Churches Trying to Hide LUMBER JACKS Their Role of Defenders of the Capitalist State

By J. LOUIS ENGDAHL.

TODAY, Presbyterian Church dignitaries meet in the midst of the parasites idling at Atlantic City and put first on the order of the day, "the present spiritual condition of our church and the causes making for unrest." At the same World Peace open in the same energy of the control of the World Peace open in the same ground the Washington, starting off with a greeting from President Washington, starting of with a greeting from President Washington, starting for which washington, starting from the washingto

something.

The Prebytyrian Church will not seriously investigate "causes making for unrest." Churches have fried that before. Immediately they have found that the causes begin hitting at the pillars of the profit system, the investigation has been quickly dropped. To create the least distruct in the sense quickly dropped. To create the least distruct in the claimed for It—that it is to explain system is not what is claimed for It—that it is the work of the considered a greater crine than the violation single or in lots of the considered a greater crine than the violation single or in lots of the considered a greater crine than the violation single or in lots of the considered a greater crine than the violation single or in lots of the considered a greater crine than the violation single or have brought down of Mount Sinal.

ers of LaSalle street.

The Jardine combine means that not only the corp, but other agricultural products, including live stock will be incregaged to the blig bankers. For the squall independent bankers in forea it means extinction. If they are permitted a nominal existence it will only be as agents, clerks, for the big bankers. While the present acute crisis may be deverome it means the heavier mortgaging of the farms as a product by an exchange and an article of a complete of the complet unskilled laborers.

Its political reflex will mean a revival of the agitation for agrarian reform and eventually a swing toward independent political

action.

Were it not for the treachery of the acoundrels at the head of
the lalor moviment of this country a labor party would now be in
existence that could take advantage of the farms station to mobilite
the housands of middle west farmers as allies in the struggle against
the included of the country of the country of the struggle against
This situation is one more reason why every effort must be put

This situation is one more reason why every effort must be put forth by the class conscious elements of the working class to create a party thit can lead these expropriated farmers. Standing alone they cannot maintain a political organization and will saile igto the contasion of fulfile agrarianism, instead of realizing the fact that their interests are bound up with those of the industrial workers, in the cities.

German Anthracite

Every struggle of the working class against the employers of this country reveals the devastating effects of the treachery of the reactionary officially related to the reaction of the second of the subtray lesson to this effect was the arrival of the German steamer footbreadm at Boston with a shipment of 4000 tonic of Westphalian subtractic. It is the first subquest, of such coal from Germany. It will be the mirror of authoractic coal in permany intains are

wirike.

Mr. John L. Lewis, the labor lieutenant of the capitalist class, whose machine is in charge of the strike, is part of the same corrupt officialdom that at the Atthictic City convertion of the American Federation of Labor, assailed A. A. Purcell's plea for world trade

Unity of the labor movements of the world would prevent the ers of anthracite in Germany scabbing on the miners of anthracite in the United States

cite in the United States.

If would also prevent the transport workers permitting a ship.

If would also prevent the transport workers permitting a ship.

In fact unity of the world's workers would be a crushing them.

In fact unity of the world's workers would be a crushing the capitalist class of the World. That is why factes of the World's type flight against it. Their job is to keep the workers helpless before the capitalist class.

THE distinctive feature of the mass hamphal strike that has been carried on fully three months, a fact unparalelled not only in the history of the young labor movement of the East, but in the entire world or the stast, but in the entire world trade union movement, is that in it two currents, a nationalist and a la-bor, merged into one powerful stream. It will be recalled that in the early days of the strike both the workers and the hustings are the less of the control o

ther.
The longer the strike continued, the

bestiming of the strike, and given ex-ternal to the strike of the strik near rise of the mationalist movement, ers an interaction wave remained pmorram learning and the work local series and students had an of the work local series and students had an of the work local series and were easily put down by the cruel measures taken by the lm. per for the theoretic measures taken by the lm. per failt and their Chinese lackeys.
