# NON-UNION COAL FIELD INVADERS

## Mine Workers Try to Organize Central Pennsylvania Region During Big Tie-up.

### WORKERS ALL STANDING FIRM

#### Are Expected to Yield to Organized Labor's Demands Within Thirty Days.

PITTSBURGH, Pa., April 1.—The first rumors of real activity in the coal strike came at noon today when organizers of the United Mine Workers of America went from Pittsburgh to the edge of what is known as the Central Pennsylvania coal field, and there began an attempt at organization of the miners. The central coal field, which has not been organized for twenty years, is controlled principally by independent operators living in Pittsburgh.

Organizer John McCarthy, with several foreign speakers, went direct to Lewis this afternoon and had some trouble in their effort to organize the miners. There are now 11,000 miners in the Pittsburgh district out of work, according to figures given out here this evening, and the day has not seen one sign of disorder in the whole district. Aside from the attempt to invade the non-union field at Irwin there has been no evidence that there is a strike of any kind. There were numerous parades in honor of the anniversary of the eight hour law.

DUBOIS, Pa., April 1.—There will be no immediate resumption of mining operations in the central Pennsylvania field. At today's session of the United Mine Workers convention representing 60,000 men, a resolution was carried that work shall continue pending settlement of the wage question. The joint committee of the miners and operators this afternoon failed to agree on a scale for the ensuing year, and the men held out for a minimum wage rate in conformity with the Cincinnati convention. A resolution is favored for all questions at hand, and from the rate of wages.

### Settlement Near in Indiana.

TERRE HAUTE, Ind., April 1.—A joint conference of operators and miners has been arranged for next Wednesday, as planned by Secretary Phil Penna, of the operators. It is considered almost a matter of course that a contract will be made in a short order. The advance in the price of mining is conceded, and there are no serious disputes on labor questions in the Indiana district over which prolonged controversy is likely. The Cincinnati convention, which continues a few days, will probably be an agreement that where it is desired to operate a mine the men may return to work.

### Coal Dealers Declared that Sufficient Coal was Stored in Chicago to Supply the Wants of Consumers for a Month, at Least.

CHICAGO, April 1.—Action by the Illinois Coal Operators' Association to adjust the situation in this state was abandoned last night by the strike of 72,000 miners today. The arrival in the city of representatives of the United Mine Workers of America, whose members left their work in the failure of the employers to raise the wage increase.

### BALTIMORE, Md., April 1.—Ten thousand non-union coal miners in Maryland, 20,000 in northern West Virginia, and 7,000 in southern Pennsylvania were informed today that operators in those states had "plurimarily" increased wages 5 per cent.

### Higher Wage Scale Went into Effect Today.

DES MOINES, Ia., April 1.—Iowa mine workers today claim a victory as the result of the first joint wage conference in this state. At this conference the operators agreed to pay an increase of 5.55 per cent for men to care for the mines during the suspension.

### KANSAS CITY, Mo., April 1.—In the southeastern coal fields, including Missouri, Kansas, Oklahoma, and Arkansas, 35,000 miners are idle. The operators say that the closing of the mines is not a lockout, as the operators are willing to continue the contract made with the miners two years ago.

### BRAVE PATROLMAN GETS MEDAL.

WASHINGTON, April 1.—For bravery in rescuing Pietro Cardone from drowning on August 27, 1909, Patrolman James A. Hughes, of the harbor and river police, has been awarded a life saving medal by the Treasury Department.

### HEBERD BACK AT OLD JOB.

ALBANY, April 1.—R. Heberd, for the past four years Commissioner of Charities for the city of New York, today assumed the duties of secretary of the state board of charities. He had held this position for ten years, becoming head of the charities of New York city.

## JAILED FOR SPITTING

### Lawyer Tells Mayor His Client Was Abused—Couldn't Communicate With Friends.

Mayor Gaynor yesterday received a complaint from Lawyer Frederick Goldsmith, in which he alleges that a client of his was badly treated when arrested for having expected on a subway platform. The letter says: "My client, Norman Tauber, happened to expectorate upon the steps leading out of the subway at the Brooklyn Bridge when a policeman placed him under arrest."

"After Tauber was placed in the cell officers would not even permit him to communicate with his friends or with his place of business. It seems to me there is more than one way to make an application of the third degree in this city."

