The Kalamazoo convention of the International Typographical United the action of the Quebec convention in 15 Marving "the amalgamation of the various primite tracks unless of the end that there be but one union in the printing industry." The action was taken without debate and the motion to received passed unan-

Insonaly.

This more was engineered by President James M. Lynch, the altra-reactionary who returned to power in the I. T. U. in the last-election. The convention was entirely under his control and there was not even a peep out of the so-called progressive.

A convention was far and the so-called progressive of the convention was in favor of industrialism as opposed to creat unionals, each was not provided the control of the convention of th

"Willy" Hearst and "Al" Smith are taking the lid off stinking pitalist politics in New York City. Let the workers get their fill the smell and turn away from the old parties of capitalism forever.
