HATER KIRBY FIGHTS LABOR LAWS

Letter Tells Fellow Workers That Special Session Is Dangerous.

National Association of Manufacturers, fearing that labor legislation will slip through at this special session of Congress hostile to its interests on the job, warning its members to get busy with the various bills of Congress with whom they have influence.

The following letter was sent out by President John Kirby, Jr., of the national headquarters of the American Federation of Labor, at 20 Church street, New York City, to various employers:

"I beg leave to call your attention to the very serious legislative situation which will confront us upon the convening of the special session of the Sixty-second Congress on April 4. There will be a three-fourths majority of fifty-five Democrats and a Republican majority of thirty-five in the Senate. The most influential and conservative elements of the Democratic control in the House are represented in Southern Congressmen, and to our Southern members I have addressed a special request for their co-operation, in view of this situation, and to it I have received a generous response. But measures which may be proposed and passed which may be required will be the attention of business men in every section of the country.

The special session is specifically called to consider Canadian reciprocity and to our Southern members I have addressed a special request for their co-operation, in view of this situation, and to it I have received a generous response. But measures which may be proposed and passed which may be required will be the attention of business men in every section of the country.

termination and expectation of securing favorable consideration of legislation hitherto defeated. I need not dwell upon the effect such legislation, if passed, would necessarily have, not only the encouragement of disorder in trade disputes, but in stripping persons and property of essential safeguards, impairing the powers of the federal courts and providing precedents for further dangerous legislation. Moreover, any action taken by Congress or any serious agitation of these subjects therein is likely to be the cause of imitation in our State Legislatures. "In view of these possibilities, which I believe you will agree I do not overstate, will you not make it a point—

Urged to "See" Congressmen.

"1. To personally see your Representative in Congress, and if you cannot personally see him, impress him immediately, especially if he is a Democrat, with the importance and necessity of exerting his influence to secure the appointment upon such committees as that of Labor, of the Judiciary, of fair men, and thus lessen the likelihood of the appointment, especially as chairmen of such committees, of members likely to represent organized labor and do its bidding.

"2. Please request other business men of your district to take like action, in person or by letter.

"3. Direct a note on these lines to any Democratic member of the Ways and Means Committee who is likely to be impressed by your communication.

"4. Our counsel in Washington, Mr. James A. Emery, Union Trust Building, will appreciate any communication or suggestion from you in connection with these matters, especially in establishing a proper opportunity to communicate with the representative in Congress from your district.

"5. The political situation, as you will perceive, makes it wise to take ample precaution against the possibility that in an extra session, with much idle time for the presentation of vicious class legislation. In view of these circumstances, I take the liberty of calling upon you for more than usual exertion in matters of this character.

"6. I take the liberty of inclosing additional copies of this letter for distribution among those whose aid you think it well to enlist. I trust that you will remember that I shall appreciate any suggestion you make in respect to the matters herein discussed. Yours very truly,

President, National Manufacturers Association, Chairman, National Council for Industrial Defense."

POSTAL SAVINGS BANKS IN DEMAND

Deposits in 48 Offices Increase in a Month—To Open 45 More.

WASHINGTON, April 16.—In a statement made public tonight by Postmaster General Hitchcock, it is shown that \$291,941 was on deposit at the forty-eight postal savings banks at the close of business March 31, as compared with \$132,869 on the last day of February, an increase of \$159,072. The number of open accounts increased from 2,864 to 4,301 in March and the average balance per depositor from \$38.54 to \$48.89. These banks were opened for the receipt of deposits on January 3.

By May 1 Hitchcock hopes to have forty-five additional offices open and ready to receive deposits. A few days ago he issued orders for all postmasters of the recently designated offices to assemble on April 21 and 22 at certain places where the system has been in operation, in order that they may get a practical demonstration of its operation.

Instead of bringing the postmasters to Washington, as was done originally, inspectors will be sent to explain the operation of the system.

Since the inauguration of the postal savings system there has been deposited in the twenty-two offices west of the Mississippi River \$146,639, as compared with \$75,585 received in the twenty-six offices east of the Mississippi River. Though the average amount of each deposit for the month of March was approximately \$23, there were more certificates issued of the \$50 denomination than of any other. In fact, more than one-fourth of all issued were of that denomination.

In Leadville, Colo., 255 \$50 certificates were issued in March out of a total of 455, whereas in Norwood, Mass., 140 \$1 certificates were issued out of a total of 247. Separate deposits to the number of 2,742 have been made to date, averaging more than \$23 per deposit.

FEDERAL EMPLOYEES TO DEMAND HIGHER WAGES

(By A. F. of L. News Letter.)

WASHINGTON, April 15.—Plans have been matured whereby organized and systematic effort will be made to increase the wages of the employees of the various departments of the government. No change has taken place in the amount of compensation for many years, and with the increased cost of living an actual reduction in wages has been effected. Owing to the stringent regulations put into operation by a former administration and continued by the present the employees themselves are prohibited from making an effort to readjust their wages to conform to their actual necessities.