## "INCEPTOR" BROWNE TESTIFIES ON STAND

### Judge McCall Sends Letter to Sup. Hotchkiss With Checks and Correspondence on Buckley Loans.

From Stewart Browne, who described himself as an "inceptor," and who promoted the International Banking and Trust Company, facts were brought out at the insurance hearing yesterday showing that after a bill went through the legislature in 1899 giving that company an exceptionally broad charter, Senator Goodsell and William H. Buckley, the insurance lobbyist, each got 150 shares of the company's stock. Senator Goodsell, who represented Odell's district, had introduced the bill giving the charter to the company.

## EIGHTEEN DEATHS BY SCAB DRIVEN CARS

### Philadelphia Aroused Over Accidents Attributed to Strike Breaking Motormen.

PHILADELPHIA, April 1.—Another victim of the incompetency of the strikebreakers imported by the Philadelphia Rapid Transit Company was added to the list this afternoon. Charles Shield, a watchman for the company, was instantly killed at the 49th street and Woodland avenue barns when a car coming out of the barn jumped the track and pinned him against the wall.

## PASSAIC TEACHERS PAY IS HELD UP

### Pay for 1909-10 School Year Held Up

PASSAIC, N. J., April 1.—Edward W. Garrison, county superintendent of schools, today served upon City Treasurer John E. Ackerman as custodian of school moneys for the city of Passaic a notice ordering him to withhold payment to the Passaic board of education of any school moneys now in his possession, or that he may hereafter receive from the county collector.

## EXPECT 10,000 AT R. R. MEN'S CONFERENCE

### Worcester, Mass., April 1.—With President Taft heading the list of speakers, and with an estimated attendance of 10,000 visitors, the general convention of railroad men of the United States, Canada and Mexico, which is to begin a three days' session in this city tomorrow promises to be the most notable gathering of employers and employees ever held in America.

## YEAR FOR ASSAULT

### Judge Rosalsky Regrets Not Being Able to Give Attacker of Woman Longer Term.

Archibald Allen, twenty-nine, was sentenced to one year in the penitentiary yesterday on his plea of guilty of assault in the third degree upon Mrs. Florence Frazer, of Atlanta, Ga., whom he attacked and robbed of jewelry worth \$4,000.

## HAVANA STRIKERS BACK.

### Street Cleaners Accept Promise of Better Treatment and Resume Work.

HAVANA, April 1.—A twelve-hour strike of the city street cleaners ended today with the promise of the secretary of the sanitation board to investigate abuses in the street cleaning department.

## TRAFFIC KILLS 21 IN MARCH.

Twenty-one persons were killed and 101 injured by vehicular traffic in the streets of New York during the month of March, according to statistics of the National Highways Protective Society. Automobiles stand well in front as engines of destruction, sixty of the total of accidents having been caused by these buzz wagons. Of the twenty-one killed, eight were children. Many minor accidents were not reported.

## CLEVER AUTO THIEF

### Police Trace Record of Woman Who Buncoed Homan Out of \$5,000 Car.

The young woman who buncoed Frank J. Homan, of the Homan & Schultz garage at 217 West 59th street out of a \$5,000 Peerless automobile Thursday afternoon, has been identified by the Detective Bureau as the cleverest and most successful automobile thief in the country.

Lieutenant Jim Dunn, of the central office, said yesterday that "Mrs. M. Horton" or "Mrs. N. J. Spalding" or "Mrs. Ortega"—these are only a few of her professional names—was the engaging young person who was hoodwinked John Burgess, a friend of Percy Nagle, the Tammany leader, on March 9. From Burgess she stole a \$5,000 Packard.

## STRIKERS WIN AT CARTERET

### 2,000 Employees of Leibig and American Agricultural Companies to Return to Work Victorious.

### BOSSSES GRANT MEN'S DEMANDS

### Solidarity of Unorganized Foreign Workers Brings Exploiting Concerns to Terms.

The 2,000 men who struck for a wage increase of 15 cents a day at the Leibig Manufacturing Company, the Williams and Clarke Fertilizer Works and the American Agricultural Chemical Company, all situated at Carteret, N. J., will return to work this morning happy in the thought that all their demands have been granted. The workers will now receive \$1.80 instead of \$1.65 and half pay and doctor's bill paid in case of injury.

