## STRIKE MAY COME ON THE HARRIMAN LINES ANY MOMENT

### Krutchchnitt, of Southern Pacific, Keeps His Obstinate Stand.

#### FEELING STIRRED

Rank and File Reported to Be Ready for General Strike.

CHICAGO, Aug. 24.—After a conference between J. W. Kline, international president of the Blacksmiths' Union, and Julius Krutchchnitt, vice president of the Southern Pacific Railroad, general manager of its maintenance of way and equipment department, and a high official of the Harriman railways interests, this afternoon, the latter agreed to meet the various international officers of a number of unions at any designated point in the West looking toward some sort of a settlement of differences between the shop workers on the Harriman lines and their employers, but Kline did not look hopeful. It was learned that the management of the Harriman roads is determined to adhere to its position of refusing to treat with the Federation of Mechanical Trades and has been anticipating a strike move for several weeks.

Kline had scarcely returned to his office before telegrams from members of advisory boards of the federation, urging that a strike be called at once and stating that further parley with officers of the roads would be useless, were received.

Whatever prospects there were for a settlement became fainter tonight when International President Kline announced that plans for meeting Vice President Krutchchnitt in San Francisco practically had been abandoned.

Situation Grave.

This statement was issued after he had received telegrams from President Franklin of the Boiler Makers and President Ryan of the Carmen, "I do not see how we can arrange to meet Mr. Krutchchnitt in San Francisco," said Kline. "Both Mr. Ryan and Mr. Franklin believe that the time is too short. We may reach Mr. Krutchchnitt at Omaha in the morning by wire, but I do not know that it will do us any good. The situation is very grave and I fear that word will reach me at most any minute that the mechanical trades have quit on every Harriman road."

Thousands of men have been discharged on the Harriman roads, and those still employed are said to be awaiting only the sanction of their international officers to strike.

The trouble is not wages. Recognition of a federation formed by members of the various mechanical crafts is what the workers are demanding of the railway officers. Thus far the employers have declined to enter into a conference with the employees' representatives, however, and the workers themselves are said to be at a boiling point.

Say Situation Is Unchanged.

Officers of the Illinois Central Railroad and other Harriman lines declared today that the situation regarding the threatened strike of shopmen remained unchanged. No second demand for the desired recognition of the federated bodies has been made. No notice has been given by the unions of a desire to abrogate the wage agreement.

Vice President Park of the Illinois Central Railroad, said: "There is nothing new in the labor situation so far as I know. I have not heard directly from our shopmen for more than a week, when a demand that we recognize a joint conference was demanded. All I know about the talk of the men voting on a proposition to strike comes indirectly by way of public report."

PADUCAH, Ky., Aug. 24.—Within the next few days President McCleary and Secretary Bowen of the Federation of Illinois Central Employees probably will go to Chicago to meet before the officers of the Illinois Central Railroad the demands of the federation, which the officers have declined to recognize.

Union Sentiment Strong.

The vote which was ordered to ascertain whether a majority of members of the federation favor a strike, provided the railroad officers decline to deal with them rather than with the individual unions, is now nearly completed. More than three-fourths of the members of the federation have voted in favor of such a strike, according to the returns announced here. The vote tabulated yesterday indicated that about four out of every five votes received favored the strike. Votes which have

## EARLY APPLIES FOR RENEWAL OF PENSION

WASHINGTON, Aug. 24.—John R. Early, the so-called leper, whose case caused the health authorities here much trouble several years ago and created a dispute over the diagnosis between various New York and Washington physicians, has applied for a renewal of his pension for services in the Spanish-American War.

Early is on the Pacific Coast, living under an assumed name. The pension authorities have ordered his examination by physicians who are as yet unaware of the identity of Early or his supposed malady.

"He will be given a fair examination," said the Commissioner of Pensions, Mr. Davenport, today, "by doctors who in my opinion are competent to tell whether it is really leprosy or merely some harmless skin disease from which Early is suffering."

## PARTY MEMBER MEETS SAD DEATH

### Dies Saving Man From Being Killed by Excited Crowd—Will Be Buried Today.

The Call learns that Robert Woodruff, who was killed by a blow on the head that crushed his skull while endeavoring to rescue an Irish wagon driver from being beaten to death Monday night at Queensboro Bridge Plaza, was a Socialist party member, holding a red card from Branch Astoria.

Comrade Woodruff died in St. John's Hospital on Tuesday night. The death blow was the result of an altercation that arose when Joseph Archione struck Peter Benahill for having reached a horse trough before him. Benahill struck back, and some laborers who were near by went to Archione's assistance, and probably would have killed his opponent but for Woodruff's interference, which caused his death.

Archione was charged before Magistrate Smith, of Long Island City, with assault, but on Woodruff's death the charge was dismissed by Magistrate Dodd and changed to homicide. Archione, who appears quite unconcerned and admits striking Woodruff, will be examined on August 30.

Woodruff, who leaves a wife and four children, will be buried in St. Michael's Cemetery, L. I., the funeral leaving his house, 180 Twelfth avenue, Astoria, at 2 p. m. today. Branch Astoria at its meeting last night adopted a resolution expressing deepest sympathy with Woodruff's widow and children, and urging all comrades to attend the funeral.

In 1895 Woodruff ran for Mayor of Long Island City under the auspices of the S. L. P., receiving 183 votes. He left England for this country when he was 16, and has for many years been an active party member. He was 43 years of age.

## ASK TAFT TO REMOVE JUDGE IN NORTHWEST

SEATTLE, Wash., Aug. 24.—Petitions today are being sent to President Taft to remove Judge Hanford as United States District Court judge and are being signed by thousands as the result of the court's stand in the fight of the people of Benton against the Benton, Seattle and Southern Interurban Railway Company.

On Monday Judge Hanford issued an injunction restraining the city and the people from interfering with the operation of the line by asking transfers, to Seattle lines. The patrons of the line ignored the court order and stopped the entire system by insisting upon the payment of a single fare, with transfers, instead of a double fare. Tuesday afternoon Judge Hanford issued another injunction commanding the Benton system to issue receipts for 3 cents extra fare collected when transfers were issued. Yesterday the patrons again ignored the court's order and the company consequently carried them.

In many quarters it is said that the feeling has been deliberately stirred up by employers and politicians in order to distract the workers' attention from the fact that their wages are miserably small and their working conditions abominable.

## ANOTHER OIL DEAL DOWN IN MEXICO

OTTAWA, Aug. 24.—Canadian interests in Mexican and Texas oil properties received a dispatch from Tampico, Mexico, today announcing that Lord Cowdry who is better known in the United States as Sir Weetman Pearson, has arrived at Tampico from London to complete the transfer of the oil holdings of the Pearson Syndicate to the Texas company, the large oil producing, refining and selling concern of which the late John W. Gates was the head.

It is said that the transaction was closed in Europe before Gates' fatal illness.

The price paid is said to be \$25,000,000. The Texas company is controlled by a syndicate composed exclusively of English and Canadian capitalists.

## THINK BAMBOOZLING THE WORKERS IS EASY

HAMILTON, Ontario, Aug. 24.—It is reported here that the opponents of the reciprocity in planning an effort to swing the factory vote solid behind the conservative candidate, will have manufacturers all over the country a day or two before the election begin taking stock.

The employees are to be given a hint that the significance of this is that if the former government comes back to power the factories will begin a policy of retrenchment and run on short time.

This was tried in the last dominion election and proved successful.

## THIRTEEN AMERICANS BAILED AT JUAREZ

WASHINGTON, Aug. 24.—Thomas D. Edwards, the American Consul at Juarez, Mexico, telegraphed the State Department today that thirteen Americans who had been arrested for "violating certain State laws" had now been released under bond, and two remain bound.

It is presumed he refers to Magistrate sympathizers, several of whom have been arrested recently.

## QUARREL ENDED FATALY

BUFFALO, N. Y., Aug. 24.—Christopher Nolan was arrested today charged with the murder of John Crane. Both men were inmates of the almshouse up to last night, when in a dispute over \$5, Nolan struck Crane over the head with a heavy cane, fracturing his skull. Nolan then disappeared.

## EXPRESS COMPANIES PROBE ON IN IND

### 27 Questions Fired at Companies, Some Concerning Railroads.

INDIANAPOLIS, Aug. 24.—The Indiana Railway Commission began its probe into the business of the express companies today by sending to each a series of twenty-seven questions which seek to bring out every detail of the business. The total gross earnings in Indiana by month, for the six months ending December 31, 1910, and the total operating expenses by month are asked.

The earnings in Indiana for the same six months on interstate business originating and terminating on each line of railroad, and the interline interstate business for the same six months are inquired into. Questions concerning the property the express companies own in Indiana deal with a brief description of the real and personal property within the State, its value, where it is located and particular information concerning what property is in the hands of any holding company whose stock is owned or controlled by the express company. The commission also wants to know what account is kept of packages handled free for any reason.

Copies of the agreements under which the railroads carry express for the express companies are asked and the commission seeks to learn the methods by which the earnings on each separate road are arrived at, and the basis on which payments to the roads are made. Inquiries are divided by railroads when a shipment passes over more than one line.

The companies are asked if there is any other source of earnings to the railroads over which express business is carried from the express operations other than a percentage of the gross earnings.

## ASK TAFT TO REMOVE JUDGE IN NORTHWEST

SEATTLE, Wash., Aug. 24.—Petitions today are being sent to President Taft to remove Judge Hanford as United States District Court judge and are being signed by thousands as the result of the court's stand in the fight of the people of Benton against the Benton, Seattle and Southern Interurban Railway Company.

On Monday Judge Hanford issued an injunction restraining the city and the people from interfering with the operation of the line by asking transfers, to Seattle lines. The patrons of the line ignored the court order and stopped the entire system by insisting upon the payment of a single fare, with transfers, instead of a double fare. Tuesday afternoon Judge Hanford issued another injunction commanding the Benton system to issue receipts for 3 cents extra fare collected when transfers were issued. Yesterday the patrons again ignored the court's order and the company consequently carried them.

In many quarters it is said that the feeling has been deliberately stirred up by employers and politicians in order to distract the workers' attention from the fact that their wages are miserably small and their working conditions abominable.

## PASSENGERS RESCUED.

PERIM, Arabia, Aug. 24.—The British steamship Warwickshire, passing here today, signalled that all of the thirty passengers and crew, who were missing from the steamer Fishshire, after she was wrecked at the entrance to the Gulf of Aden two weeks ago, have been rescued.

## OLD, TRIED SUICIDE.

August Kroman, 72 years old, of 403 24th street, yesterday attempted to commit suicide by hanging from the transom between the dining room and kitchen on the third floor of his home. He was removed to Bellevue Hospital by Dr. Morris, a prisoner, and in a serious condition.

## Special Labor Day Edition

The issue of The Call on Monday, September 4, 1911, will be a Special Labor Day Number. It will contain a number of propaganda articles, several cartoons drawn by such well known artists like Art Young, John Sloan, Ryan Walker, Gordon Nye, etc. The articles and cartoons will be very appropriate for this occasion and will be invaluable for propaganda purposes.

The Labor Day Number of The Call should be widely circulated throughout the Eastern States, both as a means of good propaganda for our cause as well as advertising the toilers' newspaper.

In order to stimulate a large distribution of this number of The Call the regular bundle rates of 80 cents per hundred will be reduced to 60 cents.

It is presumed he refers to Magistrate sympathizers, several of whom have been arrested recently.

Bring this matter before your organization and send in your orders early. At least 100,000 copies of this issue should be distributed.

Address all orders to  
THE NEW YORK CALL  
400 Pearl Street, New York.

