit. This gives the co-operative are much hampered by want of capital and credit.

Whether Co-operation will succeed in crushing private enduced, but growed on the progress it can make in giving buyers what they are the control of th

efforts are being made and there are signs of Practical progress. The co-operatives' share of the sale of State manufacture was 30 per cent. In 1924 as against 15 per cent. In 1924. Private business still undersells the co-operatives occasionally, but, on the whole, cannot do so. In staples like bread the co-operative warge one-fifth to one-quarter lower; in sugar, meal, kerosene retail prices, whoever. The difference between wholesale and retail prices, who are more continuous as much as 40.5 per cent., is down to an average of 30.55 per cent.

Co-operatives in the Soviet Society

Cooperatives in the Soviet Society

In the revolutionary trinity of Soviets, Trade Unions, and Cooperatives the latter have always been the last to get a move the latter have always been the latter. How are the control of the latter have always been the latter. How are at the part of the latter have a between four trade. They are at the present an independent length of the latter have been control of the latter

against this ruling.

Johnston will soon find out what the yellow socialist Sigman of the International Indies' Garment Welvers' Union is learning. Gat the cannot drive the Communists out of the union. The ranks and file who are not billed by the prejudice know that the Communists are sleepy on the side of the workers fighting the employers measures are always on the side of the workers. It is not the Communists when the side of unity on the industrial field into the minds of the workers. It is not the Communists who will be driven out to the Machinist' Union, but "B. and O. Bill" and his traitioness indexing who have barrede the interests of Bill" and his traitioness indexing who have barrede the interests of the workers in the metal trades industry for presonal gain and publicle preceding.