## YONKERS BOSSES YIELD TO CARPENTERS

### Although about 400 Carpenters were on Strike Yesterday at Yonkers, there is every indication that they will return to work next Monday under an agreement with the bosses that was made feasible last night.

The men had made a demand for an increase from \$4 to \$4.50 per day and the bosses had offered a compromise of \$4.25. This was rejected and the men went out yesterday. Last night a committee from the master carpenters' association and one from the union met, and after a consultation the bosses made the following offer:

WALTER'S TRIAL SET FOR APRIL 18

Attorney Scott Fences for Delay But Motion to Dismiss is Promptly Denied.

Despite the efforts of his attorney, Walter D. Scott, to secure a delay, Albert Walter, held for the murder of Ruth Wheeler, was forced to plead yesterday in General Sessions Court.

But Scott was successful in delaying the opening of the trial of his client. The police and District Attorney had set the trial for next Monday morning before Judge Foster. Judge Mulqueen fixed the date as April 18.

Scott's first move yesterday morning was to have the indictment against his client dismissed on the ground that one of the stenographers of the District Attorney's office had been in the grand jury room when the evidence was presented to that body.

When the question of the date of the trial came up, Attorney Spier, who is to assist Scott, objected to what he called "the unusual haste" in this proceeding, and argued that Walter was entitled to as much time in the preparation of his case as any other accused man.

Judge Mulqueen said that he realized the gravity of the case, and that the youth was about to be tried for his life. He had consulted with his colleagues, he said, and they had all decided that this was a matter of great public moment, and the trial one that could rightfully be given precedence over other criminal proceedings.

Although there is little doubt but that Walter's counsel expected the case to be put to trial as soon as possible, they expressed themselves as much dissatisfied. Spier remarked after the court proceedings were over that owing to what the newspapers have printed about the case he did not believe his client could get a fair trial in this county. It is probable that a petition for a change of venue may be made when the case is called.

When Walter made his appearance in court yesterday it was evident that he had been carefully prepared for the occasion. His clothing had been pressed, he had been to the prison barber, and he looked very much at ease and well satisfied with himself.

ATTORNEY BRANDEIS BECOMES EXCITED

Glavis' Lawyer Takes Violent Exception to Remark by Chairman of Ballinger Hearing.

WASHINGTON, April 1.—During the course of the cross-examination of Attorney Todd in the Ballinger investigation today, a heated argument arose between Attorney Brandeis and Chairman Nelson.

Brandeis was examining Todd in regard to a letter which Glavis had written to the general land office regarding the prosecution of the road claimants by District Attorney Todd. Todd said the letter had been written, but never sent.

How do you know it was never sent, asked Brandeis.

The original was found in Glavis' office and furthermore Glavis himself testified that it was not sent.

Brandeis pressed his question as to how the witness knew the letter was not mailed.

Chairman Nelson broke in to say: "Mr. Brandeis, there is no evidence that that letter was ever sent. Why did you not tell the senate that? Why did you try to conceal the fact and deceive the committee?"

Brandeis leaped to his feet and jumped toward the head of the table where Senator Nelson sat. The attorney was held with rage.

"I demand," he shouted, "that the chairman withdraw that remark. I object to his insinuation that I have not acted in good faith."

"And I decline to withdraw it," said Nelson.

"I think the language of the chairman is objectionable and I move that it be withdrawn," said Representative Graham.

"I second that motion," put in Representative James.

Brandeis then sat down and watched the fight among members of the committee, which continued for fifteen minutes. The motion was finally laid on the table by a vote of 6 to 3, and Brandeis resumed the cross-examination.

EXCISE RAIDERS FIRED.

Cunningham and Keenan Thrown Out of Police Department.

Thomas Keenan and Charles E. Cunningham, the policemen who went out on independent saloon-raiding expeditions in the Bronx, were dismissed from the force yesterday.

Commissioner Baker declined to be specific as to the exact charges on which the men had been dismissed, though he admitted that he had acted "after reading the record through carefully and approving the findings of the trial commissioner."

MARYLAND TO ROB NEGROES OF SUFFRAGE

ANNAPOLIS, Md., April 1.—The question of disfranchising the negro voters of Maryland was again the chief topic at today's legislative session.