## BRITISH WORKERS WIN NEW VICTORY

### Liverpool Municipality Surrenders—German Workers Are Now Restless.

LONDON, Aug. 24.—Tom Mann's threat to have the National Transport Workers again declare a general strike unless the Liverpool Municipal Street Car officials reinstated the men who went on strike resulted today in the corporation agreeing to reinstate the men.

The threat of a renewal of the general strike plunged the business world into a panic, and the government, through the Board of Trade, brought extreme pressure to bear on the municipal officials. G. R. Askwith for the Board of Trade held a hurry-up conference with the Liverpool corporation, and the demands of the men were acceded to without further discussion.

As a result of the city's surrender it is expected that 65,000 men who were on strike pending the settlement will resume work.

The Liverpool Tramways Committee decided that the 250 tramwaymen should be reinstated "as and when required and as satisfactory to the management." The Strike Committee wanted the wording of the decision made more definite, but after consultation and after receiving assurances that the decision would be interpreted sympathetically with the view to reinstating the 250 at the earliest possible moment, the committee tested the order for all men to return to work.

It is, however, not certain whether the ship owners will allow the locked out dockers to resume. They are strongly averse to the tramway committee's decision and announce that the dockers will not be permitted to return to work any way on Friday. The ship owners' committee will meet in the morning to consider the question.

Before the settlement was announced several of the street cars operated by men who had scabbed on the strikers were attacked by sympathizers. Car windows were broken, the crews were beaten up, and the rails were being torn up before soldiers arrived and the people dispersed.

Anti-Semitic Riots Continue.

The anti-Semitic riots in Ebbw Vale and neighboring towns continue. The political interests concerned appear to have done their work well, and it is believed that the mine owners and managers of the steel and iron mills are involved in fostering the abominable exhibition of race hatred.

Many Jewish stores have been stoned, and some of them looted. The Jewish police protection, and claims full compensation for the injury inflicted in the disturbed district.

In many quarters it is said that the feeling has been deliberately stirred up by employers and politicians in order to distract the workers' attention from the fact that their wages are miserably small and their working conditions abominable.

## INSPECTOR DEFINES THE "FIXED POST"

James E. Dillon, Fourth Deputy Police Commissioner, gave a wider definition to the fixed post, while sitting as trial judge at Police Headquarters yesterday. Thereby he brought joy to the hearts of those patrolmen who had heretofore interpreted fixed posts as meaning that they must stand in a spot in the center of the street.

Commissioner Dillon interprets the order for the fixed posts as meaning that the patrolman may walk from curb to curb, but that, if he does stand, it must be in the center of the four corners, where he will be in full view from both intersecting streets.

The interpretation was occasioned by the trial of Patrolman Joseph M. Dunn, who was charged by Inspector Walsh with being off post. The inspector charged that Dunn had been standing on the curb. Dillon said that Dunn had been off post in that he had stood on the curb; but he let him off with a reprimand.

## THRILLING RESCUES AT SHORE; ONE DEAD

ATLANTIC CITY, N. J., Aug. 24.—A treacherous sea kicked up by the strong northeast blow caused the death of one bather and other tragedies were only averted by the narrow margin through the desperate work of beach life guards.

The drowned man was John C. McFarley, a St. Louis visitor, whose life was sacrificed that others drowning nearer shore might be saved.

The scene attendant to the drowning was one of the most thrilling ever enacted along the Atlantic City beach. Of the scores rescued along the beach at various points were Miss May Meyers, Miss Madeline Howard and Charles Morrison, of Philadelphia, cottagers here. Thomas G. Waite, of New York, and Luther Neilman, of Pottstown, had the closest calls with death. They were unconscious when brought ashore and lingered close to death's door so long that their lives were almost despaired of.

## DEFEAT MOVE FOR LAW UNIFORMITY

BOSTON, Aug. 24.—After a brief debate on the resolution of Frank Berges, of New Jersey, proposing that Congress be empowered with authority to take care of the work of making State laws uniform, which was declared by some of the commissioners on uniform State laws to be a movement by the big insurance companies to obtain control of legislation affecting their business, the resolution was defeated at the meeting of the commissioners today in the Hotel Vendome.

## CANADA GETTING MORE AMERICANS

OTTAWA, Aug. 24.—The American invasion of Canada is increasing in volume, according to a statement by the Immigration Department today. The figures for July show 11,012 immigrants from the United States compared with 9,190 in July, 1910. There were 18,000 arrivals at ocean ports.

The total figures for the first four months of the fiscal year were 122,139, of which 54,814 were from the United States.

## WILL ARREST MEN FOR BURNING NEGRO

### Public Clamor Frees Boy Held in Coatesville Lynching "Probe."

COATESVILLE, Pa., Aug. 24.—Yielding to the clamor against the arrest of half grown boys as leaders of the mob that burned to death Zach Walker, the negro slayer of Policeman Edgar Rice, while five of the six men who are said to have planned the lynching have escaped the attention of the authorities, District Attorney Gawthrop today ordered the release of Clyde Woodward, 16 years old, who was taken into custody on a charge of murder because he was seen in the mob. Immediately following the release of the sobbing boy, a man was arrested and charged with having been one of the leaders.

He is Oscar Lamping, ex-preacher, ex-policeman and at present a fireman on the Philadelphia and Reading Railroad. The capture of this man is expected to force the telling of several chapters of the story of the Sunday night lynching which, up to the present, have been suppressed. It also means, it is said, that the county authorities will arrest no more foolish, curious boys who were attracted to the scene of the lynching and will devote their attention to men.

Lamping, when examined, is said to have given the names of fifteen men, who, according to his tale, were in the mob. Most of these men named by the prisoner are members of the Brandywine Fire Company. But while other arrests are imminent, District Attorney Gawthrop will investigate Lamping's story with caution, because it is known that the man entertains bitter hostility toward the Brandywine Fire Company. He was formerly a member of that organization, but was dropped from the list about eight months ago because of a dispute over the collection of delinquent dues.

## INSPECTOR DEFINES THE "FIXED POST"

James E. Dillon, Fourth Deputy Police Commissioner, gave a wider definition to the fixed post, while sitting as trial judge at Police Headquarters yesterday. Thereby he brought joy to the hearts of those patrolmen who had heretofore interpreted fixed posts as meaning that they must stand in a spot in the center of the street.

Commissioner Dillon interprets the order for the fixed posts as meaning that the patrolman may walk from curb to curb, but that, if he does stand, it must be in the center of the four corners, where he will be in full view from both intersecting streets.

The interpretation was occasioned by the trial of Patrolman Joseph M. Dunn, who was charged by Inspector Walsh with being off post. The inspector charged that Dunn had been standing on the curb. Dillon said that Dunn had been off post in that he had stood on the curb; but he let him off with a reprimand.

## THRILLING RESCUES AT SHORE; ONE DEAD

ATLANTIC CITY, N. J., Aug. 24.—A treacherous sea kicked up by the strong northeast blow caused the death of one bather and other tragedies were only averted by the narrow margin through the desperate work of beach life guards.

They were unconscious when brought ashore and lingered close to death's door so long that their lives were almost despaired of.

## DEFEAT MOVE FOR LAW UNIFORMITY

BOSTON, Aug. 24.—After a brief debate on the resolution of Frank Berges, of New Jersey, proposing that Congress be empowered with authority to take care of the work of making State laws uniform, which was declared by some of the commissioners on uniform State laws to be a movement by the big insurance companies to obtain control of legislation affecting their business, the resolution was defeated at the meeting of the commissioners today in the Hotel Vendome.

## FRIENDS OF PRICE THREATEN TROUBLE

EL PASO, Tex., Aug. 24.—Certain Americans of revolutionary sympathies in California threaten an invasion of Lower California if Rhys Price is extradited and taken back there from Los Angeles for trial as a revolutionist.

He was an American leader in the late Lower California uprising and his friends threaten trouble if harm comes to Price.

## PRICES OF BEEF TO SOAR EVEN HIGHER

CHICAGO, Aug. 24.—A shortage of good beef on the Chicago market is said to be responsible for the boosting of the price of that grade of meat. An advance of 1 to 1½ cents a pound is expected within the next few days.

On January 1, 1911, prime beef on foot sold in Chicago at \$8.15 to \$8.20. On August 7 it was \$1 less. The retail price per pound of ribs and loin on January 1 was 18 and 12 cents, respectively. On August 1 the retail prices were 24 and 15 cents, respectively. Packers and retailers refuse to explain the contrast.

## KANSAS CITY, Mo., Aug. 24.—Two carloads of beef steers received at the Kansas City stockyards today from Plattburg, Mo., brought \$8.20 a hundred.

This stockyard officials say, is by 5 cents the highest price reached in any market this year.

## BELIEVE TEN ARE VICTIMS OF SEA

Tug Martin Towing Barge Thought to Have Sunk in Georgian Bay Off French River.

OTTAWA, Ontario, Aug. 24.—The barge Albatross, of Midland, Captain Dean, founded in the Georgian Bay off French River on Monday night and it is feared that the tug C. C. Martin, of Midland, Captain Vent, which had the barge in tow, has gone to the bottom also.

The tug carried besides the captain and his wife a crew of eight. What gives ground for the apprehension that the Martin has become a prey to the waves is the story brought by those on board the barge, who reached Byng Inlet on yesterday, after enduring the hardships of a night and a day afloat on the bay in small boats, during one of the worst gales ever known on Georgian Bay. The party included Captain Dean, his wife, his niece, Mrs. Alex Buchanan, of Moose Jaw; her two children, a 2-year-old girl, and a two-month-old boy; Miss Clementine Labelle, of Ottawa, and one sailor, Joseph St. Pere.

They were brought up the river to Byng Inlet, Ontario, by Capt. Louis Lamondie, a lighthouse keeper, whose wharf they were able to make Tuesday night in an exhausted condition and at whose hands they received all possible care.

## PLANS TO ESTABLISH A COLONY OF SERFS

MONTREAL, Aug. 24.—The Duke of Southland, Lord Desborough and Lord Charles Bessford arrived here today from New York on the yacht Catania.

The Duke is on his way to the Canadian West, where he says he is going to establish a great colony of tenant farmers and where Lord Charles Bessford says he is going to invest the proceeds of the sale of his American holdings.

The Canadian immigration experts regard the Duke's venture with some doubt, believing that when his Scotch tenants discover that they can become landed proprietors in the West at no cost they will promptly avail themselves of the opportunity and give him the laugh.

## VETERANS HOPE FOR INCREASED PENSIONS

ROCHESTER, N. Y., Aug. 24.—Asserting that the importance of pensions was of greatest importance to the Civil War veterans, Commander-in-Chief Gilman, in his annual address before the annual campment of the Grand Army of the Republic today, said he believed that Congress would pass a bill next winter increasing the pay of old soldiers.

"The committee on resolutions has decided it is better to ask for half a loaf with fair prospects of getting it," said Gilman, "than to ask for a whole loaf and get no bread."

The pensions resolutions passed by the committee urging Congress for an increase was adopted.

## CUBA ON TRAIL OF FOREIGN EDITORS

HAVANA, Aug. 24.—Unless the government changes its program a wholesale enforced exodus of foreign journalists is certain. An ultimatum to this effect was followed by even more bitter attacks upon the Gomez administration. The fugitive editors of the Spanish anarchist paper, La Tierra, will be deported as soon as they are captured, according to Government Secretary Machado.

It is believed the ultimatum is also aimed at several American editors who in attacking Gomez have advocated annexation of Cuba to the United States.

## TO WATCH CONTRACT LABOR

WASHINGTON, Aug. 24.—Secretary of Commerce and Labor Nagel today appointed W. W. Husted, of Vermont, as chief of the staff of inspectors of Contract Labor Immigrants. Ten inspectors have been appointed for this work under authority given by Congress, and Husted will direct their operations from Washington. He was formerly private secretary to Senator Dillingham, of Vermont.

