HOW NOT TO MAKE THE UNITED FRONT

The Central Executive Committee published in the DAILY WORKER last week a statement with reference to the United Front of the Workers Party to Tommie Devine, the socialist candidate for mayor, in which it pointed out the error of the Toledo committee in applying the united front tactic.

The Central Executive Committee is now in response to the following letter from the executive committee of the Toledo, Ohio, Oct. 1, 1935. To the Comrades of the C. E. C. of the Workers (Communist) Party. Dear Comrades:

We have received the letter of the C. E. C. that appeared in your daily paper under the date of September 29, 1935. In this letter you stated that you were not sure you some past history on the municipal campaign in Toledo. The mistake was not the mistake of all the workers, but the mistake of some of the workers.

It is not the mistake of all the workers, but the mistake of some of the workers. It is not the mistake of all the workers, but the mistake of some of the workers.

It is not the mistake of all the workers, but the mistake of some of the workers. It is not the mistake of all the workers, but the mistake of some of the workers.

The Proposal to Deport Purcell

Green's attack on Purcell at the American Federation of Labor conference is followed by a proposal to deport Purcell as an organ of the Coolidge administration, that he should be deported.

The close connection between the officials of the American Federation of Labor and the blackest forces of imperialist reaction is revealed clearly in this one incident.

The moment that the strikingbacking Coolidge administration is sure that A. A. Purcell, chairman of the International Federation of Trade Unions, is unwelcome to the Greens, Wollas and Lewises it throws off all restraint. Capitalist imperialists and labor imperialists unite in opposition to the deportation of Purcell.

The Purcell incident is an international scandal and will cause even more trouble for the American Federation of Labor than it will serve to show to the mass of American workers the cannibal character of the leadership of the trade union movement here.

So far they have succeeded only in arousing additional interest in the dramatic methods of the leadership of the American Federation of Labor. The mass of organized labor must arouse the workers to public demonstrations that will make clear to the ruling class and the labor traitors that it will permit the labor movement to be dragged no deeper into it.

A Suggestion to the S. P.

The socialist party of America, to the best of its limited ability, is engaged in discrediting the Russian revolution and betraying the revolutionary movement in the United States.

It has not yet been able to get away from talking about revolution and using revolutionary phrases to some extent—the extent needed for the few less discerning workers.

Imperialist Agents

Rob Soyiet Courier

35 Miles from Moscow

RIGA, Latvia, Oct. 11.—It is reported from Moscow that early last Tuesday morning the express train which was to bring the Soviet minister to the Baltic States was stopped at a point 35 miles from Moscow and one of the passengers, a man named Teichgraber, carrying important documents, was arrested. The man was taken to a secret place in the city and is now being held in a cell. It is believed that the man is a spy and is being held as evidence in a case of espionage.

The robbers are not regarded as handouts after money, but as secret agents of the capitalist class who are active in the preparation for a new revolution. They were armed men in the train and were seen to be following the robbery with red army troops in pursuit.

Read the Militant "Progressive Barber," Just Off the Press