The effort now being made will undoubtedly result in the final rescinding of the obnoxious rule prohibiting Federal employees from organizing, thus opening the way whereby they will be free to exercise their own methods in securing increased wages and improved conditions.

SPORTS

AMATEURS STILL AT IT.

Boxers Pout Out as Usual and Show Their Usual.

By JOHN J. HAAS.

The holidays failed to prevent the members of the Long Acre Club from turning out in the usual large numbers for the regular Saturday night amateur slugfests. The two policemen stationed inside the clubrooms had a clash of a time, simply taking down the names of the youngsters as they were introduced, and then watching them in their specialty.

One of the best battles of the night staged was the battle between Tommy Ward and Johnny Mitchell. Ward entered the ring with a bathrobe over his heavily muscled frame. It was a continual punching bee, with Ward doing the harder slugging, and he was the victor at the end. Jack Peters and Young Dubellis fought three rounds to a draw. Young Maher and Pete Lenox, two little gamecocks, raced three close rounds, with Maher a bit to the fore at the end. Young Freeman hammered Young Sullivan all around the ring. Thomas blazed all by giving him a good trouncing. Young Lynch won a popular decision over Al Lenny in a fair exchange. Tommy Garvey stopped Jimmy Erhart in the second round. Erhart was knocked down in that session and hurt his foot so badly that he was compelled to resign. Young Marino outpointed Young Goldie in the final bout.

Whirlwind Athletic Club.

The Whirlwind Athletic Club, in Brooklyn, has arranged a good card for its members. Jack Goodman, who looked up as a dangerous aspirant for lightweight championship honors, but whose illusions were shattered by Packer McFarland, will make his reappearance conspicuous by engaging in a ten-round battle with Young Ahearn, the nimble and elusive Brooklyn lightweight.

Marathon Race Tonight.

Hans Holmer, the crack American Marathon runner, and Husta Luunastrom, the famous little Swede, will have their fifteen-mile race tonight at the St. Nicholas Rink, 66th street and Columbus avenue. The winner is to be pitted against Bill Quail, who easily outran Strubb recently. Holmer and Quail have been hurting challenges at each other for a long time and the bitter rivalry between them is a guarantee that they will toe the mark for the hardest sort of a struggle. Charlie Harvey has been selected to officiate as referee.

McMahon to Box Here.

Tom McMahon, the Pittsburgh middleweight, will soon be seen in action in this city. McMahon, after defeating Bill McKinnon in Philadelphia Saturday night, was communicated with by Harry Pollock, of the Twentieth Century Club, and a match was clinched with McMahon to meet Sailor Burke in the near future at the above club. Jimmy Dime, the manager of McMahon, wired that he would bring his charge here immediately.

BASEBALL SCORES.

Giants 14, Newark 6.

The Giants went to Newark yesterday and trounced the Eastern League team by a score of 14 to 6. Pitcher Lee, who held McGraw's men ruleless during the five innings he pitched at the Polo Grounds last week, started the game for Newark. He lasted two innings, the Giants hammering his offerings to all corners of the lot.

Pirates Capture Cubs.

CHICAGO, Ill., April 16.—Although the Cubs outbatted the Pirates the latter won today's game by a score of 4 to 1. Clarke's team was faster on bases and in the field. Although the weather was anything but pleasant.

BOXING EVENTS THIS WEEK.

Lightweights, welters and heavyweights will predominate in conflicts in this vicinity this week.

Fairmont Athletic Club.

The Fairmont Athletic Club, in the Bronx, has perhaps the banner card of the week. Packer McFarland and Tommy Murphy have promised to meet there tomorrow in a scheduled ten-round bout. McFarland is considered by the fighting sharps to be the best lightweight in this country, if not in the world. Murphy is looked upon by the local gentry as the equal of any one of his weight in this town. Looks like if the trains and cars will be packed with members making a trip from all directions to Bronxville tomorrow.

Long Acre Club.

Welterweights in the persons of Billy Leary and Billy West will be seen at the Long Acre Club Thursday night. Both lads are experienced fighters with good records. Leary comes from New Jersey.

National Sporting Class.

Al Kubiak, the Michigan giant, and Joe Jeannette, the dusky heavyweight, will clash at the National Sporting Club Thursday evening. Kubiak has been coming along strong in the last month. He finished a "white hope" chance when he knocked out Dummy Maxson a few weeks ago with very

MANIFESTO OF THE LADIES' WAIST AND DRESS MAKERS' UNION

UNTIL MAY 1 YOU CAN BECOME A MEMBER OF THE UNION FOR ONLY \$1.25.

While the graves of the 146 victims of the Triangle fire are still fresh, think of the living.

Who is going to protect us from another such calamity? Who is going to see to it that shops and factories where scores of thousands of ladies' waist makers are employed are made safe?

There is no one that will do this for you. You must do it yourself. You must look out for your own safety. You must safeguard your own shops.

You can protect yourself best by joining your craft organization, by working together and fighting together for better conditions, for safer shops.

The workers themselves must abolish the fire-trap factories. They must force the bosses to provide safe places of work. But to force the bosses to make their factories safe you will only be able when you will possess the power. And power you can only possess by uniting. Your strength lies in the union, in a strong union.