## MUSIC TOO UNHOLY

PITTSBURGH, Aug. 24.—Trustees of the German Evangelical Lutheran Church have issued warnings that trouble will be made unless ambitious musicians residing near the church refrain from practicing on cornets on Sunday. Half a dozen amateur musicians live near the church.

## GENERAL INSULTS WOMEN AT CITY CHARTER HEARING

### Says They Tried to Get Equal Pay by Using Charms.

## GAYNOR IS IGNORANT

### Many Fear Politics and Denounce New Charter Proposals as 'Revolutionary.'

The charter hearing on the educational chapter of the proposed new city charter was fully attended yesterday. The discussion was peculiarly barren of ideas, and productive of little more than the repeated statement that the proposal to appoint a small Board of Education, the members of which are to be paid, is likely to result in the introduction of politics to the city's educational system. Occasion was also taken to insult women who demanded equal pay for equal work.

The first speaker of the day was Seth Low, who insisted that the proposal to pay members of a small board was "revolutionary"—it might be radical, but was certainly "revolutionary." Low explained that under the present system the City Superintendent has powers which would be modified were the charter proposals to become law. This, declared Low, would destroy the existing unity of administration. "It would," he said, "be as reasonable to expect the planetary system to work without the force of gravity as to expect to have a satisfactory working of the school system without giving the City Superintendent full power."

New Charter Revolutionary.

Low admitted that the size of the board at present might be reduced with advantage from forty-seven members to about twenty-five.

Commissioner Robert L. Harrison, chairman of the by-laws committee of the Board of Education, followed, declaring that at the root of the whole controversy over the proposed charter was the proposal to appoint a board of seven men and pay them \$9,000 a year each.

Harrison urged that the present system that has been in operation for over fifty years, was the system that had raised New York's educational system to the forefront among cities of all nations.

Is there any clamor for the change proposed? asked Harrison. He said he had studied the newspapers, and had found none, and yet it was proposed to legislate the present board out of existence.

He presumed the charter was meant to be a serious instrument, but there was a touch of humor in it, and wanted to know whether it were altogether necessary for the charter to declare that school "janitors may, at the discretion of the Board of Education, be called 'custodians.'"

Harrison, too, referred to the moss grown antiquity of the present system, and urged the committee not to be "revolutionary."

Intellectually Impudent Opposition.

Following him spoke Mrs. Frances H. Cothren, a school superintendent, and one of the members of the commission of five appointed some time ago by Gaynor to investigate the working of the Board of Education. Mrs. Cothren set out by declaring that those who opposed the new charter's educational chapter did so because they were "intellectually impudent, intellectually dishonest, or intellectually selfish." She also declared that the opposition lacked real information.

She argued that the proposals in the new charter were in harmony with present day developments, and cited a number of cities which have small education boards, the members of which are paid. This, she explained, has been the tendency since the report of the Chicago commission in 1898.

"The trouble in the present board," said Mrs. Cothren, "is largely due to the evils of inefficiency. These evils could be remedied by persons able to attend to business all of the time."

She urged that other city departments are run with paid boards, and that the system conserve the taxes. The Board of Education, she declared, should be run on a business basis for the same reason. She did not take much account of the objection urged that such a plan would inject political considerations into the educational system. In any event "there has been more petty personal politics stirred up to defeat this charter than a Mayor could inject into the Board of Education in ten years. She concluded by stating that the only thing the present board members had in common was their ignorance of conditions in New York City.

General George W. Winslow then took the floor in opposition to the

charter proposals, and made a speech the main line of which had been fashioned in the Ark. In the course of a speech that it was often impossible to hear, and that lasted for a little more than an hour and a half, he took occasion to refer to Mrs. Cothran, declaring that she did not know what she was talking about, and that he was old enough to be her grandfather, which seemed a good argument to the general.

He also referred with pride to the obstinate attitude taken by the board on the question of equal pay for men and women, declaring that he and the rest of the board had stood their ground like a rock in the interest of the taxpayers. Referring to the committees from the women teachers that had waited on the board on several occasions in reference to the matter, he suggested that the pretties women had been selected from the deputations in the hope of influencing his and his fellow members' decision by their feminine charms. Altogether, the aged general succeeded in creating a most unpleasant atmosphere and throwing the weight of sympathy in favor of the charter proposals.

He declared that the women who were interested in nothing else, and that they even neglected their work as teachers during their campaign. On one occasion, when a deputaion had waited on him, he had said: "Young ladies, it is not to the interest of your sex to have equal pay. For every male teacher there are nine women teachers, and this is because women will take less pay."

He then went on to say that women were the best teachers for boys and girls up to about 13 years of age. After 13, he said, the boys should be taught by men. This was necessary because the world was brutal, and the little boys should get their first taste of brutality at about 13 and continue to go out into the world. Then he explained, they would not find the world so brutal as they would were women to teach them after they were 13.

The gallant general ended with a plea to avoid a "revolutionary" step. Miss Grace Strachan, representing the Interborough Association of Women Teachers, repudiated the suggestion that attempts had been made by her association to influence the board by sending pretty women. So far as General Wingate was concerned, she said, she had not been troubled with a deputaion. She knew he was hopeless anyway. She then took up the general's admission that women were better than men for teaching young children. Why, then, she demanded, did the general refuse to recognize the right of women to equal pay, not only for equal, but for admittedly better work?

Cornelius J. Early, representing a number of Irish Catholic societies, declared, and urged that the members of the Board of Education should be elected instead of being nominated by the Mayor. Mrs. Harriet Stanton Blatch demanded to know whether it was proposed to have any women members of the smaller Board of Education. She pointed out that of the nine trustees of the Normal College three are women, and suggested that were no woman added to the board it would be because its members were to be paid \$9,000 a year each.

The disappointed teachers' association as represented and urged that the merging of eligible teachers lists should cease, as it entailed hardship on the men and women who were at the bottom of a list that was not exhausted when another list was added. The result was that those at the top of the second list were chosen before those at the bottom of the first list, and the latter often waited three years before being appointed.

### CARPET UPHOLSTERERS' NO. 70 ANNUAL OUTING

The annual family outing of the Carpet Upholsters' Union, Local No. 70, U. I. W., will be held at Metropolitan Park, Flushing and Metropolitan avenue, Brooklyn, tomorrow afternoon and evening. This day is looked forward to by the members of the union, their family and friends as a day of rejoicing. All other things are forgotten except to eat, drink and be merry. Local 70 has some reason for being happy, as in the nine years of its existence, it has improved the condition of the craft that its agreement is now second to no other trade agreement in the city. This has been brought about by organizing the entire trade and being ever ready to put up a winning fight, either to maintain or improve conditions.

**UNION LABELS.**  
**UNION MADE PIANOS.**  
Remember that manufacturers and dealers in union made pianos always emphasize in their advertisements the fact that their pianos are UNION MADE.

**PIANO AND ORGAN WORKERS' UNION INTERNATIONAL UNION OF AMERICA**  
Always insist on seeing the label.

### STRIKE MAY COME ON THE HARRIMAN LINES ANY MOMENT

(Continued from Page 1)  
come in since yesterday morning are said to have been received in the same proportion.

MEMPHIS, Tenn., Aug. 24.—Two thousand shop employees of the Illinois Central Railroad, members of the newly formed System Federation, voted today to strike unless the company officers recognize the federation before Monday, August 28. This was the result of a secret vote in the local shops. Leaders declare that arrangements are complete for a walkout of all trades under the System Federation plan movement.

SAN FRANCISCO, Aug. 24.—Votes have been taken by employees of the Southern Pacific at various points favoring a strike unless recognition of the newly organized Federation of Employees on Harriman Lines is granted. The balloting has been secret, but results are known to be in favor of making a determined stand for recognition.

It became known today that several of the crafts comprising the Federation of Shop Employees at Sacramento have voted for a strike. In Oakland and San Francisco secret votes have also been taken, according to officials of the federation, and many of the different crafts also favor a walkout. Officials of the railroad company declare no vote has been taken favoring a strike, but it is known that the men are ugly over the wholesale dismissals on grounds of retrenchment.

### NEGRO BURNED AT STAKE IN OKLAHOMA

SHAWNEE, Okla., Aug. 24.—Peter Carter, a negro, 35 years old, a cook on a dining car, was burned at a stake in the center of the city at Purcell, Okla., at 6:30 o'clock this evening by 2,000 unmasked men and women. Dry woods boxes were piled twenty feet high and the negro was placed on top of the pile by hundreds of willing hands. The boxes were saturated with coal oil, and the fire started.

The cries of pain of the burning man were answered by shouts of joy by the mob. The entire crowd stood by and watched the mass of pine boxes with its human victim consumed by the flames. No attempt was made by the sheriff or his forces to quiet the mob or to save the negro's life. The negro's death was brought about by a heinous crime committed by him last night on Mrs. M. Spragger, a white woman, the wife of a young farmer living one mile south of Purcell.

### CARMEN WIN FIGHT IN DES MOINES, IA.

DES MOINES, Iowa, Aug. 24.—By a practically unanimous vote, the Carmen's Union today ratified the action of the executive committee of the union in accepting the terms of the new working contract, already agreed to by the officers of the street car company. By this action all danger of strike on the point which caused the recent trouble disappeared. The Carmen, it is understood, are granted in the new contract everything in the way of an arbitration clause which they desire.

**"YACHTING" BOUGHT.**  
Magazine Taken Over by the Outing Publishing Company.

The Outing Publishing Company has announced that it has taken over the magazine Yachting, hitherto published at 35 Park row, New York City. Beginning with the October issue, Yachting will be published from Outing Publishing Company's offices, 315 Fifth avenue.

### RAP CONGRESS AT MAIL RATE HEARING

#### People at Mercy of "Railway Kings," Cowles Says in Statement.

A brief by James L. Cowles, secretary of the Postal Progress League, against any increase in the rate on second class postal parcels and a similar objection to the increase in postage from Miss Leonora O'Reilly, who represented the Women's Trade Union League, were the principal features at yesterday's hearing before the Postal Commission in the Federal Building.

In his brief Secretary Cowles said in part: "According to the Interstate Commerce Commission, our private express companies are carrying newspapers from New York to Chicago, more than a thousand miles, at 50 cents a hundred pounds, and, since the railways receive only half the amount paid to the express companies, the railway service is done in this case at only 25 cents a hundred pounds. I note also, that under the English Post-Office Express agreement, eleven-pound parcels of English merchandise are now carried by the American Express company from New York to San Francisco for 24 cents, or a trifle more than 2 cents a pound. This includes delivery, and Mr. Britt tells us that the postoffice can perform the same service cheaper than any private corporation."

"The postoffice is our mutual express company and yet by its disregard of the fundamental law of public transportation in the determination of railway rates, it is in the hands of the railway kings at the mercy of our railway kings as to the transportation of our mail matter."

"By its enormous tax on the postal transport of general merchandise, Congress deprives us almost altogether of the use of the post-office in local merchandise traffic, and in through traffic confines its service to parcels of less than six ounces."

"We, as organized workers, ask you to act carefully. One of the greatest means of getting the truth before the people is the magazine. In no other way can it be accomplished so effectively. Please pause. Think many, many times and consider the side of the people before you take into account what may be a deficit."

### SCABS DEPART FROM ROSENWASSER SHOP

The 200 ladies' waist makers on strike in the shop of Philip Rosenwasser, of 826 Broadway, were jubilant yesterday when a number of strikebreakers who were employed by Rosenwasser left the shop and joined their ranks.

Some days ago the Rosenwasser concern prevailed upon nine of the strikers to return to work. These nine were among the best in the shop and the company hoped to be able to run its shop with inexperienced strikeworkers aided by these nine old employees. Yesterday the nine experienced workmen left the shop and were followed by a number of others.