Following a complete discussion of the entire legislative program by the Democratic caucus, it was decided to press the Digge's bill to passage at once. The bill prohibiting negroes voting at state or town elections is to take effect at once.

Then a constitutional amendment, providing that negroes owning \$500 worth of real property, and having paid taxes on it for two years, may vote, is to be drafted. This will be submitted to the voters at the election of 1911. Under the provision of the Digge's bill only white voters will be qualified to vote on the constitutional amendment.

The constitutional amendment is the work of Senator Arthur P. Gorman and City Solicitor Edgar Allen Poe, of Baltimore.

SAY HE ABDUCTED GIRL.

She Says She Came Here Voluntarily, but He's Held Anyway.

Charged with abducting Millie Mortimer, fifteen years old, of Washington, D. C., Thomas F. Schumacher, twenty-two, living at 460 West 51st street, was held in \$1,500 bail in the Tombs Police Court yesterday for a hearing on Sunday. Schumacher was arrested as a fugitive from justice by Detectives Boyle and Dwyer upon advice from Major Sylvester, of Washington, that he was wanted for abduction.

The Mortimer girl, who was present in court yesterday, said she came to New York voluntarily.

ROOT TALKS ABOUT RAILWAY RATE BILL

Doubtful As to Many Features, but Doesn't Think Courts Can Invalidate Entire Act.

WASHINGTON, April 1.—Senator Raynor of Maryland, in the course of the debate on the pending railway rate bill in the senate this afternoon, raised an interesting question as to the right of Congress to legislate, as is proposed under section 13 of the railroad rate bill, regulating the issues of securities of interstate carriers that have contractual charters, citing as an example the Baltimore & Ohio Railroad.

Senator Root was speaking on the bill and Raynor asked the New York senator whether in the judgment of Root Congress could, in view of the decision of the Supreme Court, in the Dartmouth College case, invade the control of the issue of securities given to the Baltimore & Ohio and like roads under the charter contracts. Root replied that he believed the future issues of securities by railroads with contractual charters would not be affected by the pending bill.

Senator Raynor declared that he believed that section 13 of the bill and all the other concluding sections were unconstitutional, and he asked Root whether if the United States Supreme Court held them to be unconstitutional it would invalidate the entire bill.

The senator from New York admitted that he had some doubt about the right of Congress to legislate for the control of stock issues on the theory that these were "instruments of interstate commerce," and he had some misgivings as to other features of the bill, but he believed that even if the courts held these sections invalid it would not invalidate the entire act.

The administration railroad bill, stripped of many of its original features, but still providing for a commerce court and the regulation of railway agreements, consolidations, securities, rates and routes, was reported to the house today by the interstate commerce committee.

Chairman Mann will ask the house Monday to make the bill privileged, failing which he will seek suspension of the rules to expedite its consideration.

P. O. EARNS \$22,000,000

Postmaster Morgan Thinks Receipts for Current Calendar Year Will Reach \$22,000,000

With receipts totaling \$22,000,000 in round figures for the past twelve months, and the probability that the current fiscal year, ending June 30, will show a total of over \$22,000,000, Postmaster Edward M. Morgan is already expecting that the calendar year will land this city in the \$25,000,000 class.

When Morgan predicted a year ago that the calendar year 1909 would produce receipts of \$20,000,000 the wise ones laughed; yet Morgan was a prophet and the monthly growth of receipts this year presages the correctness of his 1910 prophecy.

For the month just ended the increase was 15.86 per cent over last year, or from \$2,242,472.87 to \$2,593,827.49; increase, \$351,354.62.

STEEL MEN STRIKE

500 Employees of Hamilton, Ont., Concern Go Out for Wage Raise of 3 Cents Per Hour.

HAMILTON, Ont., April 1.—Five hundred Macedonians and other foreigners employed as helpers at the Hamilton Steel and Iron Company's works went on strike today. They were receiving 15 cents an hour and they demanded 18 cents. The company refused the demand and say they can easily fill the vacancies. Three policemen were stationed at the company's two local plants all day, but their services were not required.

FALLS 7 STORIES TO DEATH.

While working on the scaffolding of a new seven-story apartment house at 129th street and Fifth avenue yesterday, Thomas Foley, a painter, of 256 East 125th street, lost his balance and fell to the street. He was dead when a surgeon from the Harlem Hospital arrived.