If you, ladies' waist makers, will not organize now, if you will not join the union now, and make it a strong and effective weapon with which to fight for your own interest, for your own self-preservation, for your own lives, you will have no one but yourself to blame if another such holocaust like that which claimed the 146 lives in the Triangle shop occurs again.

The blood of the 146 victims cries to you. It warns you to unite. It warns you to build up a strong union, to defend and champion your interests.

The members of the Ladies' Waist Makers' Union feel that if the workers had been organized in a strong union, such a misfortune as that of the Triangle shop could not have happened.

The Ladies' Waist and Dress Makers' Union has decided, therefore, to give the thousands of workers in the trade an opportunity to join their organization.

Until May 1, 1911, every Waist and Dress Maker can join the union with only \$1.25.

Join the union and line up for a campaign to defend your own life and the lives of your friends. Join the union and help in the work of abolishing the fire-trap factories and shops which jeopardize your lives daily.

For \$1.02 you get a union membership book.

Do not wait until the very last day. Do not postpone it. Come to our headquarters and enroll yourselves as members of the Ladies' Waist and Dress Makers' Union. Do your duty to yourself and to your brothers and sisters in the waist making trade. All who want to organize their shops should call on

THE TRIANGLE FUND
The special \$250 Triangle Fund, to redeem the \$250 half-yearly advertisement in the Triangle Waist Company, rejected by The New York Call, amounts already to \$170.75. This fund was started by a few call readers as a mark of appreciation for the action taken by the Call Management in refusing to accept advertisements or money from the notorious Triangle Waist Company.

FRANCE.
The Russian refugee, Babel, who was recently arrested by the French police, and whose extradition was demanded by Russia, has now been released by order of the French Government, who realized that Russia's demand was untenable.

GERMANY.
Our Comrade, August Bebel, has again been adopted as prospective Reichstag candidate for the Hamburg first division for the next election. Some time ago grave fears were entertained of Bebel's health, but the fact that he is still able to stand the strain of another election, and it is therefore a matter for great satisfaction that he has now so far recovered as to agree to fight again. On the occasion of his adoption, Bebel, alluding to the suggestions made to the Social Democrats that he would not fight hopeless candidates in order not to embarrass the party, said that this suggestion had been caught up and propagated by a few individuals among the Social Democrats. These Comrades would do well, he said, not to bring forward at the annual conference the would only lay themselves open to a crushing defeat. "Better to have 4,000,000 votes and fifty seats than 2,000,000 votes and a hundred seats at the next Reichstag election," declared the veteran leader, amidst the enthusiastic applause of the gigantic meeting.

ROUMANIA.
Zakowski points out in the People's Voice, the Socialists did not do badly in the recent elections. There had never been any chance of capturing seats. Out of a population of 7,900,000 there are only 100,000 voters, who are divided into three classes. The first consists of 15,000 to 20,000 large property owners, who elect twenty members. The second consists of the bourgeoisie and a very few workers, who make up 25,000 voters and elect twenty-five representatives. The third consists of 40,000 voters, who elect thirty directly and thirty through electors—thirty-three deputies. Added to this are the enormous election expenses to be paid to the State, and the great influence of the government in the election process, it is quite incredible that he has polled 225 votes in Bucharest (nearly as many as the Nationalists) and 225 in Galatz (against 176 for the latter) and 250 for the United Liberals and "democratic" Conservatives.

SPAIN.
The debate on the Ferrer trial, which went on all last week in the Cortes, has brought about the fall of Canalejas, the military party being disintegrated with the speech in which he, in answer to a direct question by the Republican Deputy, Alvarez, spoke in defense of the action of the military court which condemned Ferrer. Not satisfied with this rather half-hearted declaration, they demanded that Senator Canalejas should go the whole length of expressing himself in favor of the execution of Ferrer. This demand was not met.

WHERE SOME OF THE MONEY GOES TO

A modest little cablegram from London announces that Almeric Hugh Paget, husband of Pauline, daughter of Traction Magnate William C. Whitney, has contributed \$5,000 toward the English anti-Socialist campaign...

Probably some of the money Whitney saved the stockholders from getting is in that \$5,000 given to fight Socialism in England. It is very good of Mrs. Paget and very thoughtful of her to use money to keep the English people from having anything to do with a political theory that has for its cornerstone the idea that all stealing is wrong...

It happens, however, that the "door of opportunity" seems open for some other men, or cliques of men, to do what Whitney did. This squabble between the Interborough, the Brooklyn Rapid Transit, rival builders, the city authorities and others over the matter of new subways is an indication of it. There is \$53,000,000 of the city's money to be spent...

Mr. Morgan has much spare change these days and it is out of this that he has kindly loaned China \$12,500,000. China did not wish it from him, but he insisted, and even went to the extent of getting our State Department to force China to accept his generous offer...

THE DUMA AND THE BUDGET

L. ROUBANOVITCH, in L'Humanite.

For the last fifteen days at the Duma they discuss the budget for this year. It is known that the Parliament can deal with only half of the budget—as certain branches, as that of the public debt, being exclusively to the authority of the Czar.