This, leaders of the union declared, makes it certain that the strike will be won shortly. The strike at the Rosenwasser concern has been on for four weeks and the strikers keep up their enthusiasm and fighting spirit.

The twenty strikers of the Excel Manufacturing Company also report that they foresee a speedy victory.

### NECKWEAR WORKERS READY WITH DEMANDS

Preparations are being made by the Neckwear Workers' Union to begin negotiations with employers for the renewal of their old agreements, which expire October 1. The industry involves some 5,000 workers, mostly girls, and in case the bosses refuse to renew their contracts with the union granting the hours, wages and conditions demanded a strike will ensue.

At a number of meetings held during the week the members of the union appointed committees to negotiate with the bosses.

### JEWELRY WORKERS STEADILY WINNING

Nearly a hundred of the striking jewelry workers have returned to work on union conditions and wages, it was reported yesterday. The men still on strike think it is only a matter of days when the firms that are still holding out against the union demands will yield.

While foreseeing a speedy victory the men, however, declare that they are ready to stay out on strike as long as the bosses see fit to persist in their opposition to the union.

### POLICE DOGS TO STAY.

Commissioner Has Approving Letters From Parkville Residents.  
There was talk a few days ago about moving the Police Department dog squad from the Parkville section of Brooklyn, but the commissioner has decided that the dogs shall stay where they are.

**SIX WORKERS DIE IN MINE SHAFT FIRE**

**Four More Dangerously Hurt When Trapped in Cage by Flames.**

ELY, N.Y., Aug. 24.—Of ten men who were working at the 1,400-foot level of the new five-compartment shaft of the Giroux Consolidated Mines, when it caught fire last night, six are dead and four lie at the point of death, after passing through the flames to reach the surface.  
The dead include Daniel Drea, secretary of the local miners' union; T. J. Gilmore, shift boss, and four other miners.  
The men on the 1,400-foot level heard a noise which they thought was caused by an explosion. They looked up and saw the shaft in flames. They at once boarded the cage and started for the surface, but encountered the flames at the 1,200-foot level and stopped.  
John Wilhelmly and four other men left the cage and started to walk through the 1,200-foot level to the old Alpha shaft, 700 feet away, through which they hoped to climb out of the mine.  
The five men remaining in the cage gave the signal to hoist and were pulled through the blazing shaft. One was dead when the top was reached, and the other four were taken to a hospital.

The work of rescuing the five men remaining in the mine was then attempted through the Alpha shaft.  
At the 400-foot level Wilhelmly was found dead; Gilmore's body was recovered at the 600-foot level, at the bulkhead, where another miner lay dead. Two men are still in the burning mine.  
This is the same mine in which three and a half years ago two men were killed and four others entombed for forty-six days on the 1,000-foot level of the Alpha shaft.  
The new shaft is one of the largest and deepest in the district and cost more than a quarter of a million dollars. Every effort is being made to extinguish the flames, which are still burning.

**ENGINE ROOM IS WRECKED; ONE HURT**  
NORTH ADAMS, Mass., Aug. 24.—Engineer Ulysses S. Grant was badly injured, the engine room of the Greylock Woolen Mills was wrecked, and many workers hurt today when a cylinder head blew out on one of the power engines at the big plant.  
The engine room was almost completely wrecked, the massive walls being torn into the smallest of atoms by the force of the blowout. The reason for which may probably never be known, since Grant was terribly mutilated and lacerated about the head and body. His death is expected momentarily, and he was the only person so far known in the room when the explosion occurred, or who could explain it.  
The ceiling in parts above the engine room crashed down into the place where the explosion occurred, and it was some time before rescuers could find Grant huddled and bruised and bleeding under the wreckage. Grant was rushed to a hospital and the real extent of his injuries is not known.  
There were many narrow escapes from adjoining workshops and rooms. Several hundred employees rushed

**ACCIDENT STOPS ATWOOD AT NYACK**  
Aviator Will Probably Complete Long Flight This Afternoon.  
Harry Atwood, his engine willing, expected to end his flight from St. Louis at Sheepshead Bay at 4 o'clock yesterday afternoon, but the engine objected. At 11:30 in the forenoon, when the biplane was rounding Hook Mountain, thirty-one miles from New York, on what was to be the last lap of the sprint down the Hudson, the connecting rod flew loose and began trying to beat the machine to pieces. Atwood glided down and hitched his mount to an apple tree two miles and a half north of Nyack. It was late last night before the engine was fixed. The trip will be completed today, probably this afternoon. Atwood has travelled 1,245 miles and has broken the record for an unbroken series of distance flights. The previous mark was 1,164 miles.  
The air was almost breezless when the aviator left Castleton at 7:40 o'clock yesterday morning to follow the rambling Hudson down through the Highlands. He had landed only once, at Cold Spring, while cadets and army officers who had expected him stood on the West Point parade grounds and cursed their luck—when he started to sweep around the curve where Hook Mountain tries to shoulder itself into the river. Seeing a chance to gain a little time, he tilted his planes upward and rose until he was almost above the crest of old Hook itself. It was then that the engine began pounding, and Atwood felt the craft sinking. Although the pontoons would have kept him afloat on the river, he didn't care for that sort of a landing. He pinched off the power and headed for the nearest spot that looked as if it would hold an aeroplane.  
The spot happened to be a lot 200 feet from the river across the road from the home of W. D. Davies. It wasn't nearly as roomy a lot as an aviator likes and was encumbered with several pesky apple trees. But Atwood cut a circle or two and alighted smoothly. He found that the rabbit metal that holds the connecting rod in place had worn through and he had nothing with which to fix it.

**GIANTS BREAK EVEN**

Drop First Game and Win Second and Are Tied With Cubs for First Place.  
A crowd of 30,000 saw the Giants and Pirates break even yesterday in two well played games. Both games were marked by first class pitching, but in the first Adams outpitched Mathewson. Two misplays in the second inning practically lost for the Giants in the first clash of the doubleheader. Marquard did great work in the second and Camnitz pressed him closely. Carey's fielding was a feature. Becker also starred in the outfield. The scores:  
It rested with Marquard to handle the box department well enough for the Giants to emerge from the grapple with an even break, and the Rubie did it. He hurled his shrapnel over the tray with rare control and effect. He breezed eleven Pirates.  
The Pirates hit Maty and his successor, Crandall, in small but large enough bunches to enable them to outscore the Giants by a shade; but if Herzog hadn't muffed a foul fly from Adams, Adams wouldn't have singled a moment later and one less run would have been made off Mathewson.  
There was a remarkable scarcity of bases on balls. The only one in the seventeen and a half innings of baseball was presented by Camnitz in the third inning of the second game, which meant the pitchers were so uncharitable that for eleven consecutive innings the freedom of the first base causeway was extended to nobody.

**HEAVY GRAPPLERS RESTING.**  
Strain of Training Tells on Both Gotch and Hackenschmidt.  
CHICAGO, Aug. 24.—The nervous strain of training for the bitter battle of the mat on Labor Day has told on both Gotch and Hackenschmidt. The two men have been training too persistently, and as a result Hackenschmidt is taking a few days' rest in Chicago, while Gotch is easing up in Humboldt, Iowa.  
Those who have watched both camps believe that the utmost care must now be exercised lest the heavy grapplers go stale. As the day of the combat draws steadily nearer, the principals are more highly strung, and the animosity engendered has been a greater weight on them than the physical stresses of their daily work.

**SOX BEAT YANKEES**

Walsh's Moistened Delivery Too Much for Highlanders, and They Lose First of Series.  
CHICAGO, Aug. 24.—The Yankees dropped their first game of the series with the White Sox today, 5 to 3. Inability of the Highlanders to connect with the moistened delivery of Ed Walsh after the first inning, and the ability of the Sox to hit Quinn when his meant runs tells the story of the defeat. The Highlanders peppered Walsh in the first inning as if they would drive him from the slab. Walsh took another bite of slippery elm, and from that time forth the Yankees were without a chance.  
The Yankees started as if they would make a runaway game of it. They got two runs in the first. Then the Sox tied it up in the third. The battle remained a tie until the fifth, when the Sox got three and won the game. In the matter of hits the Yankees finished second by a large majority. The Sox got to Quinn for twelve, while eight was all the visitors secured. And Cree was almost half the attacking force, for he secured three of the eight drives. The left fielder poled one for three bases.

**DODGERS WHIP CUBS**  
Chicagoites Declare Decision by Umpire Finneran Deprived Them of Victory in Ten-Inning Game.  
It required ten innings to enable the Brooklyn to whip the Chicago Cubs at Washington Park yesterday. The score was 5 to 4 against Dahlen's men when they went to the bat for their half of the tenth, and with two runners on bases Erwin ended the controversy by driving one of Milner Brown's shoots far over the right field fence, with only one out. The Cubs were clearly disgruntled over the result and declared that a decision by Field Umpire Finneran deprived them of victory. There was no apparent ground for this assertion, for in the eighth inning, with Wheat on second and one out, Davidson hit a fast grounder to Doyle, who touched up Wheat, it seemed, and then threw to Saier for what looked like a double play. Finneran had his back turned watching for the play at first base and did not see Doyle put the ball on the Brooklyn runner. So Wheat was allowed to take third. The Cubs kicked off Finneran admitted that he hadn't observed the incident and Chief Rier declined to make a ruling. As Wheat scored the next moment the Cubs insisted that had it not been for this mistake they would have won by a score of 4 to 3 in nine innings.  
Reubach pitched steadily ball until the ninth inning. There he lost control, and Brown, who succeeded him, could not stem the tide. Burk was superbly backed up while he occupied the box for Brooklyn, but at that he was batted heavily. Tinker covered short field in brilliant style and Archer's throwing was immense. The score:

**LANGFORD KNOCKS OUT ROSS IN SIXTH ROUND**  
Sam Langford added another victim to his already long string of scalpings last night, when he knocked out Tony Ross of Newcastle, Pa., in the sixth round after the members of the National Sporting Club had joyously witnessed one of the fastest contests ever seen in this city between heavyweights. The blow that sent Ross prostrate for the full count was a terrific left hand swing that caught him flush on the jaw.  
In the first round Langford stalked around the ring with a broad smile on his face. He started playing for the stomach and smacked Ross' back with both hands. Ross shot out jabs with his left. Langford changed his movements by suddenly clipping Ross on the jaw, while Ross drove a few stiff blows to the body. Langford staggered Ross at the opening of the second round with a hard right swing to the chin. Ross hit the kidneys of the Argentine Republic, which is to be launched at the Fore River Shipbuilding Company's yard in this city soon after noon on Saturday next. The Arkansas and Wyoming, as the new leaders of the American navy will be named, will be 362 feet in length, while the Rivadavia's hull is twenty-three feet longer.  
The Rivadavia's breadth of ninety-eight feet is about five feet more than the beam of the Arkansas type of battleship. The displacement of the Argentine ship will be 27,500 tons, as compared with about 25,000 tons for the American type. Her bunkers will hold 4,000 tons of coal, while those of the American type can carry only 2,500 tons.

**TWENTIETH CENTURY A. C. BOUTS TONIGHT**  
The Twentieth Century Athletic Club will stage two of the best ten-contest bouts that could be arranged to suit the local followers of athletics at the St. Nicholas Rink, 66th Street and Broadway, tonight. Willie Howard, the sturdiest and cleverest lightweight Brooklyn has ever produced, will appear against Harry Stone, the clever West Side Ghetto champion, whose recent victories and past performances in the ring entitles him to consideration from any man in his class.  
Eddie Dennis, of San Francisco, the champion of the Pacific Coast, is also billed to appear against Willie Jones, Brooklyn's crack featherweight. Constantino Eliopoulos, the knockout Greek, will be seen in action against Jimmy Kelly, of Boston, and Paddy Meehan, of Brooklyn, will meet Kid Herman of this city. Owing to the unusual length of the program the first contest will be put on promptly at 8:45 p.m.

**MACK SAYS ATHLETICS CAN BEAT GIANTS**  
CLEVELAND, Ohio, Aug. 24.—“We are going to win the American League pennant again, and we are going to win the world's series, too.”  
That's a good deal for Connie Mack, the astute leader of the Athletics, to say, but Connie and his band of champions are so full of confidence now that they are beginning to speculate upon the size of the melon to be cut in October.  
“It doesn't make any difference to us whether New York, Pittsburg or Chicago wins the National League championship. We can and will beat any team the National League can send against us. New York might give us a harder battle than the Cubs did last year, but I would just as soon that they should win it. It makes no difference to us,” continued Manager Connie today.  
**BOXING OFFICES OPENED.**  
The new offices of the New York State Athletic Commission, which will control boxing in this State in the future, were opened for business yesterday. The suite is located on the eleventh floor of the building at 41 Park Row. Secretary Charley Harvey is in charge, and all matters regarding boxing clubs and boxers will be handled by the commission from his office. Chairman James E. Sullivan is not expected to be present in the new quarters for a week or two owing to injuries received in the railroad wreck at Fort Wayne, Ind., two weeks ago.

**CLEVELAND PLAYERS PINCHED.**  
AKRON, Ohio, Aug. 24.—Four pitchers attached to the Cleveland American League Baseball Club were arrested today at Chagrin Falls. The men, Blanding, Mitchell, Kaler, and Krapp, are charged by Nat Haines, an actor at Kent, Ohio, with assaulting him. The men attended the Ohio and Pennsylvania League game in Akron Wednesday, and in the evening went to Silver Lake. On the way the players became involved in a quarrel with Haines.  
**ARGENTINE WARSHIP EXCELS ANY OF U. S.**  
QUINCY, Mass., Aug. 24.—A comparison with the latest types of battleships projected for the United States Navy gives some idea of the tremendous size and power of the Rivadavia, built for the Argentine Republic, which is to be launched at the Fore River Shipbuilding Company's yard in this city soon after noon on Saturday next. The Arkansas and Wyoming, as the new leaders of the American navy will be named, will be 362 feet in length, while the Rivadavia's hull is twenty-three feet longer.  
The Rivadavia's breadth of ninety-eight feet is about five feet more than the beam of the Arkansas type of battleship. The displacement of the Argentine ship will be 27,500 tons, as compared with about 25,000 tons for the American type. Her bunkers will hold 4,000 tons of coal, while those of the American type can carry only 2,500 tons.

**ALLEGED FIREBUG HELD.**  
Bruno Is Remanded to Tombs in \$10,000 Bail for Arson.  
Charged in an indictment with setting fire to a building in which were many persons, Bruno Rothenberg, who says he is a promoter and resides at 138th Street and Lenox Avenue, was arraigned before Judge Swann, General Sessions, yesterday and committed to the Tombs in default of \$10,000 bail.  
According to the District Attorney's assistants and counsel for the Board of Fire Underwriters, the prisoner was not the man who actually committed the arson, but was only a tool for others, who, it is expected, will soon be arrested.  
The indictment against Rothenberg charges him in two counts with arson in the second and third degrees. The fire was on June 12 last in the building at 140 Fulton street.  
Part of the building was occupied by the New York Frame and Picture Company, which company put in a claim for \$50,000 for insurance. The investigation which followed showed that the place had been set on fire.

**MUSICIAN AND WIFE WALK FROM KANSAS CITY TO BOSTON.**  
BOSTON, Aug. 24.—Tanned by the sun and in excellent health, Mr. and Mrs. Wolf, of Kansas City, Mo., have reached Boston after a 4,000-mile walk across country.  
A year ago Wolf, a musician, was in such poor health that physicians advised a long trip in the open air. The Wools started from their home on October 15. They took no direct route, and so have covered a much greater distance than they would had they set out straight for Boston. When they left Kansas City Wolf weighed 147 pounds, now he tips the scales at 160.

**WIRE WORKS CLOSED.**  
Roebbling Concern at Trenton Says It Lacks Orders.  
TRENTON, N. J., Aug. 24.—The wire rope shop of the John A. Roebbling's Sons Company, one of the largest of its kind in the country, has been closed for five days past, and according to a statement made at the works yesterday will remain so for an indefinite period. Lack of orders, coupled with general conditions prevailing in the industry, were given as the reasons. The company attributes the present condition of the industry to the recent tariff agitation and the uncertainty as to what the next session of Congress will bring forth.

**GROSSCUP SUCCEEDS NUGENT.**  
TRENTON, N. J., Aug. 24.—At a meeting here today of the Democratic State Committee Edward E. Grosscup, of Gloucester County, was unanimously elected State chairman to succeed James R. Nugent, whose place was declared vacant at a stormy meeting of the committee at Asbury Park two weeks ago. Nugent was charged with having used the words "insult and liar" in referring to Governor Wilson.  
**JAPANESE PROMOTIONS.**  
TOKIO, Aug. 24.—Baron Uchida, Japanese Ambassador to the United States, was elevated to the rank of viscount, and Baron Shibuzawa was decorated with the medal of the First Order of the Sacred Treasure by the Mikado today. The promotions, it was announced, were given for merit and for the promotion of good will between Japanese and American business men.

**ON LABOR COMMITTEE.**  
TRENTON, N. J., Aug. 24.—Members of the State Commission on Employers' Liability were appointed today by Governor Wilson. They are: William Dickson, Montclair; Walter E. Edge, Atlantic City; J. William Clark, Newark; Samuel Botterill, East Orange; John C. Cosgrove, Elizabeth; Edward K. Mills, Morristown, all reappointed.  
**NICARAGUA'S PRESIDENT OUT.**  
NEW ORLEANS, Aug. 24.—An unconfirmed report reached here today from Bluefields that President Adolfo Diaz had relinquished the presidency of Nicaragua to his Minister of War, Gen. Luis Mena. It is said to have left Managua, the capital, for Bluefields, where he is expected to meet ex-President Juan Estrada.

**DEATH NOTICE.**  
Comrade Robert Woodruff, 59 years old, died Tuesday night, at 10:30, at St. John's Hospital. Funeral services to be held today, 2 p.m., at his late residence, 180 Tenth ave., Astoria. All comrades and friends are invited to attend.

**GAYNOR DECLARES LEVENSON FIRED**  
Mayor Gaynor yesterday ousted Joseph Levenson as City Marshal following a hearing and complaint filed by Heinrich Lemmermann, a confectioner of 2523 Eighth Avenue.  
Levenson was appointed a City Marshal November 22, 1910, by the Controller and he attributes his fate to the hostility between the Mayor and Controller Prendergast.  
Levenson is the Republican leader of the 2d Assembly District, and was placed in charge of the collection of arrears of personal taxes by the Controller. Levenson was paid by fee, receiving a certain percentage of all taxes collected by him.  
In a statement the Mayor said: "The Controller gives all warrants for the collection of personal taxes to this marshal. The evidence shows that he made use of the warrant in this case to try to extort money from the delinquent to be kept by him as so-called fees, and that he collects and keeps money in the same way in other cases."  
"In this way it is plain that \$50,000 or more a year could be collected and retained as fees. He has no right to any fee except a prescribed percentage on any sum he may collect and turn in to the city. To use these warrants to extort money to be kept as fees is intolerable. All sums must be turned in to the city, less the fees allowed thereon by law."  
"Many persons are assessed on personal property who have none, but they are assessed by the Controller's marshal with these warrants. This must be stopped. This tax ought to be done away with. It is unscientific, unequal, unjust, and pestiferous. I tried to have it abolished last year, but other judgments prevailed."  
Levenson said: "I am well aware that the Mayor's well known hostility to the Controller is responsible for the action of the Mayor in removing me on trumped-up charges. I do not propose that the general public shall get a false impression regarding me because of the unwarranted action of the Mayor. I am going to go to the limit in a legal and orderly way to seek redress, for I will not submit to having my name dragged down by the Mayor."

**SHOT AS HE SLEEPS.**  
His Bed Near Window, Kenny Gets Bullet in Back.  
As he was sleeping with his bed near the window, John J. Kenny, 36 years old, an elevator operator, who lives in a rear room at 241 East 32d Street, was shot in the small of the back yesterday. The bullet crashed through his window. The bullet was a .44 caliber Colt.  
Kenny screamed and tenants came to his room. Dr. Mixsell, of the Reception Hospital, was called, and he found that the bullet was just beneath the flesh. It was easily probed and Kenny was then taken to the hospital. Kenny said he had no enemies, and he believes the shooting was accidental. The police also hold this view.

**DROWNED IN SURF.**  
ATLANTIC CITY, N. J., Aug. 24.—James C. McFate, buyer for the dry goods house of B. Nugent & Bro., St. Louis, Mo., was drowned in the surf here today while bathing. McFate, with his wife and boys, was stopping at the Villa Hotel. The corpse will be sent to Williamsport, Pa., for burial. Mrs. McFate's relatives are of the prominent Thomas family of that city.  
**WANTS ARMY POSTS CHANGED.**  
ALBANY, Aug. 24.—Assemblyman Cuvillier, of New York, has drafted a resolution for introduction in the Legislature when it reconvenes on September 8, requesting Congress to establish two regular army infantry posts at Albany and Buffalo, as substitutes for those on Governors' Island and at Madison Barracks. Cuvillier says he has the support of the State authorities in this movement.

**ARGENTINE WARSHIP EXCELS ANY OF U. S.**  
QUINCY, Mass., Aug. 24.—A comparison with the latest types of battleships projected for the United States Navy gives some idea of the tremendous size and power of the Rivadavia, built for the Argentine Republic, which is to be launched at the Fore River Shipbuilding Company's yard in this city soon after noon on Saturday next. The Arkansas and Wyoming, as the new leaders of the American navy will be named, will be 362 feet in length, while the Rivadavia's hull is twenty-three feet longer.  
The Rivadavia's breadth of ninety-eight feet is about five feet more than the beam of the Arkansas type of battleship. The displacement of the Argentine ship will be 27,500 tons, as compared with about 25,000 tons for the American type. Her bunkers will hold 4,000 tons of coal, while those of the American type can carry only 2,500 tons.

N. J. LABOR DIDN'T ENDORSE WILSON Some Things in Governor's Administration Fail to Gain Approval.

CAMDEN, N. J., Aug. 24.—Prior to the adjournment of its thirty-third annual convention, held in this city yesterday, the State Federation of Labor adopted resolutions designed to correct an erroneous published report to the effect that the federation had endorsed the administration of Governor Woodrow Wilson...

GETS EVIDENCE OF KILLING OF MEXICAN

WICHITA, Kan., Aug. 24.—M. L. Tarnen, a local Mexican, sent to Kansas City as a representative of the local Mexican workmen, returned here last night. He reports that J. V. Dorsal, Mexican Consul at Kansas City, has orders to forward all evidence in the case of the killing of G. Legobia in this city last Friday night to the Mexican Government, at Mexico City.

BOY'S TERRIBLE FALL

Pasquale Franks, 5 years, living on the sixth floor of the tenement house at 45 West 11th street with his father, when playing in the hallway yesterday fell through the shaft and sustained a fractured skull. At the Hudson Street Hospital Dr. Orr said the boy probably will die.

LEGAL NOTICE

SUPREME COURT, COUNTY OF NEW YORK, MARY C. MAGUIRE, Plaintiff, against ANNIE GARDNER, Defendant. In pursuance of a judgment of foreclosure and sale, duly made and entered in the above-entitled cause, and in pursuance of the order of the court, the undersigned, the Public Auctioneer, will sell at public auction...

AMERICANS HAVE CULTIVATED PALATES

CHICAGO, Aug. 24.—Acting on the belief that Americans are more discriminating regarding their food than any other nation, the International Stewards' Association in annual session here today is planning the erection of a \$500,000 training school for stewards. Two hundred thousand dollars has already been subscribed.

FARMER HARVESTING WHEAT DAY AND NIGHT

ARGYLE, Minn., Aug. 24.—Eugene La Bine, a Marshall County farmer, is harvesting 500 acres of wheat with one machine, working day and night. The binder is run with eight horses, four to a shift, and a headlight is used at night. The night shift of horses stand the work much better than those used in the heat of the day, and La Bine predicts that night binding will become the custom in the Northwest.

REFORESTATION PLAN

State Wood Plant Trees About 'Charitable' Institutions. ALBANY, Aug. 24.—In co-operation with the State Conservation Commission and the State Department of Agriculture, the fiscal supervisor of State charities, McCarthy, is undertaking the reforestation of waste lands at the State institutions under his jurisdiction.

PARKS AND HALLS. HARLEM RIVER PARK AND CASINO

Headquarters for Labor Unions and other Organizations. G. T. BOAG, General Manager. Labor Lyceum. Labor Temple.

BECOMES THIEF TO BE 'GOOD FELLOW'

Trusted Bookkeeper Gave Toys to Orphans, Money to Needy. According to Richard Packarz, 38 years old, who lives at 1912 83d street, Brooklyn, charity led him to steal. The man was arraigned yesterday before Judge Swann in Part I of General Sessions on an indictment charging grand larceny from his employer, Harris Bros. & Barnett, 546 Broadway, Manhattan, for whom he had been confidential bookkeeper for the last ten years, the latter half of which he had succeeded in getting away with money said to aggregate \$5,200.

WANTS HIS FIREMEN TO BE TEETOTALERS

Commissioner Johnson Gives Some Advice in Trial of Beer Case. Fire Commissioner Joseph Johnson, Jr., who not many years ago was the originator and manager of the Subway Tavern, at Bleecker and Mulberry streets, often called 'The Bishop's Tavern' because Johnson had induced Bishop Potter, of the Episcopal Church, to approve of the scheme, gave one of his firemen a pat on the back yesterday for being a non-drinker, while on the other hand he imposed a fine of five days' pay on Walter J. Hicks, a fireman of Engine 16, for having drunk beer in quarters.

'GET EVEN' WITH TWO SMART YOUNG MEN

PITTSBURG, Aug. 24.—For poking fun at two foreigners at Rankin, a suburb, Harry Morgan, 26 years old, and James Robbins, 24 years old, were given unique punishment early today that almost resulted seriously. Each of the foreigners picked up one of the mermaid carvings in the water and held them under a crowd gathered, but feared to interfere, owing to the foreigners' threats. The foreigners fled when a policeman came in sight, and the two young men were taken from the water in a dozen conditions.

CANNIBALS FEAST ON 3 FRENCH SAILORS

VICTORIA, B. C., Aug. 24.—The joint administration of British and French in the New Hebrides is not working well and a reign of terror prevails in the islands, according to a report made by Bishop Wilson, of Melanesia Adia. According to advices received by the steamship Marama, just arrived from Australia, there have been several massacres and attacks on the missions. An attack on a French trading vessel at Malekula, in the New Hebrides, is reported. Three of the crew were captured and killed. Their bodies were tied to poles and carried up and down the beach for exhibition and later eaten by cannibals.

NEW COMET IS NEARER

GENEVA, N. Y., Aug. 24.—The new comet recently discovered by Dr. William R. Brooks, director of observatory and professor of astronomy, Hobart College, and named by him the Brooks Comet, has become so bright as to be seen with opera glass or small telescope, and will soon be visible to the naked eye. The comet is now in constellation Cygnus, about three degrees north of Alpha, the top star in the northern cross, directly overhead in early evening. The motion is northwest. Dr. Brooks says the comet is coming nearer, and will continue to grow brighter for several weeks.

STRUCK NEW SHOAL

CHATHAM, Mass., Aug. 24.—The British steamship Bisle, from Hull for New York, via Boston, struck a recently formed shoal in Pollock Rip Sine, early today, but the weather being fine, her captain declined assistance from a passing boat in the hope that his vessel would float at high water later in the day. His expectations were realized when the Bisle backed off at noon, and continued on her voyage to New York, apparently uninjured.

SAYS INSURANCE IS INCENTIVE TO ARSON

MILWAUKEE, Aug. 24.—'In this day of conservatism there is no line of endeavor along the lines of preservation that can be more profitably pursued than that of the prevention of fires and the cutting down of the losses caused by them,' said C. A. Palmer, Insurance Commissioner of Michigan, in an address before the national convention of insurance commissioners today, on 'Fire Prevention.' If the question of carelessness could be eliminated entirely as a cause of fire, he had no doubt that the prospective \$300,000,000 of property loss from fire for the present year would be materially reduced. He believed that few of the cases of incendiarism were conceived prior to the placing of insurance on property, and that many criminals are developed through the suggestion of the agent as to the value of property. Closer scrutiny of their agents by companies was suggested in the way of partly correcting the evil.

WILLIAMSBURG FIRE TERROR TO WORKERS

Thousands Flee as Flames Envelope Factories and Rear of Tenements. Lives of scores of workers were endangered yesterday morning in a fire that destroyed two factories in Williamsburg, burned out the rear of a row of three-story frame tenements, throwing the occupants into a panic, caused terror to department store clerks, and frightened pedestrians in the shopping district to such an extent that the police reserves from four precincts had difficulty in handling them. Upon the third alarm Chief Kenlon crossed the river from Manhattan to the scene.

BERGER SHOWED WHAT ONE EARNEST MAN COULD DO

Socialist Representative's Record in Congress Contrasted With Utter Failure of Democrats and Republicans to Do Anything for Labor. (By National Socialist Press.) WASHINGTON, Aug. 24.—Here is the legislative record of Victor L. Berger, the first and only Socialist Representative, during the extra session of Congress, just closed: He introduced bills and resolutions to: Recall the federal troops from the Mexican border. Provide for the calling of a National Constitutional Convention. Investigate the McNamara kidnaping outrage. Abolish the Senate, the President's veto, and the Supreme Court's power to invalidate laws. Erect a postoffice at Waukegan, Wis., which would properly house the workers employed therein. Limit the employment of women in the District of Columbia to eight hours a day and prohibit night work. Amend extradition laws to prevent kidnaping. Provide automobile for official use of District Committee so that it may properly do its work. Prohibit the employment of children under the age of 14 years by the Federal Government. Provide old age pensions for the veterans of industry. Provide for appointment of a commission to investigate the matter of old age pensions. Congress has not acted on any of the foregoing bills. They are all in the committee rooms, excepting the resolution to investigate the McNamara case. This resolution was given a hearing by the Committee on Rules at which considerable testimony was heard. The stenographic report of these hearings has been printed by Congress and Berger has distributed about 3,000 copies of these reports. As a result of these McNamara hearings the Senate Committee on the 'third degree' has also taken up the kidnaping case. It also admits that McNamara's extradition was 'irregular.' All bills received a great deal of publicity in the public press. Especially in this true of Berger's bill against the Senate and for old age pensions. BERGER'S VOTING RECORD. Berger voted for the direct election of Senators by the people and for federal control of these elections. Voted for campaign publicity bill. Voted for the Canadian reciprocity agreement. Voted for Farmers' Free List Bill. Voted to admit Arizona—with its 'recall of the judiciary' clause—and New Mexico. Voted for the reduction of tariff duties on wool and cotton. He made a speech in favor of the Wool Bill and pointed out for the first time in Congress the Socialist position on the tariff. The speech created a sensation. Over 300,000 copies of that speech have already been distributed. Berger also made a short talk on old age pensions. This speech lasted about ten minutes and is preliminary to a speech he expects to deliver at the next session. OTHER ACTIVITIES. The Socialist Representative called President Taft's attention to the case of Engineer Lough, who was unjustly imprisoned in Panama. The President pardoned this workman. Berger appealed to Secretary Nagel, of the Department of Commerce and Labor, to admit into this country Theodore Malkoff, a Russian political refugee, who had been detained at Ellis Island. Nagel granted Berger's request. Letter carriers of several cities complained to Berger that they were compelled to wear uniforms in hot weather. Berger secured an executive order permitting these workers to decide what clothing they shall wear in summer. Berger's office is continually supplying workmen and their organizations information regarding governmental affairs, various official publications, and careful answers to all sorts of requests. A secretary and two stenographers are thus kept busy. The greatest service Berger has rendered to the cause of the working class is that through his prominent position here he was able to give a great deal of publicity to its grievances, and to its demand for industrial emancipation. The Socialist movement has received more publicity in the last four months than in any other period in its history in this country. The workmen have learned even from the capitalist press that Victor L. Berger is their only Representative in Congress.

WANTS HIS FIREMEN TO BE TEETOTALERS

Commissioner Johnson Gives Some Advice in Trial of Beer Case. Fire Commissioner Joseph Johnson, Jr., who not many years ago was the originator and manager of the Subway Tavern, at Bleecker and Mulberry streets, often called 'The Bishop's Tavern' because Johnson had induced Bishop Potter, of the Episcopal Church, to approve of the scheme, gave one of his firemen a pat on the back yesterday for being a non-drinker, while on the other hand he imposed a fine of five days' pay on Walter J. Hicks, a fireman of Engine 16, for having drunk beer in quarters.

As a result of these McNamara hearings the Senate Committee on the 'third degree' has also taken up the kidnaping case. It also admits that McNamara's extradition was 'irregular.' All bills received a great deal of publicity in the public press. Especially in this true of Berger's bill against the Senate and for old age pensions. BERGER'S VOTING RECORD. Berger voted for the direct election of Senators by the people and for federal control of these elections. Voted for campaign publicity bill. Voted for the Canadian reciprocity agreement. Voted for Farmers' Free List Bill. Voted to admit Arizona—with its 'recall of the judiciary' clause—and New Mexico. Voted for the reduction of tariff duties on wool and cotton. He made a speech in favor of the Wool Bill and pointed out for the first time in Congress the Socialist position on the tariff. The speech created a sensation. Over 300,000 copies of that speech have already been distributed. Berger also made a short talk on old age pensions. This speech lasted about ten minutes and is preliminary to a speech he expects to deliver at the next session. OTHER ACTIVITIES. The Socialist Representative called President Taft's attention to the case of Engineer Lough, who was unjustly imprisoned in Panama. The President pardoned this workman. Berger appealed to Secretary Nagel, of the Department of Commerce and Labor, to admit into this country Theodore Malkoff, a Russian political refugee, who had been detained at Ellis Island. Nagel granted Berger's request. Letter carriers of several cities complained to Berger that they were compelled to wear uniforms in hot weather. Berger secured an executive order permitting these workers to decide what clothing they shall wear in summer. Berger's office is continually supplying workmen and their organizations information regarding governmental affairs, various official publications, and careful answers to all sorts of requests. A secretary and two stenographers are thus kept busy. The greatest service Berger has rendered to the cause of the working class is that through his prominent position here he was able to give a great deal of publicity to its grievances, and to its demand for industrial emancipation. The Socialist movement has received more publicity in the last four months than in any other period in its history in this country. The workmen have learned even from the capitalist press that Victor L. Berger is their only Representative in Congress.

BERGER SHOWED WHAT ONE EARNEST MAN COULD DO

Socialist Representative's Record in Congress Contrasted With Utter Failure of Democrats and Republicans to Do Anything for Labor. (By National Socialist Press.) WASHINGTON, Aug. 24.—Here is the legislative record of Victor L. Berger, the first and only Socialist Representative, during the extra session of Congress, just closed: He introduced bills and resolutions to: Recall the federal troops from the Mexican border. Provide for the calling of a National Constitutional Convention. Investigate the McNamara kidnaping outrage. Abolish the Senate, the President's veto, and the Supreme Court's power to invalidate laws. Erect a postoffice at Waukegan, Wis., which would properly house the workers employed therein. Limit the employment of women in the District of Columbia to eight hours a day and prohibit night work. Amend extradition laws to prevent kidnaping. Provide automobile for official use of District Committee so that it may properly do its work. Prohibit the employment of children under the age of 14 years by the Federal Government. Provide old age pensions for the veterans of industry. Provide for appointment of a commission to investigate the matter of old age pensions. Congress has not acted on any of the foregoing bills. They are all in the committee rooms, excepting the resolution to investigate the McNamara case. This resolution was given a hearing by the Committee on Rules at which considerable testimony was heard. The stenographic report of these hearings has been printed by Congress and Berger has distributed about 3,000 copies of these reports. As a result of these McNamara hearings the Senate Committee on the 'third degree' has also taken up the kidnaping case. It also admits that McNamara's extradition was 'irregular.' All bills received a great deal of publicity in the public press. Especially in this true of Berger's bill against the Senate and for old age pensions. BERGER'S VOTING RECORD. Berger voted for the direct election of Senators by the people and for federal control of these elections. Voted for campaign publicity bill. Voted for the Canadian reciprocity agreement. Voted for Farmers' Free List Bill. Voted to admit Arizona—with its 'recall of the judiciary' clause—and New Mexico. Voted for the reduction of tariff duties on wool and cotton. He made a speech in favor of the Wool Bill and pointed out for the first time in Congress the Socialist position on the tariff. The speech created a sensation. Over 300,000 copies of that speech have already been distributed. Berger also made a short talk on old age pensions. # FRENCH OFFER TO GERMANY READY

## Terms of Proposed Settlement of Morocco Dispute Held Secret.

PARIS, Aug. 24.—The maximum terms which France will offer to Germany for the settlement of the Moroccan dispute will be submitted to the full cabinet tomorrow for approval. Meantime they are held in complete secrecy.

The terms have been prepared by Premier Caillaux, M. de Selves, Minister of Foreign Affairs; M. Leboucq, Minister of Finance; and Jules Cambon, the French ambassador to Germany.

Apprehensive persons think France is very near to war. The semi-official communication, which ended with a statement sounding very nearly like an ultimatum, namely, that a satisfactory settlement of the present deadlock will be reached only if France's rights in Morocco are so defined that the question is finally settled without fear of any future controversy.

and, secondly, if Germany reduces her claims regarding the extension of her territory in the Congo, "claims which still seem obviously excessive," has added to the fear that war is threatened.

The anxiety surrounding the whole of the French-German conversation is regarded as ominous, and it is felt on all sides that the country is very near to war. The announcement that the great army maneuvers in September are to be curtailed, one corps taking part in them instead of two "on account of the foot and mouth diseases now prevalent among French cattle," is regarded as highly significant.

The French public is even more skeptical regarding the pretext offered by the British Government of a water shortage for the total abandonment of the maneuvers this year. Both statements are considered to be mere excuses to hide the fact that the armies are being kept ready for instant action.

# THREE SLAIN AS THEY SLEPT, SON ARRESTED

BOONVILLE, Ind., Aug. 24.—Richard Lee, Mrs. Lee and their 17-year-old son Clarence were killed in their beds today and the house set on fire. The house was discovered to be on fire at 4:30 o'clock this morning, and by the time firemen reached it, it was blazing from all sides. Trying to enter they found that all the doors and windows were locked. Breaking down the doors, the firemen found the bodies of Lee, his wife and son. Examination showed that the father and mother had been killed by blows from a hammer while they were asleep. The boy had been shot.

Robbery, it is believed, was the motive. It is known that the Lee family, consisting of the father and mother and two children, had sold a small piece of property and divided up the money between them. The mother and father and younger boy went back to their home in Boonville. The older son, William Lee, who is 21 years old, remained in Newburg and then returned to Boonville after the family had gone to bed.

William Lee was arrested by the Sheriff on the charge of murdering the other members of the family.

# MEASLES IN SAMOA.

Epidemic Costs 219 Deaths in the Islands.

SAN FRANCISCO, Aug. 24.—Advises from Tutuila, Samoa, state that as a result of an epidemic of measles on the islands of American Samoa, 219 deaths have been recorded up to July 23, the mortality from that disease and death directly following it being nearly 10 per cent of the population of the towns from which returns have been received.

It will help you and help you not only to hold what we have built up, but to enlarge the scope of our activity.

The sale of Hats that we took over from the Receiver is still going on.

All \$2 and \$1.50 Hats reduced to \$1.

All Straw Hats in stock reduced to 50 Cents.

# NEW PRESIDENT FOR PORTUGAL

Arriga Elected Head of Republic by 121 Votes, Succeeding Provisional President Braga.

LISBON, Aug. 24.—The Constituent Assembly today elected Senator Arriga President of the republic by 121 votes.

Arriga will assume the duties now resting upon Theophile Braga, who was made Provisional President when the republic was proclaimed on October 15, 1910, following the overthrow of King Manuel.

Elections to the Constituent Assembly were made on May 23 and the Republican party obtained a large majority.

The Assembly met on June 19, and organized with a membership of 192. Two days later Anselmo Bramcamp, President of the Municipal Council of Lisbon, was elected President of the Constituent Assembly.

# CAMORRISTS GATHERED IN CRIMINALS' ROOST

VITERBO, Italy, Aug. 24.—Pellicci, owner of the house occupied by Maria Standardo, which is alleged by the state to have been the resort of criminals, testified today at the Camorra trial that the home was of the worst type.

Pellicci's lawyer, Mazza, corroborated his client and added that when he advised the landlord to turn the women out and to seize her household effects, a mob of ruffians gathered at the place and Maria threatened to have the lawyer assassinated if she was disturbed.

Mazza caused a sensation by asserting that in June, 1900, a short time before the murder of Genaro Cuocolo and his wife and long before a confession and been made by Genaro Abbatezagio, the porter had told him that Maria's home was frequented by Nicolo Morra, one of the alleged assassins. The porter further confided to him that he had seen Morra enter the place on the night of the crime, carrying a bundle.

# ANNOUNCEMENTS.

William Thurston Brown, Director of the Modern School, Portland, Ore., will deliver the following lectures at 6 St. Marks place, under the auspices of the Francisco Ferrer Association: "Isbert's Message to Woman," Sunday, August 27, at 3 p.m.; "Does America Need the Modern School?" Tuesday, August 29, at 8:15 p.m.; "Reform or Revolution? Which?" Thursday, August 31, at 8:15 p.m. Admission, 15 cents.

Favoritism shown by the United States Government to the De la Barra-Madero combine in Mexico in order to down the present revolt there will be denounced at a mass meeting to be held on Union Square tomorrow at 8 p.m. Emma Goldman will be the principal speaker. William Thurston Brown, founder of a Modern School in St. Lake City, Utah; Elizabeth Gurley Flynn, the I. W. agitator who served a term in a Spokane jail for fighting for free speech; J. J. Ector, James Vidal, Dr. Ben Reitman and Arturo N. Giovanniotti will also speak.

# SAVED FROM LYNCING.

Officers Captured Negro Identified as Woman's Assailant.

# ARREST IN MURDER CASE.

MONONGAHELA, Pa., Aug. 24.—August Wentz, aged 35, a butcher, was arrested in the woods at Black Diamond, near here, last night, in connection with the murder of Blanche Reppner, aged 26, on May 31 last. The Reppner woman's head was severed from the body with a butcher knife.

# CHOLERA IN TURKEY.

CONSTANTINOPLE, Aug. 24.—Yesterday's report in regard to the cholera is very favorable compared with previous days. There were only thirteen deaths and twenty-seven new cases.

# SOCIALIST NEWS OF THE DAY

## MEETINGS TODAY

### MANHATTAN AND BRONX.

Open Air Meetings.

Branch 3—10th street and Second avenue, F. Paultsch.

Branch 7—116th street and Lexington avenue, William Karlin.

Branch 9—Tremont and Bathgate avenues, Sol Fieldman.

Branch 10—151st street and St. Nicholas avenue, I. Phillips.

NOON.

Branch 1—Broad and Wall streets, A. Lee.

Russian Open Air Meeting.

The Russian branch will hold an open air meeting tonight at the corner of Avenue B and 3d street.

OTHER MEETINGS.

Branch 11—112 East 19th street, 8:30 p.m.

3d Russian Branch, Harlem—143 East 103d street. All Russian Comrades are invited.

Circle 1, Y. P. S. F.—22 Rutgers street. Very important recommendations from the executive will be considered.

Young Socialist Literary League—143 East 103d street. Talk on "Communist Manifesto by S. Gitlow, recitations, readings, etc. All invited.

Circle 2, Y. P. S. F.

Circle 2 of the Young People's Socialist Federation has resumed its weekly Friday evening meetings at the headquarters of Branch 6. A literary program has been arranged for tonight's meeting, and all members are requested to be present. Among the numbers on the program are discussions on "Competition," "The Attainment of International Peace" and "The Boy Scout Movement." Visitors welcome.

## Bergen County Convention.

A convention of all members of Local Bergen County Socialist party, will be held Saturday evening, August 26, at Abram's Hall, Hudson street, Hackensack (same place as convention of last February). Three candidates for the Assembly are to be nominated, and much other business transacted. A large attendance is desired.

## Minutes State Committee.

The following are the minutes in part of the meeting of the State Committee held at Elizabeth on August 15: Meeting called to order at 2:45 p.m. Gus Theimer, of Elizabeth, in chair, William Glanz and Otto Diedelshagen, of Passaic County; William Asher, of Essex County; and George C. Pullen, of Mercer, were seated as new delegates. Six regular delegates answered roll call, five appearing later.

The International Association of Bridge and Structural Iron Workers sent a vote of thanks to the members of the Socialist party of New Jersey for their good will and donation to the support of the McNamara brothers.

Locals reported as follows: Atlantic City, 15 in good standing, 5 in arrears; Bergen County, 100 in good standing, 7 in arrears; Burlington County, 12 in good standing, 5 in arrears; Camden County, 319 in good standing, 212 in arrears; Essex County, only partial report, but indicating about 400 members; Passaic County, 265 in good standing, 159 in arrears, 17 new; Mercer County, one branch reporting 27 in good standing, 7 new.

## Brooklyn.

Open Air Meetings.

6th A. D., Branch 2—Summer avenue and Stockton street, H. Slavin and J. A. Well.

10th A. D.—Flatbush avenue and State street, H. D. Smith and Bert Kirkman.

13th A. D.—Manhattan avenue and Grand street, J. Jennings and Sol S. Schwartz.

20th A. D., Branch 2—Bushwick avenue and Hancock street, August Claessens.

21st A. D., Branch 1—Division and Harrison avenues, Broadway and Hooper street, William A. Jacobs and I. Polak.

22d A. D., Branch 4—Sutter avenue and Ashford street, Jean J. Coronel and N. Stuppiner.

23d A. D., Branch 2—Metropolitan Saenger Hall, Pitkin avenue and Osborn street, A. Crawford.

NOON.

Navy Yard, Flushing avenue entrance, A. Crawford.

Seventh avenue and 13th street, Jean J. Coronel.

## OTHER MEETINGS.

1st and 2d A. D.—Turn Hall, 351-53 Atlantic avenue, 8:30 p.m. (Meets every Friday).

15th A. D., Branch 1—535 Graham avenue.

16th A. D.—Finnish Hall, 764 40th street.

22d A. D., Branch 1—675 Glenmore avenue.

Russian Branch—Liberty Hall, 143 McKibbin street.

Young Socialists of America—Lithery meeting, Bring your friends, Metropolitan Saenger Hall, Pitkin avenue and Osborn street. Archibald Crawford, of South Africa.

22d A. D., Notice!

Comrades of the 22d A. D., Branch 1, are specially urged to attend their meeting this Friday night, at 675 Glenmore avenue, as matters of importance for a successful campaign will be acted upon: Every member is needed to assist and none should fail. Your negligence will mean so much delay and loss to the movement. Now, all together, Leave your excuses home until after election. This is the time for action.

WM. HARBERS, District Organizer.

## QUEENS.

Queens Naturalization Conference.

A meeting of the Queens Naturalization Conference, for the purpose of completing final plans, will take place tonight at 8 o'clock at the Queens Labor Lyceum, 1647 Hancock street, Evergreen. It is the duty of the delegates to attend. A mimic demonstration will be given. Every one interested is welcome.

## Ridgewood.

Branch Ridgewood No. 1 will hold an open air meeting tonight at the corner of Gates and Onderdonk avenues. Chairman, H. Froelich. Speakers, William Burkle and John G. Hill.

## YONKERS, N. Y.

Fred Bennetts, of Local Yonkers, writes: "Local Yonkers held a very successful outdoor meeting with Comrade Neppell as chairman and Comrade Jacobs as the speaker, and the results were three new members, quite a lot of literature sold and distributed. The local has ordered 2,000 copies of Berger's speech and is engaged in a systematic distribution of party literature. A general discussion of 'Socialism and its Relation to Christianity' will take place on next Tuesday evening at party headquarters. This discussion has in a measure been forced upon us by some of our zealous Catholic friends, who have no doubt been stirred to action by the attitude of the Catholic Church and Catholic societies generally toward our movement. Anyhow, I believe it will prove a very interesting discussion, though perhaps rather too warm for this weather."

## NEW JERSEY.

Elizabeth.

Branch 3 will hold a regular meeting tonight at headquarters, Proctor's Broad Street Theater.

Bergen County Convention.

A convention of all members of Local Bergen County Socialist party, will be held Saturday evening, August 26, at Abram's Hall, Hudson street, Hackensack (same place as convention of last February). Three candidates for the Assembly are to be nominated, and much other business transacted. A large attendance is desired.

## Minutes State Committee.

## Need of Socialist Schools Shown.

Socialist Schools.—Why We Need Them.—Education was originally the privilege of the clergy. Later it was adapted to the rest of the professional class, and, very inadequately, to the business class. It has never answered the needs nor expressed the ideals of the working class. It cannot do so until the working class controls our civilization.

But while a system of education must reflect the ideals of the ruling class, a scientific age should demand any system of education shall give the people the facts about all the classes of society. That is what our present system of education, even in our so-called scientific age, fails to do. It does not teach the great fact of life, industry. It does not teach the importance of the working class and its services to civilization.

## Should Teach Facts.

What They Are.—The Socialist School is the only place where the children of the workers can learn the way in which men have earned a living, the societies and governments that have grown out of each system of industry, and the history of the working class.

The Socialist School is the only place where the children of the working class can learn to know their class and its power. There is no need of a Socialist School to teach Socialist dogma. All the children need is to know the facts.

Given knowledge, they will make their own convictions and their conclusions will be better than ours.

## SILK MERCHANT HELD ON CRIMINAL CHARGE

Max Weinstein, a silk merchant and former president of the Elite Silk Company at 640 Broadway, was before Judge Swann in General Sessions yesterday on a charge of grand larceny. He was committed to the Tombs in default of \$10,000 bail.

The specific complaint on which Weinstein was held was made by Perils, Buhler & Co., of 45 Broome street, who charged that on June 10 last Weinstein obtained merchandise valued at \$1,200 for which he gave the First Bank, Grand street. It was ascertained that at the time of the transaction Weinstein's account in the bank amounted to less than \$25.

On June 12, according to the evidence, Weinstein's place was locked and deserted and two days later a petition in bankruptcy was filed.

August 7. Up to the date of going to press (August 12) he had visited the following places: North Bennington, South Shrawsbury (where he ably assisted in organizing the local), Arlington and East Arlington (where he organized a local of thirteen). At all the places visited Comrade Squier has held outdoor meetings with average attendance of 140.

We have every confidence that Comrade Squier is the best man for the kind of work we want done that we could possibly secure. It is hoped to have him visit all places where we have locals which need help, and all places where we have members at large or known sympathizers. Comrades will give as much notice as possible, and are hereby begged to assist him in every way possible. Comrade Squier is a hustler, a man of all work. It will not be his fault if we do not reap a rich harvest from his labor.—Vermonter Socialist News.

## VERMONT.

Some time ago the National Executive Committee agreed to give Vermont the services of an organizer. All expenses of the work were assumed by the National Office. E. L. Squier, of Jamestown, N. Y., who has done some very successful organizing work for the New York State Committee, began work under the auspices of our State Committee on August 5.

Comrade Squier began work in Bennington County, his first point being North Pownal, which he visited on

# TO PLAN SOCIALIST SCHOOLS FOR N. J.

## State Committee Meets Sunday—Interesting Article by Dr. Maud Thompson.

The New Jersey State Committee on Socialist Schools will meet at party headquarters, Proctor's Broad Street Theater, Elizabeth, next Sunday, August 27, at 2:30 p.m.

Lesson outlines and plans for organization of schools are in course of preparation. Every member of the party who has any ideas on the subject is earnestly requested to attend the meetings, or when that is not possible, to send in suggestions. The plan and course of study should be the work of some half dozen people, but a composite of the best efforts of the entire party in the State.

The value of Socialist schools is well defined by Dr. Maud Thompson in the following article entitled: "What is a Socialist School? Does Your Community Need One?"

Socialism and Education.—The Socialist philosophy implies a whole new system of education. It will be an education fitted to develop workers and thinkers, and not, as now, adapted to one class only. For this present, Socialists can work for this new kind of education only through the established school system. It would be impossible, even if it were desirable, for Socialists to establish institutions to compete with the public schools.

## Dogmatic Schools Not Wanted.

Schools for Dogma.—What we do not want. The question is whether there is a need of a special Socialist education to supplement the general education received by the children in the public schools and at home. For a long time various groups of people have maintained special schools, the parochial school, the Sunday school, the private school, or the leisure class school. It is natural for people to want to hand out their convictions very much as they do their property, to their children. As a result of this custom, most people keep the convictions, political, social or religious, of their fathers, the most useful tool in preserving these traditions of the past has been the special school.

But all the progress of the world has been made by the few who have rejected or modified the convictions received from their fathers. Socialism stands for progress, is based on social evolution, therefore it is clearly illogical for Socialists to found special schools of the old type, schools that shall teach the children to believe as their fathers do.

It would do no good to teach children fatal to the future of Socialism. We might train up bitter fighters, but we would not train rational thinkers who could administer a co-operative commonwealth.

## Need of Socialist Schools Shown.

Socialist Schools.—Why We Need Them.—Education was originally the privilege of the clergy. Later it was adapted to the rest of the professional class, and, very inadequately, to the business class. It has never answered the needs nor expressed the ideals of the working class. It cannot do so until the working class controls our civilization.

But while a system of education must reflect the ideals of the ruling class, a scientific age should demand any system of education shall give the people the facts about all the classes of society. That is what our present system of education, even in our so-called scientific age, fails to do. It does not teach the great fact of life, industry. It does not teach the importance of the working class and its services to civilization.

## Should Teach Facts.

What They Are.—The Socialist School is the only place where the children of the workers can learn the way in which men have earned a living, the societies and governments that have grown out of each system of industry, and the history of the working class.

The Socialist School is the only place where the children of the working class can learn to know their class and its power. There is no need of a Socialist School to teach Socialist dogma. All the children need is to know the facts.

Given knowledge, they will make their own convictions and their conclusions will be better than ours.

## SAYS SEAMAN EXAGGERATED.

Editor of The Call:

Please publish enclosed clipping from the last issue of the Maplewode Herald, which is a correction of the Associated Press reports of the Milwaukee conference. The Press sent out the reports to embroil the party and injure the Milwaukee movement.

G. W. BOSWELL, Maplewode, Mo., Aug. 20, 1911.

The clipping is as follows: "The Associated Press got things twisted as usual in regard to our action at the Milwaukee conference and has imputed language to us which was not used. For the benefit of those who read those reports we wish to state that we are not at variance with the Milwaukee Socialist movement in general, we believe our Milwaukee Comrades are doing noble service in the cause, and we thoroughly agree with them and will back them up. Our difference with W. R. Gaylord and Victor Berger was over party matters which affect the Missouri party only in policy, not in principle."

## PLANS TO DISOLVE.

At 2:30 o'clock this afternoon the counsel for the American Tobacco Trust will present plans for the re-organization of the concern to the United States Circuit Court. These plans will contain methods for the dissolution and reformation of the trust. The aim of this is to avoid another clash with the Sherman Anti-Trust Law.

TUBERCULOSIS, THE DISGRACE OF CIVILIZATION

By DR. EDWIN F. BOWERS.

The modern world is awakening to the realization of two facts: First, that tuberculosis is infectious; second, that its development can be prevented. As to its communicability, the rigorous anti-spitting ordinances and the rigid Board of Health requirements that tuberculosis be reported as must any other infectious or contagious disease, attest our knowledge.

LETTERS TO THE EDITOR

FUNDS PROPERLY DISTRIBUTED
Editor of The Call:
I regret to note the reference to the Red Cross Relief Fund for the victims of the Triangle Waist Company fire at the conclusion of the report on the first page of The Call today.

THOUSANDS WILL WORK FOR CHARLEY

John W. Gates left a fortune that is estimated at from thirty to forty millions of dollars. If the myth of dividing up happened to be a reality, 30,000 persons would be able to grab at least \$1,000 each. But as dividing up does not work in that direction, more than 30,000 are going to give more wealth to fattening and sustaining that \$30,000,000.

A SOCIALIST HOTEL

Ostend is world renowned for its gambling house and its beautiful beach. Fifty years ago a plain fishing village with a hotel or two for travelers from England, it is today one of the most beautiful seaside resorts, and as such the gathering place during the summer months of the representatives of the most highly developed capitalism, with every aspect of luxury carried to an extreme.

SHED FOR ENGLAND

In a Territorial Camp.
My land, and ye who therein dwell
From coast to guarded coast,
Far be't from me my toils to tell,
And farther still to boast;

A PENNSYLVANIAN PREACHES

When the political leaders of Pennsylvania become virtuously indignant they preach vigorously or they act with force. Only a few months ago the legislators at Harrisburg, some of whom have been kept for years by the corporations, and who hope to continue in such unclean employment, were shocked beyond the power of words to describe when they looked at the statues formed for the new Capitol by George Gray Barnard.

PROPAGANDA EXPERTS NEEDED

By W. R. SHIER.
Has your local discovered the best way of propagating Socialism?
Has it discovered the best way of conducting meetings, distributing literature, managing entertainments, raising funds, selling literature, influencing Legislatures, winning the labor unions and simplifying the party platform?

HOW THE CAPITALIST GETS HIS

When the law went into effect giving the employees in New Jersey a certain fixed sum when they are hurt at their work, the capitalist got his. This is how it is done—the small bug that thinks he is a capitalist—say the man who conducts a small machine shop.

THE CHURCH AND SOCIALISM

Editor of The Call:
From a standpoint of policy, timidly or vote catching religion is a ticklish question to discuss. We all know that any neighbor, spouse or friend might take offense at even an impartial talk on this question.

"HE NEVER TOLD A LIE"

I saw him standing in the crowd—
A comely youth and fair;
There was a brightness in his eye,
A glory in his hair.

Various small notices and advertisements at the bottom of the page.
